Debt Instruments not Liabilities of the Originator

The Notes do not represent deposits or other liabilities of AMP Bank Limited or any other member of the AMP Group.

The holding of Notes is subject to investment risk, including possible delays in repayment and loss of income and principal invested.

Neither AMP Bank Limited nor any associate of AMP Bank Limited in any way stands behind the capital value or performance of the Notes or the Assets of the Trust except to the limited extent provided in the Transaction Documents.

None of AMP Bank Limited, the Trustee, the Trust Manager, the Security Trustee, the Servicer, the Originator, the Seller, the Disposing Trustee, the Redraw Facility Provider, the Interest Rate Swap Provider, the Arranger or the Joint Lead Managers (collectively the "**Parties**") guarantees the payment of interest or the repayment of principal due on the Notes.

IMPORTANT NOTICE

This Information Memorandum relates solely to a proposed issue of Class A Notes, Class AB Notes, Class B Notes, Class C Notes and Class D Notes (the "**Notes**") by Perpetual Trustee Company Limited (ABN 42 000 001 007) in its capacity as trustee (the "**Trustee**") of the Progress 2018-1 Trust (the "**Trust**").

This Information Memorandum does not relate to, and is not relevant for, any purpose other than to assist the recipient to decide whether to proceed with a further investigation of the Notes. Without limitation, while this Information Memorandum contains information relating to the Class A-R Notes and the Redraw Notes, the Class A-R Notes and the Redraw Notes are not being offered for issue, nor are applications for the issue of the Class A-R Notes or the Redraw Notes being invited, by this Information Memorandum.

It is only a summary of the terms and conditions of the Notes and does not purport to contain all the information a person considering investing in the Notes may require. The definitive terms and conditions of the Notes and the Trust are contained in the Transaction Documents, which should be reviewed by any intending purchaser. If there is any inconsistency between this Information Memorandum and the Transaction Documents, the Transaction Documents should be regarded as containing the definitive information. A copy of the Transaction Documents may be viewed by intending purchasers at the office of the Trust Manager referred to in the Directory at the back of this Information Memorandum and at such other office as may be reasonably requested by an intending purchaser and agreed by the Trust Manager.

This Information Memorandum is not, and should not be construed as, an offer or invitation to any person to subscribe for or purchase the Notes, and must not be relied upon by intending purchasers of the Notes.

Terms and Definitions

References in this Information Memorandum to various parties and documents are explained in Section 1 and 17. Unless defined elsewhere, all other terms used in this Information Memorandum are defined in the Glossary of Terms in Section 18.

Responsibility for Information

The Trust Manager has requested and authorised the distribution of this Information Memorandum and has sole responsibility for its accuracy.

None of AMP Bank Limited (ABN 15 081 596 009) (the "**Originator**", the "**Seller**" the "**Servicer**", the "**Interest Rate Swap Provider**" and the "**Redraw Facility Provider**"), the Trustee, P.T. Limited (ABN 67 004 454 666) (the "**Security Trustee**"), Perpetual Trustee Company Limited as trustee of the Progress Warehouse Trust No. 3 (the "**Disposing Trustee**"), Westpac Banking Corporation (ABN 33 007 457 141) (the "**Arranger**" and a "**Joint Lead Manager**"), MUFG Securities EMEA plc (ARBN 612 776 299) (established as a public limited company under the laws of England and Wales), Deutsche Bank AG, Sydney Branch (ABN 13 064 165 162), Macquarie Bank Limited (ABN 46 008 583 542), and National Australia Bank Limited (ABN 12 004 044 937) (each a "**Joint Lead Manager**") or any of their respective Related Parties or Associates (each as defined in the Corporations Act), or any external adviser to any of the foregoing makes any representation or warranty, express or implied, as to, nor assumes any responsibility or liability for, the authenticity, origin, validity, accuracy or completeness of, or any errors or omissions in, any information, statement, opinion or forecast contained in this Information Memorandum or any previous, accompanying or subsequent material or presentation.

Except for having checked their respective names and addresses in the Directory at the back of this Information Memorandum and Section 11 in respect of the Originator, none of the Originator, the Servicer, the Seller, the Trustee, the Security Trustee, the Disposing Trustee, the Redraw Facility Provider, the Arranger and the Joint Lead Managers have authorised, been involved in the preparation of, caused the issue of, or have any responsibility for, any part of this Information Memorandum.

MUFG Securities EMEA plc, Westpac Banking Corporation, Deutsche Bank AG, Sydney Branch, Macquarie Bank Limited and National Australia Bank Limited (in any capacity) have no responsibility to or liability for and do not owe any duty to any person who purchases or intends to purchase Notes in respect of this transaction, including without limitation in respect of the preparation and due execution of the Transaction Documents.

No recipient of this Information Memorandum can assume that any person referred to in it has conducted any investigation or due diligence concerning, or has carried out or will carry out any independent audit of, or has independently verified or will verify, the information contained in this Information Memorandum.

Preparation Date

This Information Memorandum has been prepared based on information available and facts and circumstances known to the Trust Manager as at 28 June 2018 (the "**Preparation Date**").

The delivery of this Information Memorandum, or any offer or issue of Notes, at any time after the Preparation Date does not imply, nor should it be relied upon as a representation or warranty, that:

- (a) there has been no change since the Preparation Date in the affairs or financial condition of the Trust, the Trustee, the Trust Manager or any other party named in this Information Memorandum; or
- (b) the information contained in this Information Memorandum is correct at such later time.

No one undertakes to review the financial condition or affairs of the Trustee or the Trust at any time or to keep a recipient of this Information Memorandum or Note Holder informed of changes in, or matters arising or coming to their attention which may affect, anything referred to in this Information Memorandum.

Neither the Trust Manager nor any other person accepts any responsibility to purchasers of the Notes or intending purchasers of the Notes to update this Information Memorandum after the Preparation Date with regard to information or circumstances which come to its attention after the Preparation Date.

It should not be assumed that the information contained in this Information Memorandum is necessarily accurate or complete in the context of any offer to subscribe for or an invitation to subscribe for or buy any of the Notes at any time after the Preparation Date, even if this Information Memorandum is circulated in conjunction with the offer or invitation.

Authorised Material

No person is authorised to give any information or to make any representation which is not expressly contained in or consistent with this Information Memorandum and any information or representation not contained in this Information Memorandum must not be relied upon as having been authorised by or on behalf of the Trust Manager.

Intending Purchasers to make Independent Investment Decision

This Information Memorandum is not intended to be, and does not constitute, a recommendation by the Originator, the Servicer, the Trust Manager, the Trustee, a Disposing Trustee, the Redraw Facility Provider, the Security Trustee, the Arranger or the Joint Lead Managers that any person subscribe for or purchase any Notes. Accordingly, any person contemplating the subscription or purchase of the Notes must:

- (a) make their own independent investigation of:
 - (i) the terms of the Notes, including reviewing the Transaction Documents; and

-
- (ii) the financial condition, affairs and creditworthiness of the Trust and the Parties, after taking all appropriate advice from qualified professional persons; and
- (b) base any investment decision on the investigation and advice referred to in paragraph (a) and not on this Information Memorandum.

None of the Originator, the Servicer, the Seller, the Trust Manager, the Trustee, the Security Trustee, the Disposing Trustee, the Redraw Facility Provider, the Interest Rate Swap Provider, the Arranger or the Joint Lead Managers or their respective Related Parties or Associates (each as defined in the Corporations Act) guarantees the payment or repayment of any moneys owing to Note Holders or any interest or principal in respect of the Notes, nor do they make any statement (including, without limitation, any representation) with respect to income tax or other taxation consequences of any investment in or holding of Notes or the receipt of any amounts thereunder.

Capital Requirements Regulation

Article 405 of the CRR and Article 51 of the AIFMR (as may be implemented with or without change of any relevant state of the European Economic Area) restrict European-Union regulated credit institutions from investing in a securitisation unless the originator, sponsor or original lender in respect of that securitisation has explicitly disclosed to the credit institution that it will retain, on an ongoing basis, a net economic interest of not less than 5 per cent in that securitisation in the manner contemplated by Article 405. In this respect, AMP Bank Limited intends to retain a net economic interest in this transaction in accordance with the requirements of Article 405 and Article 51. For further information please see Section 2.30.

Offering restrictions

This Information Memorandum is not a "Product Disclosure Statement" for the purposes of Chapter 7 of the Corporations Act and is not required to be lodged with the Australian Securities and Investment Commission under the Corporations Act as each offer for the issue, and invitation to apply for the issue, and any offer for sale of, and any invitation for offers to purchase, the Notes and to a person under this Information Memorandum:

- (a) will be for a minimum amount payable, by each person on acceptance of the offer or application (as the case may be) of at least A\$500,000 (calculated in accordance with both section 708(9) of the Corporations Act and regulation 7.1.18 of the Corporations Regulations 2001 (Cth)); or
- (b) does not otherwise require disclosure to investors under Parts 6D.2 or 7.9 of the Corporations Act and is not made to a Retail Client.

The distribution of this Information Memorandum and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Parties do not represent that this document may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any application, registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Parties which would permit a public offering of any Notes or distribution of this Information Memorandum in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Information Memorandum nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Information Memorandum or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Information Memorandum and the offer and sale of Notes in Australia (see Section 16 ("**Subscription and Sale**")).

Limited Recovery

The liability of the Trustee to make payments in respect of the Notes is limited to its right of indemnity from the Assets of the Trust. Except in the case of, and to the extent that the Trustee's right of indemnification against Assets of the Trust is reduced as a result of fraud, negligence or wilful default (as further described in Section 7.1(h)), no rights may be enforced against the personal assets of the Trustee by any person and no proceedings may be brought against the Trustee except to the extent of the Trustee's right of indemnity and reimbursement out of the Assets of the Trust. Other than in the exception previously mentioned, the personal assets of the Trustee are not available to meet payments of interest or principal on the Notes.

The liability of the Trustee is limited in the manner set out in Section 7.1(h). Furthermore, the liability of the Security Trustee is limited in the manner set out in Sections 2.12 and 8.5.

Disclosure

Each of AMP Bank Limited (in any capacity), the Arranger and the Joint Lead Managers (each a "**Transaction Party**") discloses that, in addition to the arrangements and interests, each Transaction Party will or may have with respect to the Trust Manager, a Disposing Trustee, AMP Bank Limited (in any capacity) and Perpetual Trustee Company Limited (in its capacity as trustee of the Trust) (together, the "**Group**") as described in this Information Memorandum (the "**Transaction Document Interests**"), each Transaction Party and each of their respective Related Entities and employees:

- (a) may from time to time be a Noteholder or have other interests with respect to the Notes and they may also have interests relating to other arrangements with respect to a Noteholder or a Note; and
- (b) may receive fees, brokerage and commissions or other benefits, and act as principal with respect to any dealing with respect to any Notes,

(the "**Note Interests**").

Each purchaser of Notes acknowledges these disclosures and further acknowledges and agrees that:

- (i) each of the Transaction Parties and each of their Related Entities and employees (each a "**Relevant Entity**") will have the Transaction Document Interests and may from time to time have the Note Interests and is, and from time to time may be, involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research (the "**Other Transactions**") in various capacities in respect of any member of the Group or any other person, both on the Relevant Entity's own account and for the account of other persons (the "**Other Transaction Interests**");
- (ii) each Relevant Entity in the course of its business (whether with respect to the Transaction Document Interests, the Note Interests, the Other Transaction Interests or otherwise) may act independently of any other Relevant Entity;
- (iii) to the maximum extent permitted by applicable law the duties of each Relevant Entity in respect of the Notes are limited to the contractual obligations of the Transaction Parties to relevant members of the Group as set out in the Transaction Documents and, in particular, no Relevant Entity owes advisory (except as expressly set out in the Transaction Documents) or (except in the case of the Trustee and the Security Trustee in accordance with the Transaction Documents) fiduciary duty to any person;
- (iv) a Relevant Entity may have or come into possession of information not contained in this Information Memorandum that may be relevant to any decision by a potential investor to

acquire the Notes and which may or may not be publicly available to potential investors (“**Relevant Information**”);

- (v) to the maximum extent permitted by applicable law, no Relevant Entity is under any obligation to disclose any Relevant Information to any member of the Group or to any potential investor and this Information Memorandum and any subsequent conduct by a Relevant Entity should not be construed as implying that the Relevant Entity is not in possession of such Relevant Information; and
- (vi) each Relevant Entity may have various potential and actual conflicts of interest arising in the course of its business, including in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests. For example, the exercise of rights against a member of the Group arising from the Transaction Document Interests (for example, by a dealer, an arranger, an interest rate swap provider or a liquidity facility provider) or from an Other Transaction may affect the ability of the Group member to perform its obligations in respect of the Notes. In addition, the existence of a Transaction Document Interest or Other Transaction Interest may affect how a Relevant Entity in another capacity (for example, as a Noteholder) may seek to exercise any rights it may have in that capacity. These interests may conflict with the interests of the Group or a Noteholder, and the Group or a Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, a Relevant Entity is not restricted from entering into, performing or enforcing its rights in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests and may otherwise continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders or the Group, and the Relevant Entities may in so doing act without notice to, and without regard to, the interests of any such person.

Offshore Associates not to acquire the Notes

Notes must be issued in accordance with certain prescribed conditions set out in section 128F of the Australian Tax Act to ensure that interest and other amounts paid on those Notes will not be subject to Australian interest withholding tax. One of the prescribed conditions is that the Issuer must not know or have reasonable grounds to suspect that a Note, or an interest in a Note, was being, or would later be, acquired directly or indirectly by "**Offshore Associates**" (as defined in Section 14 below) of the Trustee as the Issuer, other than in the capacity of a dealer, manager or underwriter in relation to the placement of the relevant Notes, or a clearing house, custodian, funds manager or responsible entity of a registered scheme. The purchase by an Offshore Associate of any Notes could, unless an exception applies, result in the entire issue failing the public offer test in section 128F of the Australian Tax Act. Accordingly, the Notes must not be acquired by any Offshore Associate of the Trustee as the Issuer, unless an exception applies (see Section 14 below). For these purposes, an Offshore Associate of the Trustee is defined broadly and includes, but is not limited to, any entity that benefits, or is capable of benefiting under, the Trust (a "Beneficiary"), either directly or indirectly through interposed entities, and any entity that is an associate of a Beneficiary. Any investor who believes that it may be affiliated with or related to any of the above-mentioned entities or who otherwise believes it may be an Offshore Associate of the Trustee, should make appropriate enquiries before investing in any Notes.

The Joint Lead Managers have undertaken not to offer any Notes issued by the Trustee if any officers, employees or agents of the Joint Lead Managers involved in making the offer, invitation or sale knew, or has reasonable grounds to suspect, that the Note or an interest in the Note was being or would be acquired by an Offshore Associate of the Trustee.

Australian Financial Services Licence

Perpetual Trustee Company Limited has obtained an Australian financial services licence under part 7.6 of the Corporations Act (Australian financial services licence No. 236643). Perpetual Trustee Company

Limited has appointed P.T. Limited to act as its authorised representative under that licence (Authorised Representative No. 266797).

Debt Instruments not Liabilities of the Arranger or Joint Lead Managers

The Notes do not represent deposits or other liabilities of Deutsche Bank AG, Sydney Branch, Macquarie Bank Limited, MUFG Securities EMEA plc, National Australia Bank Limited or Westpac Banking Corporation (in each case, in any capacity) or any of their respective Associates.

Repo-eligibility

An application will be made by the Trust Manager to the Reserve Bank of Australia ("**RBA**") to have the Class A Notes and the Class AB Notes classified as eligible securities for the purpose of repurchase agreements with the RBA ("**repo-eligibility**").

The RBA has published new criteria for repo-eligibility which applied from 15 August 2017. If the Trust Manager is unable to provide the relevant prescribed information to the RBA at the time of seeking repo-eligibility, or at any time during the term of the Class A Notes or Class AB Notes (as the case may be) as required by the RBA, then the Class A Notes or Class AB Notes (as the case may be) may not be, or may cease to be, repo-eligible (as the case may be).

No assurance can be made that the application (if any) by the Trust Manager for repo-eligibility in respect of the Class A Notes and Class AB Notes (whether made before or after the new criteria are implemented by the RBA) will be successful, or that the Class A Notes or Class AB Notes will continue to be repo-eligible even if they are eligible in relation to their initial issue. If Class A Notes and Class AB Notes are repo-eligible at any time, Noteholders should be aware that relevant disclosures may be made by the Trust Manager to investors and potential investors in Class A Notes and Class AB Notes from time to time in such form as determined by the Trust Manager as it sees fit.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MIFID II**"); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, known as the "**Insurance Mediation Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MIFID II; or (iii) not a qualified investor as defined in the prospectus directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPS Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

-----------------------------------	---

1.2 Description of the Notes

<i>General Information</i>	<p>The Trustee will issue multi-class, mortgage backed, secured, limited recourse, amortising, floating rate debt securities, part or all representing the "Notes". The Notes may be redeemed by the Trustee on a Call Option Date in accordance with the Call Option.</p> <p>The Notes are issued with the benefit of, and subject to, the Master Trust Deed, the Series Notice, the Master Security Trust Deed and the General Security Deed.</p>
<i>Classes of Notes</i>	<p>The following five separate classes of Notes will initially be issued by the Trustee:</p> <ul style="list-style-type: none"> (a) Class A Notes; (b) Class AB Notes; (c) Class B Notes; (d) Class C Notes; and (e) Class D Notes. <p>The Trust Manager may direct the Trustee to issue Class A-R Notes after the Closing Date in the circumstances provided in Section 6.3(w).</p> <p>The Trust Manager may also direct the Trustee from time to time to issue Redraw Notes.</p> <p>The Notes within a class rank pari passu with each other in respect of the payment of Coupon and repayment of principal both before and after the occurrence of an Event of Default and enforcement of the Security. For further detail, see Sections 1.3 and 1.4.</p>
<i>Rating</i>	<p>It is a condition precedent to the issue of the Notes that each Designated Rating Agency confirms that, upon issue, the Class A Notes will be rated "Aaa(sf)" by Moody's and "AAA(sf)" by S&P, the Class AB Notes will be rated "AAA(sf)" by S&P, the Class B Notes will be rated "AA(sf)" by S&P, the Class C Notes will be rated "A(sf)" by S&P and</p>

	<p>the Class D Notes will not be rated.</p> <p>It is a condition precedent to each issue of the Redraw Notes that such issue will not have an Adverse Rating Effect.</p> <p>The rating of the Notes should be evaluated independently from similar ratings on other types of notes or securities. A rating is not a recommendation to buy, sell or hold securities, nor does it comment as to principal prepayments, market price or the suitability of securities for particular investors. A rating may be changed, suspended or withdrawn at any time by the relevant Designated Rating Agency.</p>
<i>Use of Proceeds</i>	On the Closing Date, the proceeds of the issue of the Notes (after establishing the Liquidity Reserve Account) will be applied by the Trustee towards acquiring Mortgage Loans and their Related Securities.
<i>Initial Invested Amount of the Notes</i>	<p>The aggregate Initial Invested Amount of the Notes is A\$1,000,000,000.</p> <p>The aggregate Initial Invested Amount of:</p> <ul style="list-style-type: none"> (a) the Class A Notes is A\$920,000,000; (b) the Class AB Notes is A\$54,500,000; (c) the Class B Notes is A\$15,000,000; (d) the Class C Notes is A\$9,300,000; and (e) the Class D Notes is A\$1,200,000.
<i>Issue Price</i>	The Notes will be issued at par.
<i>Additional Notes</i>	No further Class A Notes, Class AB Notes, Class B Notes, Class C Notes or Class D Notes may be issued after the initial issue. Subject to certain conditions, Redraw Notes may be issued by the Trustee at the direction of the Trust Manager from time to time. The Trust Manager may also direct the Trustee to issue Class A-R Notes after the Closing Date in the circumstances provided in Section 6.3(w).
<i>Pricing Date</i>	22 June 2018.
<i>Closing Date</i>	28 June 2018, or such other date as the Trust Manager, Trustee and the Joint Lead Managers agree.

<i>Business Day Convention</i>	The Modified Following Business Day Convention will apply to all dates on which payments are due to be made.
<i>Call Option</i>	<p>The Trustee must, if so directed by the Trust Manager (and at the election of the Trust Manager), redeem all, and not some only, of the Notes on a Call Option Date by not more than 40 nor less than 30 Business Days notice.</p> <p>The Trust Manager must not direct the Trustee to so redeem Notes unless either:</p> <p>(a) the Notes will be redeemed by the Trustee at the Invested Amount of such Notes plus any accrued and unpaid interest at that time; or</p> <p>(b) where the Notes will be redeemed for an amount less than that set out in paragraph (a), an Extraordinary Resolution of the Note Holders has been obtained in respect of such redemption.</p>
<i>Call Option Date</i>	A Call Option Date will be each Payment Date on which the aggregate Unpaid Balance of the Mortgage Loans, expressed as a percentage of the aggregate Unpaid Balance of the Mortgage Loans at the Closing Date, is equal to or less than 10%.
<i>Class A Refinancing Date</i>	The Class A Refinancing Date means the Payment Date in February 2024 and every Payment Date after that date on which there are Class A Notes outstanding.
<i>Final Maturity Date</i>	The Final Maturity Date of all Notes will be the Payment Date occurring in June 2049.
<i>Payment Date</i>	The 11 th day of each month commencing on 13 August 2018, subject to the Modified Following Business Day Convention.
<i>Determination Date</i>	Three Business Days before each Payment Date.
<i>Collection Period</i>	Collection Period means the period from (and including) the first day of a month up to (and including) the last day of that month provided that the first Collection Period will commence on (and include) the Closing Date and end on (and include) the last day of the month immediately preceding the first Payment Date.
<i>Cut-Off Date</i>	1 June 2018

<i>Denomination</i>	The Notes will be issued in denominations of A\$1,000. The Notes will be issued in minimum parcels of A\$500,000.
<i>Register of Note Holders</i>	The Trustee must keep an up-to-date register of Note Holders. The Trustee must enter the names and addresses of the Note Holders in the register together with additional information as required under the Master Trust Deed and the Series Notice.
<i>Austraclear</i>	Following issue, it is intended that the Notes will be lodged with Austraclear.
<i>Selling restrictions</i>	The offering, sale and delivery of the Notes and the distribution of this Information Memorandum and other material in relation to the Notes, are subject to restrictions as may apply in any jurisdiction in connection with the offering and sale of the Notes. See Section 16 (" Subscription and Sale ") below.
<i>Section 128F</i>	The Trustee intends to issue the Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.
<i>Listing</i>	The Trust Manager may, in its sole discretion, apply for listing of all or any Classes of Notes on the ASX.

1.3 Coupon on the Notes

<i>Coupon Rate</i>	<p>The Coupon Rate in respect of a Class A Note and for a Coupon Period will be equal to the aggregate of:</p> <ul style="list-style-type: none"> (a) the Bank Bill Rate as at the first day of that Coupon Period; (b) the Margin for the Class A Note; and (c) if the Coupon Period commences on or after the first Class A Refinancing Date, the Step Up Margin for the Class A Note.
---------------------------	---

	<p>The Coupon Rate in respect of a class of Notes (other than a Class A Note) and for a Coupon Period will be equal to the aggregate of:</p> <ul style="list-style-type: none"> (a) the Bank Bill Rate as at the first day of that Coupon Period; (b) the Margin for that class of Notes; and (c) if the Coupon Period commences on or after the first Call Option Date, the Step Up Margin for that class of Notes (if any). <p>The first Coupon Rate for each class of Notes will be set on the Closing Date and will be equal to the Bank Bill Rate for the first Coupon Period plus the relevant Margin for that class of Notes.</p>
<i>Coupon Period</i>	The period commencing on (and including) a Payment Date and ending on (but excluding) the next Payment Date, except that the first Coupon Period will commence on (and include) the Closing Date and end on (but exclude) the first Payment Date.
<i>Margin</i>	<p>The Margin applicable to the Class A Notes will be 1.12% per annum.</p> <p>The Margin applicable to the Class A-R Notes (if issued) will be the margin as determined under Section 6.3(w).</p> <p>The Margin applicable to the Class AB Notes will be 1.60% per annum.</p> <p>The Margin applicable to the Class B Notes will be 1.80% per annum.</p> <p>The Margin applicable to the Class C Notes will be 2.60% per annum.</p> <p>The Margin applicable to the Class D Notes will be 5.80% per annum.</p>
<i>Step Up Margin</i>	<p>The Step Up Margin applicable to the Class A Notes and the Class A-R Notes (if issued) will be 0.25% per annum.</p> <p>There will be no Step Up Margin for, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes or the Redraw Notes.</p>
<i>Coupon Payments</i>	Coupon on the Notes is payable in arrears on each Payment Date.

<i>Calculation of Coupon on a Payment Date</i>	<p>Coupon for each Note will be calculated for each Coupon Period based on:</p> <p>(a) the Coupon Rate for that class of Notes for that Coupon Period; multiplied by</p> <p>(b) the:</p> <p>(i) subject to paragraph (ii) below, Invested Amount for that Note (or in the case of the Class B Notes, Class C Notes and Class D Notes only, the relevant Stated Amount) on the first day of that Coupon Period; or</p> <p>(ii) Stated Amount for that Note if the Stated Amount for that Note is zero; multiplied by</p> <p>(c) the number of actual days in that Coupon Period, divided by 365,</p> <p>rounded to the nearest cent.</p>
<i>Entitlement to Coupon</i>	<p>Coupon will only be paid on a Payment Date to Note Holders whose names appear in the Register of Note Holders as at 5.00pm (Sydney time) on the Determination Date prior to that Payment Date.</p>
<i>No Overdue or Default Interest</i>	<p>No overdue or default interest is payable on any Coupon which is not paid in full on the relevant Payment Date.</p>
<i>Stated Amount Reduced to Zero</i>	<p>Coupon will accrue on the Stated Amount of a Note while the Stated Amount in respect of that Note is reduced to zero.</p>

<p><i>Payment of Coupon</i></p>	<p>Both before and after the occurrence of an Event of Default and enforcement of the Security, in respect of the payment of Coupon:</p> <ul style="list-style-type: none"> (a) the Class A Notes or the Class A-R Notes (if any) rank pari passu amongst themselves and ahead of the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes; (b) the Class AB Notes rank after the Class A Notes or the Class A-R Notes (if any) and ahead of the Class B Notes, the Class C Notes and the Class D Notes; (c) the Class B Notes rank after the Class A Notes or the Class A-R Notes (if any) and the Class AB Notes and ahead of the Class C Notes and the Class D Notes; (d) the Class C Notes rank after the Class A Notes or the Class A-R Notes (if any), the Class AB Notes and the Class B Notes and ahead of the Class D Notes; and (e) the Class D Notes rank after the Class A Notes or the Class A-R Notes (if any), the Class AB Notes, the Class B Notes and the Class C Notes, <p>in order of payment.</p> <p>If any Redraw Notes are issued, they will rank pari passu with the Class A Notes or the Class A-R Notes (if any) and ahead of the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes for payment of Coupon both before and after the occurrence of an Event of Default and enforcement of the Security.</p>

	<p>Notes or the Class A-R Notes (if any) and ahead of the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes for the repayment of principal.</p> <p>See Section 6.3 for more information.</p>
<i>Redraw Notes</i>	<p>The Trust Manager must not direct the Trustee to issue Redraw Notes:</p> <ul style="list-style-type: none"> (a) unless the Trust Manager determines that there is a Redraw Shortfall; (b) unless the Trust Manager has notified the Designated Rating Agencies of the proposed issue of Redraw Notes and the Trust Manager determines that the issue of such Redraw Notes will not have an Adverse Rating Effect; (c) if the Aggregate Stated Amount of the Class D Notes is less than the Aggregate Invested Amount of the Class D Notes; and (d) there are no amounts available to be drawn under the Redraw Facility Agreement.
<i>Entitlement to Principal</i>	<p>Principal will only be paid on a Payment Date to Note Holders whose names appear in the Register of Note Holders at 5:00pm (Sydney time) on the Determination Date prior to that Payment Date.</p>
<i>Event of Default</i>	<p>After the occurrence of an Event of Default and enforcement of the Security, amounts available for repayments under the Notes will be applied in accordance with the Master Security Trust Deed and the Series Notice (see Section 6.3 for more information).</p>

1.5 The Trust and Assets of the Trust

<i>Trust</i>	<p>A trust known as the Progress 2018-1 Trust (the "Trust") will be constituted upon the execution of the Notice of Creation of Trust.</p> <p>The trustee of the Trust will be the Trustee. The initial holder of:</p> <ul style="list-style-type: none"> (a) nine Residual Capital Units is the Originator; and (b) one Residual Capital Unit is AMP Foundation Income Beneficiary Pty Limited. <p>The initial holder of the Residual Income Unit of the Trust will be the Originator.</p>
<i>Trust Manager</i>	<p>On and from the date of the Series Notice, the Trust Manager is appointed, and agrees to act, as the trust manager of the Trust.</p>
<i>Acquisition of Mortgage Loans</i>	<p>On the Closing Date, the proceeds of the issue of the Notes (after establishing the Liquidity Reserve Account) will be applied by the Trustee towards acquiring, from the Disposing Trustee and the Seller, Mortgage Loans and the Related Securities which satisfy the Eligibility Criteria. In relation to the Mortgage Loans being acquired from a Disposing Trustee, those Mortgage Loans were initially acquired by that Disposing Trustee from the Originator by way of equitable assignment.</p>
<i>Mortgage Loans must meet Eligibility Criteria</i>	<p>All Mortgage Loans to be acquired by the Trust must meet the Eligibility Criteria as at the Cut-Off Date.</p>
<i>Mortgage Loan Servicing</i>	<p>On and from the date of execution of the Series Notice, the Originator is appointed, and agrees to act, as the Servicer of the Mortgage Loans and the Related Securities held by the Trust for the purposes of the Master Trust Deed and the Series Notice.</p>

1.6 Interest Rate Risk Management

<i>Interest Rates on the Mortgage Loans</i>	<p>The Trustee will receive interest on the Mortgage Loans as a mixture of:</p> <ul style="list-style-type: none"> (a) variable administered rates, set at the direction of the Servicer in its discretion; and (b) fixed rates, selected periodically at the
---	---

	request of Debtors for continuous periods of up to 5 years and further periods of up to 5 years each if agreed by the Servicer.
Swap Arrangements	<p>In order to hedge the cashflows in relation to the Mortgage Loans, the Trustee will enter into:</p> <ul style="list-style-type: none"> (a) the Fixed Swap with the Fixed Swap Provider under the Interest Rate Swap Agreement; and (b) the Basis Swap with the Basis Swap Provider under the Interest Rate Swap Agreement, <p>under which the Trustee will pay to the relevant Interest Rate Swap Provider an amount calculated by reference to the applicable interest rate of the relevant Mortgage Loans and receive from the relevant Interest Rate Swap Provider an amount calculated by reference to the Bank Bill Rate and a margin. See Section 10 for more details.</p> <p>Special provisions will apply in the event that the Fixed Swap Provider is downgraded (see Section 10.7).</p> <p>Special provisions will also apply in the event that the Basis Swap is terminated.</p>

1.7 Credit Support

Summary	<p>The holders of the Class A Notes or the Class A-R Notes (if any) have the benefit of 6 levels of credit support:</p> <ul style="list-style-type: none"> (a) the Mortgage Insurance Policy in respect of each Mortgage Loan (which will comprise either a primary insurance policy or a pool insurance policy in respect of the Mortgage Loan); (b) the application of Excess Available Income to meet Losses in respect of the Mortgage Loans; (c) the subordination of payments in respect of the Class D Notes; (d) the subordination of payments in respect of the Class C Notes; (e) the subordination of payments in respect of the Class B Notes; and

	<p>(g) the subordination of payments in respect of the Class AB Notes.</p> <p>The holders of the Class AB Notes have the benefit of 5 levels of credit support:</p> <p>(a) the Mortgage Insurance Policy in respect of each Mortgage Loan (which will comprise either a primary insurance policy or a pool insurance policy in respect of the Mortgage Loan);</p> <p>(b) the application of Excess Available Income to meet Losses in respect of the Mortgage Loans;</p> <p>(c) the subordination of payments in respect of the Class D Notes;</p> <p>(d) the subordination of payments in respect of the Class C Notes; and</p> <p>(e) the subordination of payments in respect of the Class B Notes.</p> <p>The holders of the Class B Notes have the benefit of 4 levels of credit support:</p> <p>(a) the Mortgage Insurance Policy in respect of each Mortgage Loan (which will comprise either a primary insurance policy or a pool insurance policy in respect of the Mortgage Loan);</p> <p>(b) the application of Excess Available Income to meet Losses in respect of the Mortgage Loans;</p> <p>(c) the subordination of payments in respect of the Class D Notes; and</p> <p>(d) the subordination of payments in respect of the Class C Notes.</p> <p>The holders of the Class C Notes have the benefit of 3 levels of credit support:</p> <p>(a) the Mortgage Insurance Policy in respect of each Mortgage Loan (which will comprise either a primary insurance policy or a pool insurance policy in respect of the Mortgage Loan);</p> <p>(b) the application of Excess Available Income to meet Losses in respect of the Mortgage Loans; and</p>
--	--

	<p>(c) the subordination of payments in respect of the Class D Notes.</p> <p>The holders of the Class D Notes have the benefit of 2 levels of credit support:</p> <p>(a) the Mortgage Insurance Policy in respect of each Mortgage Loan (which will comprise either a primary insurance policy or a pool insurance policy in respect of the Mortgage Loan); and</p> <p>(b) the application of Excess Available Income to meet Losses in respect of the Mortgage Loans.</p>
<p><i>Mortgage Insurance Policies</i></p>	<p>The Eligibility Criteria require that each Mortgage Loan must be covered by a Mortgage Insurance Policy. See Section 13 for more information.</p> <p>Subject to the terms of the Mortgage Insurance Policies, the Trustee will be covered against principal losses and interest losses on the Mortgage Loans and against Enforcement Expenses.</p>
<p><i>Excess Available Income</i></p>	<p>Excess Available Income will be applied, to the extent available, to restore Losses.</p> <p>Losses not restored by Excess Available Income will be "charged off" and will be aggregated with any non-restored Charge-Off from previous periods, being the Carryover Charge-Off.</p> <p>Excess Available Income not required to be applied on a Payment Date to restore Losses or any Carryover Charge-Off from the preceding Collection Period or to pay certain other expenses will be paid to the Residual Income Unitholder on that Payment Date and will not be available to restore future Losses.</p>
<p><i>Subordination of Class AB Notes, Class B Notes, Class C Notes and Class D Notes</i></p>	<p>The Charge-Off will be applied initially towards reducing the Stated Amount of the Class D Notes to zero. When the Stated Amount of the Class D Notes has been reduced to zero the Stated Amount of the Class C Notes will then be reduced by any remaining Charge-Off. When the Stated Amount of the Class C Notes has been reduced to zero the Stated Amount of the Class B Notes will then be reduced by any remaining Charge-Off. When the Stated Amount of the Class B Notes has been reduced to zero the Stated Amount of the Class AB Notes will then be reduced by any remaining Charge-Off. Only when the Stated Amount of the Class AB Notes has been reduced to zero will the</p>

	Stated Amount of the Class A Notes or the Class A-R Notes (if any) be reduced pari passu by any remaining Charge-Off.

1.8 Income Support

<i>Principal Draws</i>	If, on a Determination Date, the Payment Shortfall exceeds the Excess Draw available for distribution on the immediately following Payment Date, the Total Available Principal received by the Trustee during the relevant Collection Period, to the extent available, will be applied in making Principal Draws to fund Reserve Shortfalls.
<i>Liquidity Draws</i>	If, on a Determination Date, there is a Liquidity Shortfall, then the Trust Manager must direct the Trustee to withdraw from the Liquidity Reserve Account an amount equal, to the extent possible, to that shortfall.
<i>Threshold Rate</i>	<p>On each Payment Date, the Trust Manager must calculate the Threshold Rate. The Threshold Rate is equal to the minimum weighted average interest rate required to be paid on all the Mortgage Loans which will ensure that the Trustee will have sufficient funds available to it to make all Required Payments from time to time (assuming that all parties comply with their obligations under such documents and the Mortgage Loans and taking into account Fixed Interest Rate Term Loans and moneys held in authorised investments where the yield is determined externally and not by the Servicer).</p> <p>If the Basis Swap is terminated, the Trustee and the Trust Manager must either enter into a replacement swap on terms and with a counterparty as notified to each Designated Rating Agency by the Trust Manager and which the Trust Manager determines will not result in an Adverse Rating Effect, enter into such other arrangements as notified to each Designated Rating Agency by the Trust Manager and which the Trust Manager determines will not result in an Adverse Rating Effect or ensure that the Servicer sets the weighted average interest rate on the Mortgage Loans to at least equal to the Threshold Rate.</p>
<i>Excess Draws</i>	If on a Determination Date, there is an Excess Payment Shortfall then the Trust Manager must direct the Trustee to withdraw from the Excess Reserve on the Payment Date following that Determination Date, an amount equal to the lesser

	<p>of:</p> <ul style="list-style-type: none"> (a) the Excess Payment Shortfall; and (b) the balance of the Excess Reserve at that time.
<p><i>Income Reserve</i></p>	<p>On or prior to the first Payment Date, the Originator must deposit the Income Reserve Target Balance (being \$150,000) (which will form part of the Income Reserve) into the Collection Account.</p> <p>The Income Reserve must be held in the Collection Account and the Trust Manager must not direct the Trustee to withdraw such an amount other than:</p> <ul style="list-style-type: none"> (a) on a Payment Date to be applied as Available Income, an amount equal to outstanding Extraordinary Expenses as at the end of the immediately preceding Collection Period which would be outstanding on that Payment Date after application of Section 6.3(i) on that Payment Date, assuming that: <ul style="list-style-type: none"> (i) only Available Income was to be applied on that Payment Date; (ii) such Available Income did not include any amounts applied from the Income Reserve; and (iii) all Expenses other than Extraordinary Expenses were paid before Extraordinary Expenses; (b) to pay the Originator in accordance with the order of payment following an Event of Default and enforcement of the Security; (c) to be paid into a new or additional Collection Account opened in accordance with the Master Trust Deed; (d) to pay the Originator once the Invested Amount of all Class D Notes has been reduced to zero; or (e) to pay the Originator on the Final Maturity Date.

1.9 Miscellaneous

<i>Collection Account</i>	<p>The Trustee must as soon as reasonably practicable following the constitution of the Trust:</p> <ul style="list-style-type: none">(a) establish the AMP Collection Account; and(b) establish the Eligible Bank Collection Account.
<i>Payments into Collection Account</i>	<p>The Series Notice requires that all payments received by or on behalf of the Trustee be paid periodically into either the AMP Collection Account or the Eligible Bank Collection Account, or in certain circumstances, only the Eligible Bank Collection Account.</p>
<i>Master Security Trust Deed</i>	<p>The Note Holders and other Secured Creditors of the Trust will have the benefit of a fixed and floating charge over the Assets of the Trust granted by the Trustee in favour of the Security Trustee under the General Security Deed and the Master Security Trust Deed.</p>
<i>Fees and Expenses</i>	<p>Fees payable to the Trustee may be negotiated by the Trustee and the Trust Manager from time to time.</p>

2. Certain Special Risks

The purchase, and subsequent holding of the Notes, is not free from risk. The Trust Manager believes that the risks described below are some of the principal risks inherent in the transaction for Note Holders and that the discussion in relation to the Notes indicates some of the possible implications for Note Holders. However, the inability of the Trustee to meet a payment on the Notes may occur for other reasons and the Trust Manager does not in any way represent that the description of the risks outlined below is exhaustive. It is only a summary of some particular risks. There can be no assurance that the structural protection available to Note Holders will be sufficient to ensure that a payment or distribution of a payment is made on a timely or full basis. Prospective investors should read the Transaction Documents and the detailed information set out elsewhere in this Information Memorandum and make their own independent investigation and seek their own independent advice as to the potential risks involved in purchasing and holding the Notes.

2.1 Limited Recourse

The Trustee will issue the Notes in its capacity as trustee of the Trust and will be entitled to be indemnified out of the Assets of the Trust for all payments of interest and principal in respect of the Notes. A Note Holder's recourse against the Trustee with respect to the Notes is limited to the amount by which the Trustee is indemnified from the Assets of the Trust. Except in the case of, and to the extent that a liability is not satisfied because the Trustee's right of indemnification out of the Assets of the Trust is reduced as a result of, fraud, negligence or wilful default (as further described in Section 7.1(h)), no rights may be enforced against the Trustee by any person and no proceedings may be brought against the Trustee except to the extent of the Trustee's right of indemnity and reimbursement out of the Assets of the Trust. Except in those limited circumstances, the assets of the Trustee in its personal capacity are not available to meet payments of interest or principal in respect of the Notes. The limitation of the Trustee's liability is described more fully in Section 7.1(h).

If the Trustee is denied indemnification from the Assets of the Trust, the Security Trustee will be entitled to enforce the General Security Deed and apply the Assets of the Trust which are charged in favour of the Security Trustee for the benefit of the Secured Creditors of the Trust (including the Note Holders). The Security Trustee may incur costs in enforcing the Security, with respect to which the Security Trustee will be entitled to indemnification. Any such indemnification will reduce the amounts available to pay interest on and repay principal of the Notes.

2.2 Limited Assets

The Assets of the Trust include the Mortgage Loans and Related Securities and the benefit of certain insurance policies.

If the Assets of the Trust are not sufficient to make payments of interest or principal in respect of the Notes in accordance with the Cashflow Allocation Methodology, then payments to Note Holders will be reduced.

If Losses in respect of Mortgage Loans occur, the following circumstances may result:

- (a) first, the Excess Available Income may not be sufficient, after making the payments to be made in priority thereto, to be applied against such Losses with the result that the Stated Amount of the Notes would be reduced;
- (b) secondly, the Trustee may be unable to redeem the Notes at their Invested Amount or the Note Holders may receive by way of principal repayment less than the Invested Amount of the Notes on their Final Maturity Date unless, prior to such

Final Maturity Date, the Excess Available Income is sufficient, after making other payments to be made in priority thereto, where applicable, to be applied to reinstate the Stated Amount of the Notes back to their Invested Amount.

The rights of the Secured Creditors as beneficiaries under the Master Security Trust Deed and the General Security Deed are restricted. In particular, the Secured Creditors have only limited rights with respect to the direction and removal of the Trust Manager, the Trustee and the Security Trustee, and the winding up of the Trust.

2.3 Secondary Market Risk

There is currently no secondary market for the Notes. There is no assurance that any secondary market will develop or, if one does develop, that it will provide liquidity of investment or will continue for the life of the Notes. No assurance can be given that it will be possible to effect a sale of the Notes, nor can any assurance be given that, if a sale takes place, it will not be at a discount to the acquisition price.

2.4 Prepayment Considerations

An amount from the principal collections in respect of the Mortgage Loans is expected to be repaid to Note Holders on each Payment Date and such amount will reduce the principal balance of the Notes.

There is no guarantee as to the rate at which principal will be passed through to Note Holders and the actual date by which the Notes will be repaid cannot be precisely determined.

Principal collections will consist of specified amounts received by the Trustee, including without limitation:

- (a) principal component of scheduled payments;
- (b) partial or full prepayments;
- (c) the proceeds of a sale of Mortgage Loans in accordance with the Transaction Documents;
- (d) the proceeds of Mortgage Insurance Policies as they relate to principal;
- (e) repurchase amounts or indemnity amounts received from the Originator; and
- (f) proceeds from the enforcement of a Mortgage Loan.

These principal collections will first be used to fund Reserve Shortfalls and then utilised to fund Redraws by Debtors and to repay Redraw Notes (if any). If Principal Collections are used to fund Reserve Shortfalls, then Principal Collections may be reimbursed in subsequent periods from Debtors paying unpaid amounts, claims on Mortgage Insurance Policies or from applications of Excess Available Income.

The rate at which the Mortgage Loans may repay or prepay principal is influenced by a range of economic, social and other factors including:

- (a) the level of interest rates applicable to the Mortgage Loans relative to prevailing interest rates in the market;
- (b) the default rate of Debtors under the Mortgage Loans;

-
- (c) demographic and social factors such as unemployment, death, divorce and changes in employment of Debtors;
 - (d) the rate at which Debtors sell or refinance their Properties;
 - (e) the degree of seasoning of the Mortgage Loans;
 - (f) the LVR in the Properties at the time of origination of the relevant Mortgage Loans; and
 - (g) any variations, in accordance with the Servicing Procedures, to the terms of the relevant Loan Agreements.

Other factors which could result in early repayment of principal to Note Holders include:

- (a) exercise of the Call Option on a Call Option Date;
- (b) receipt of proceeds of enforcement of the Master Security Trust Deed and the General Security Deed prior to the Final Maturity Date of the Notes; or
- (c) receipt from the Originator of an amount equal to the aggregate Unpaid Balance of any Mortgage Loan in respect of which the Originator makes a further advance (excluding a Redraw). See Section 4.7 for further details.

2.5 Breach of representation or warranty

The Disposing Trustee and AMP Bank Limited as Servicer and Seller will make certain representations and warranties to the Trustee in relation to the Mortgage Loans to be assigned by it to the Trustee. The Originator will confirm to the Trustee the accuracy of certain representations and warranties previously made by the Originator to a Disposing Trustee in relation to the Mortgage Loans previously assigned by the Originator to that Disposing Trustee. The Trustee has not investigated or made any enquiries regarding the accuracy of those representations and warranties. There is no guarantee that any of AMP Bank Limited (as Servicer and Seller), the Originator and the Disposing Trustee will have the financial capability to meet its obligations with respect to any breach of such representations and warranties if required to do so.

Refer to Sections 4.4, 4.5 and 4.6 for further details in respect of the representations which will be made or confirmed.

2.6 Reinvestment Risk

If a prepayment is received on a Mortgage Loan during a Collection Period then, to the extent that it is not applied towards funding Redraws at any time, interest at the then rate on the Mortgage Loan will cease to accrue on that part of the Mortgage Loan prepaid from the date of the prepayment.

The amount repaid will be deposited into the Collection Account or invested in Authorised Investments until the next Payment Date, and may earn interest at a rate less than the then rate on the Mortgage Loan. Interest will, however, continue to be payable in respect of the Invested Amount of the Notes (or in respect of the relevant Stated Amount in the case of the Class B Notes, the Class C Notes and the Class D Notes) until the next Payment Date. Accordingly, this may affect the ability of the Trustee to pay interest in full on the Notes. The Trustee has access to Principal Draws and the amounts available from the Liquidity Reserve Account to finance such shortfalls.

2.7 Delinquency/Default Risk

The failure by Debtors to make payments on the Mortgage Loans when due may ultimately result in the Trustee having insufficient funds available to it to make full payments of interest and principal to the Note Holders.

The Trustee's ability to pay interest and to repay principal in respect of the Notes is limited to:

- (a) the Collections in respect of the Mortgage Loans, including payments under Mortgage Insurance Policies and any Other Income;
- (b) the amount available from the Liquidity Reserve Account; and
- (c) any net settlement payable to the Trustee under the Interest Rate Swaps.

Accordingly, the performance of the Debtors under the Mortgage Loans and the performance of each relevant provider under the Mortgage Insurance Policies and the Interest Rate Swaps will have a key impact on such payments in terms of both the timeliness of the payments to the Note Holders and the amount of such payments.

A wide variety of factors of legal, economic, political or other nature could affect the performance of Debtors in making payments of interest and principal under the Mortgage Loans. If the Australian economy were to experience a downturn, an increase in unemployment, an increase in interest rates, a fall in property values or any combination of these factors, delinquencies or losses on the Mortgage Loans might increase, which might cause losses on the Notes. In particular, if interest rates increase significantly, Debtors may experience distress and increased default rates on the Mortgage Loans may result. In addition, in some circumstances, a court may order a Mortgage Loan to be varied on the grounds of hardship. Prospective Note Holders should make their own assessment of the likely performance of the Mortgage Loans having regard to the information in this Information Memorandum and the Transaction Documents. Refer in particular to Section 4.

If a Debtor defaults on payments under a Mortgage Loan (including any bullet repayments of principal) and the Servicer, on behalf of the Trustee, enforces the Mortgage Loan and takes possession of the relevant Property, many factors may affect the price at which the Property is sold and the length of time taken to complete that sale. Any delay or loss incurred in this process may affect the ability of the Trustee to make payments, and the timing of those payments, in respect of the Notes, notwithstanding any amounts that may be claimed under the Insurance Policies or be available from the Liquidity Reserve Account.

2.8 Mortgage Insurance Risk

The liability of a Mortgage Insurer is governed by the terms of the relevant Mortgage Insurance Policy, which contains certain exclusions that may allow that Mortgage Insurer to reduce a claim or terminate mortgage insurance cover in respect of a Mortgage Loan in certain circumstances. Any such reduction or termination may affect the ability of the Trustee to pay principal and interest on the Notes. The exclusions and conditions differ between the Mortgage Insurance Policies.

The rating of the Notes may be adversely affected in the event that a Mortgage Insurer is downgraded by either Designated Rating Agency.

There is no guarantee that a Mortgage Insurer will promptly make payment under any Mortgage Insurance Policy or that the Mortgage Insurer will have the necessary financial capacity to make any such payment at the relevant time.

Substantial delays could be encountered in connection with the enforcement of a Mortgage Loan or Mortgage and result in shortfalls in distributions to Note Holders to the extent not covered by a Mortgage Insurance Policy or if the relevant Mortgage Insurer fails to perform its obligations. Further, enforcement expenses such as legal fees, real estate taxes and maintenance and preservation expenses (to the extent not covered by a Mortgage Insurance Policy) will reduce the net amounts recoverable by the Trustee from an enforced Mortgage Loan or Mortgage. In the event that any of the Properties fail to provide adequate security for the relevant Mortgage Loan, Note Holders could experience a loss to the extent the loss was not covered by a Mortgage Insurance Policy or if the relevant Mortgage Insurer failed to perform its obligations under the relevant Mortgage Insurance Policy.

The Mortgage Insurance Policies are explained in more detail in Section 13.

2.9 Equitable Assignment

The lender of record of the Mortgage Loans is the Originator or a Permitted Originator.

Approximately 100% of the Mortgage Loans which will be transferred to the Trust on the Closing Date were previously equitably assigned to a Disposing Trust by the Originator. The Mortgage Loans specified in a Receivables Transfer Direction will be transferred to the Trustee upon acceptance in writing by the Trustee and on payment by the Trustee, in its capacity as trustee of the Trust, of the relevant Purchase Price to that Disposing Trustee as trustee of the relevant Disposing Trust. If such acceptance occurs there will be a transfer of the Mortgage Loans to the Trustee and from the Closing Date the Trustee will be entitled to receive all Collections in respect of the Mortgage Loans.

No Mortgage Loans will be equitably assigned by the Seller to the Trust on the Closing Date pursuant to a Sale Notice on payment by the Trustee, in its capacity as trustee of the Trust, of the relevant Purchase Price to the Seller.

If a Title Perfection Event occurs, the Trustee and the Trust Manager must take such steps as are necessary to protect the Trustee's legal title to, and interest in, the Mortgage Loans. Until such time, the Trustee is not permitted to notify Debtors of the equitable assignment of the Mortgage Loans to the Trustee. Generally, the Trustee will also not be entitled to lodge a caveat to protect its equitable interest. To this end, the Trustee will be given powers of attorney by the Originator to help protect its interests.

The delay in the notification to a Debtor of the assignment of the Mortgage Loans to the Trustee may have the following consequences:

- (a) until a Debtor has notice of the assignment, the Debtor is not bound to make payments under the Mortgage Loan to anyone other than the Originator the lender of record and can obtain a valid discharge from that entity;
- (b) for so long as the Trustee holds only an equitable interest in the Mortgage Loans, the Trustee's interest in them may become subject to the interests of third parties created after the creation of the Trustee's equitable interest but prior to it acquiring a legal interest; and
- (c) for so long as the Trustee holds only an equitable interest in the Mortgage Loans, it must join the Originator as a party to any legal action against any Debtor in relation to the enforcement of any Mortgage Loans.

2.10 Call Option

There is no assurance that the Assets of the Trustee will be sufficient to redeem the Notes on a Call Option Date or that the Trust Manager will exercise its discretion and direct the Trustee to redeem the Notes on a Call Option Date. See Section 1.2.

2.11 Termination of Appointment of Trust Manager or the Servicer

The appointment of each of the Trust Manager and the Servicer may be terminated in certain circumstances which are outlined in Section 7. If the appointment of either of them is terminated (including because of financial difficulties that may impede or prohibit the performance of its relevant obligations), a substitute will need to be found to perform the relevant role for the Trust. The appointment of a substitute will not have effect until the Trust Manager has notified each Designated Rating Agency and the Trust Manager determines that such appointment will not result in an Adverse Rating Effect and the substitute has executed a deed under which it agrees to be bound by the Master Trust Deed and the Series Notice. There is no guarantee that such a substitute will be found or that the substitute will be able to perform its duties with the same level of skill and competence.

In addition, before AMP Bank Limited as Servicer remits Collections to the Collection Account, the Collections may be commingled with the assets of AMP Bank Limited. Although those Collections will be held by AMP Bank Limited on trust for the Trustee, the laws governing priorities in relation to those Collections is complex and so if AMP Bank Limited becomes insolvent, the Trustee may only be able to claim those Collections as an unsecured creditor of AMP Bank Limited in AMP Bank Limited's insolvency. This could lead to a failure to receive the Collection on the Mortgage Loans, delays in receiving the Collections or losses to Noteholders.

2.12 Master Security Trust Deed

If an Event of Default occurs under the Master Security Trust Deed and the General Security Deed while any Notes are outstanding, the Security Trustee must, if directed to do so by an Extraordinary Resolution of the Voting Secured Creditors, enforce the security interest granted under the General Security Deed in accordance with the terms of the Master Security Trust Deed and the General Security Deed. That enforcement may include the sale of the Assets of the Trust.

Following the enforcement of the General Security Deed and sale of the Assets of the Trust, the Security Trustee will be required to apply moneys otherwise available for distribution in the order of priority set out in the Cashflow Allocation Methodology. No assurance can be given that the Security Trustee will be in a position to sell the Assets of the Trust for an amount equal to the then outstanding amount under the Mortgage Loans held in the Trust. Accordingly, the Security Trustee may not be able to realise the full value of the underlying Mortgage Loans.

The moneys available to the Security Trustee for distribution may not be sufficient to satisfy in full the claims of all or any of the Secured Creditors and this may have an impact upon the Trustee's ability to repay all amounts outstanding in relation to the Notes.

Neither the Security Trustee nor the Trustee will have any liability to the Secured Creditors in respect of any such deficiency.

2.13 Nature of Security

Under the Master Security Trust Deed and the General Security Deed, the Trustee grants a charge over all the Assets of the Trust in favour of the Security Trustee to secure the payment

of moneys owing to creditors of the Trust, including, among others, the Note Holders, the Trust Manager, the Servicer, the Redraw Facility Provider and the Interest Rate Swap Provider.

To the extent that the Assets of the Trust are “personal property” as defined in the PPSA, the security interest takes effect either as:

- (a) a security interest over circulating assets (as defined in the PPSA): the assets may circulate, changing from time to time. The Trustee is allowed to deal with those assets in the ordinary course of its business and to give third parties title to those assets free from any encumbrance; or
- (b) a security interest in relation to restricted assets (non-circulating assets). Subject to the PPSA, the restrictions in relation to restricted assets generally prevent the Trustee from dealing with these assets (including for example, the Trustee will not be allowed to dispose of these assets, or change the nature of the collateral or vary any interest in the collateral) otherwise than as permitted by the Transaction Documents in relation to the Trust or with the Security Trustee’s consent. Circulating assets become restricted assets (so that the Trustee ceases to have the ability to deal with the assets as described above) upon the Security Trustee notifying the Trustee to this effect. The Security Trustee may only give this notice in the circumstances specified in the General Security Deed.

2.14 Ratings

The credit ratings of the Notes should be evaluated independently from similar ratings on other types of notes or securities. A credit rating by a Designated Rating Agency is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, qualification or withdrawal at any time by the relevant Designated Rating Agency. A revision, suspension, qualification or withdrawal of the credit rating of the Notes may adversely affect the price of the Notes. In addition, the credit ratings of the Notes do not address the expected timing of principal repayments under the Notes, only the likelihood that principal will be received no later than the Final Maturity Date. No Designated Rating Agency has been involved in the preparation of this Information Memorandum.

2.15 The National Credit Code

The National Credit Code regulates the conduct of credit providers including contractual disclosure, fees, charges and interest, ongoing disclosure, contract variation and enforcement.

Under the National Credit Code:

- (a) ASIC or a Debtor or guarantor of a regulated Mortgage Loan may have the right to apply to a court to, amongst other things:
 - (i) vary a Mortgage Loan on the grounds of hardship or vary a Mortgage Loan Guarantee or Mortgage on the grounds that it is unjust;
 - (ii) annul or reduce any:
 - A. interest rate change;
 - B. establishment fee;
 - C. early termination fee; or
 - D. fee or charge for prepayment of an amount,

payable on a Mortgage Loan and the court may make such an order or ancillary or consequential order if the court is satisfied that the change, fee or charge is unconscionable;

- (iii) obtain restitution or compensation from the Trustee in relation to any breach of the National Credit Code; or
 - (iv) obtain an order for a civil penalty where their Mortgage Loan breaches certain key requirements of the Consumer Credit Legislation. The amount of the penalty will depend on who brings the application, the nature of the breach and the type of Mortgage Loan, but for some Mortgage Loans in some situations it could be a maximum amount equal to all interest charges payable under the contract from the date it was made (although the amount of the penalty may be greater if the Debtor or guarantor satisfies the court that he or she has suffered a loss). If an application for a civil penalty is made by a Borrower or guarantor, any civil penalty awarded may be set off against any amount due under the Mortgage Loan,
- (b) certain provisions of a Mortgage Loan, Mortgage or guarantee which are in breach of the legislation may be unenforceable and amounts paid in respect of such provision may be recovered;

This may affect the timing or amount of principal repayments under the relevant Mortgage Loan which may in turn affect the timing or amount of payment of interest or principal repayments under the Notes.

In addition, if a Title Perfection Event occurs, the Trustee will be subject to the penalties and compensation provisions under the National Credit Code. To the extent that the Trustee is unable to claim damages from the Originator or the Servicer where the Trustee suffers a loss in connection with a breach of the National Credit Code, the Assets of the Trust will be applied to indemnify the Trustee in priority to any payments in respect of the Notes.

2.16 Australian Consumer Law

Unfair Terms

Subdivision BA of Division 2 of the Australian Securities and Investments Act 2001 (Cth) sets out an unfair contract terms regime whereby a term of a standard-form consumer contract will be unfair, and therefore void, if it causes a significant imbalance in the parties' rights and obligations under the contract, is not reasonably necessary to protect the supplier's legitimate interests and it would cause detriment to a party if applied or relied on.

This regime will apply to the Mortgage Loans, Mortgages and guarantees in the Trust which were entered into after the regime commenced. It will also apply to Mortgage Loans, Mortgages and guarantees entered into before the regime commenced if such Mortgage Loans, Mortgages or guarantees were or are varied on or after commencement of the regime, but only in relation to the terms as varied in relation to conduct that occurs after the variation.

From 12 November 2016, similar protections applied to the entry into of, or relevant amendments to, small business contracts, being contracts:

- (a) for the supply of goods or services or the sale or grant of an interest in land;
- (b) where at least one of the parties employs less than 20 people, including casual employees employed on a regular and systematic basis; and

-
- (c) where the upfront price payable under the contract is no more than \$300,000, or \$1,000,000 if the contract is for more than 12 months.

National Consumer Credit Protection Act 2009 (NCCP Act)

The NCCP Act regulates a wide range of participants in the credit industry, including credit providers, finance brokers and other intermediaries. Amongst other things, the NCCP Act:

- (a) requires credit providers and certain other persons engaging in "credit activities" to register to have an Australian Credit Licence ("ACL") (unless they fall within the exception). The definition of "credit activities" is broad and captures a range of activities relating to consumer credit contracts and consumer leases;
- (b) aims to protect consumers from being offered or entering into loans that are "unsuitable" for them, by imposing responsible lending requirements on ACL holders and others. These responsible lending requirements, in particular, have come under increased focus during the last 2 or so years. This is evidenced by, amongst other things, recent Federal Court decisions, regulatory guidance from the Australian Securities and Investments Commission (ASIC) and action which ASIC has taken against licensees, including issuing infringement notices. The practical effect of this focus, among other things, is that the interpretation of, and/or guidance in relation to, these obligations can change, particularly in respect of whether the steps taken by a credit licensee are sufficient to comply with its responsible lending obligations;
- (c) imposes certain disclosure obligations on ACL holders and others;
- (d) transfers responsibility for enforcement and supervision to ASIC and gives ASIC broad powers to enforce the legislation. In particular, ASIC has the power (which had not previously existed) to bring representative actions in relation to interest rate changes, early termination fees and prepayment charges on the grounds that they are unconscionable (this power will arise in relation to purchased Mortgage Loans which were originated under and regulated by the superseded consumer credit legislation);
- (e) provides consumers with access to certain remedies; and
- (f) imposes civil and criminal penalties for certain breaches of the legislation.

The application of the NCCP Act and/or the unfair contracts terms regime with respect to the Mortgage Loans may affect the services of an entity, or its ability to collect funds, in relation to these consumer credit arrangements and ultimately this may result in a delay or decrease in the amounts a Note Holder receives.

2.17 Geographic Concentration of Mortgage Loans

As at the Cut-Off Date, approximately 65.18% (by balance outstanding) of Mortgage Loans will be secured by Properties located in New South Wales and Victoria.

New South Wales and Victoria are the largest states in Australia by population.

To the extent that these regions experience weaker economic conditions in the future, this may increase the likelihood of Debtors with Mortgage Loans in these regions missing scheduled instalments or defaulting on those Mortgage Loans. In such circumstances, the values of the Properties in those regions may also fall, leading to the possibility of a loss in the event of enforcement.

None of the Trustee, the Trust Manager or the Servicer can quantify whether there has been a decline in the value of Properties since the settlement of the Mortgage Loans or the extent to which there may be a decline in the value of Properties in the future.

2.18 Ability to Change Mortgage Loan Features

The Trust Manager may initiate certain changes to the Mortgage Loans or a Debtor may request a change to certain features of a Mortgage Loan. Most frequently, there will be a change to the interest rate applying to a Mortgage Loan. In addition, subject to certain conditions, the Trust Manager may from time to time offer additional features and/or products with respect to the Mortgage Loans.

As a result of such changes, the characteristics of the Mortgage Loans as of the Cut-Off Date may differ from the characteristics of the Mortgage Loans at any other time. If the features of the Mortgage Loans change, this could result in different rates of principal repayment on the Notes than initially anticipated in certain of the circumstances described above in Section 2.4.

2.19 Interest Rates

As at the Cut-Off Date, approximately 94.66% (by balance outstanding) of Mortgage Loans were subject to a discretionary variable rate. This rate may be adjusted from time to time by the Servicer on behalf of the Trustee. The Trustee will enter into the Basis Swap to hedge the basis risk between the variable interest rate applicable on the Mortgage Loans bearing interest at a variable rate and the floating rate obligations of the Trustee under the Notes.

Debtors have the ability to request the Servicer at any time to fix the interest rate payable under any Mortgage Loan for an initial period of up to 5 years and a further period of up to 5 years if agreed by the Servicer. The Trustee will enter into the Fixed Swap to hedge the basis risk between the fixed interest rate applicable on the Mortgage Loans bearing a fixed rate of interest and the floating rate obligations of the Trustee under the Notes.

2.20 Information Memorandum responsibility

Except as otherwise specified in this Information Memorandum, the Trust Manager takes responsibility for this Information Memorandum, not the Trustee. As a result, in the event that a person suffers loss due to any such information contained in this Information Memorandum being inaccurate or misleading, or omitting a material matter or thing, that person will not have recourse to the Trustee or the Assets of the Trust.

2.21 Termination of the Fixed Swap

Under the Fixed Swap, the Trustee will exchange the interest payments from any Mortgage Loan bearing interest at a fixed rate for variable rate payments based on the Bank Bill Rate. If the Fixed Swap is terminated, in whole or in part, or the Fixed Swap Provider fails to perform its obligations (including because of financial difficulties that may impede or prohibit the performance of its relevant obligations), Note Holders will be exposed to the risk that the floating rate of interest payable with respect to the Notes will be greater than the fixed rate on the Mortgage Loans bearing interest at a fixed rate.

If the Fixed Swap terminates, in whole or in part, before its scheduled termination date, a termination payment by either the Trustee or the Fixed Swap Provider may be payable. A termination payment could be substantial. Any termination payment owing by the Trustee to the Fixed Swap Provider will be payable out of the Assets of the Trust and will have a lower priority than payments of interest on the Notes (if the Trustee has not received the corresponding amount under the Mortgage Loan, the prepayment of which gave rise to the

termination of the Fixed Swap) or ahead of the payment of interest on the Notes (if the Trustee has received the corresponding amount under the relevant Mortgage Loan).

2.22 Australian Taxation

A summary of certain material tax issues are set out in Section 14. See Section 14 for further details.

2.23 Goods and Services Tax

The goods and services tax ("**GST**") in Australia may have an impact on the cost of goods, services and other things acquired by the Trust.

GST is payable by all entities that make taxable supplies in Australia. Some service providers (including the Trustee in its personal capacity) will be liable to pay GST on their supplies to the Trust and will charge additional amounts to the Trust because of the service provider's liability for GST. To the extent that the Trust cannot claim a full input tax credit or reduced input tax credit for its acquisitions of supplies on which service providers are liable for GST, the expenses of the Trust will increase and the Trust will have less funds available for distribution. See Section 14.3 for an outline of GST and the Trust.

2.24 Taxation of the Trust's Income

The Trustee is entitled under current tax laws to deduct, against the Trust's income, all expenses incurred by it in deriving that income (including interest paid or accrued on account of the Notes). It is anticipated that there should not be any income of the Trust as at the end of each of the Trust's tax years in respect of which the Trustee could be personally liable for income tax (but rather the taxable income of the Trust is intended to be allocated to, and taxed in the hands of, the Residual Income Unitholder of the Trust). Accordingly the taxation of the Trust's income should not result in a decrease in the funds available to the Trust to make payments on the Notes.

2.25 Interest Withholding Tax

There will not be any deduction on payments of interest under the Notes on account of interest withholding tax, where the holder of the Note is an Australian resident or a non-resident that holds the Notes through a permanent establishment in Australia.

Interest withholding tax will be deducted on payments of interest under the Notes to any person who is an Australian resident that holds the Notes through a permanent establishment outside Australia or a non-resident holder of a Note (other than a non-Australian resident that holds the Notes through a permanent establishment in Australia) unless the Notes are offered, and interest is paid from time to time, in a manner which satisfies the exemption from interest withholding tax contained in section 128F of the Australian Tax Act or another exemption applies (e.g. an exemption under a double tax convention). The Trustee intends to issue the Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act. Nevertheless, the Trustee is not required to gross up payments it makes to a holder of a Note to compensate for any interest withholding tax that is withheld (see Section 14 for further information).

2.26 FATCA

Under sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**"), a 30% withholding ("**FATCA withholding**") may be required if (i)(A) an investor does not provide information sufficient for the Trust, the Trustee or any other non-U.S. financial institution ("**FFI**") through which payments on the Notes are made to determine the

Noteholder's status under FATCA, or (B) an FFI to or through which payments on the Notes are made is a "non-participating FFI"; and (ii) the Notes are treated as debt for U.S. federal income tax purposes and the payment is made in respect of Notes issued or modified after the date that is six months after the date on which final regulations defining the term "foreign passthru payment" are filed with the U.S. Federal Register, or the Notes are treated as equity for U.S. federal income tax purposes or do not have a fixed term, whenever issued. This withholding is not expected to apply prior to 1 January 2019.

Reporting Australian Financial Institutions ("**RAFI**") under the Australia–U.S. FATCA Intergovernmental Agreement dated 28 April 2014 ("**Australian IGA**") must comply with specific due diligence procedures to identify their account holders and provide the Australian Taxation Office ("**ATO**") with information on financial accounts held by U.S. persons and recalcitrant account holders. The ATO is required to provide such information to the U.S. Internal Revenue Service. Consequently, Noteholders may be requested to provide certain information and certifications to the Trust, the Trustee and to any other financial institutions through which payments on the Notes are made. A RAFI that complies with its obligations under the Australian IGA will not be subject to FATCA withholding on amounts it receives, and will not be required to deduct FATCA withholding from payments it makes, other than in certain prescribed circumstances.

In the event that any amount is required to be withheld or deducted from a payment on the Notes as a result of FATCA, pursuant to the terms and conditions of the Notes, no additional amounts will be paid by the Trustee as a result of the deduction or withholding.

2.27 Common Reporting Standard

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information ("**CRS**") requires certain financial institutions to report information regarding certain accounts (which may include the Notes) to their local tax authority and follow related due diligence procedures. Noteholders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 (Cth) to give effect to the CRS.

2.28 Regulation of AMP Bank Limited

AMP Bank Limited is subject to oversight by regulators regarding its compliance with legislative and regulatory requirements. The regulators include, among others, the Australian Prudential Regulation Authority (APRA), the RBA, ASIC, the Australian Tax Office (ATO), the Australian Competition and Consumer Commission (ACCC), the Australian Transaction Report and Analysis Centre (AUSTRAC).

If AMP Bank Limited does not meet the requirements of regulators, it may be required to take remedial actions and also suffer penalties, such as fines or obligations to pay compensation, the cancellation or suspension of its authority to conduct business, or a requirement to hold a greater level of capital to support its businesses.

AMP Bank Limited cannot predict the impact of future legislation and regulatory change on its business, however, as the amount and complexity of regulation increases, so may the cost of compliance and the risk of non-compliance.

Any change in regulation, the non-compliance with regulations or the interpretation of existing policies, including changes that increase the requirements of regulatory capital or impact the

regulatory capital resources, could have an adverse impact on AMP Bank Limited's financial performance and position.

2.29 Personal Property Securities Act

Australia's personal property securities regime commenced operation throughout Australia on 30 January 2012 ("**PPSA Start Date**"). The Personal Property Securities Act 2009 ("**PPSA**") established a national system for the registration of security interests in personal property, together with new rules for the creation, priority and enforcement of security interests in personal property. The PPSA has a retrospective effect on security interests and security agreements arising before the PPSA Start Date by operation of the transitional provisions.

Security interests for the purposes of the PPSA include traditional securities such as charges and mortgages (but does not include mortgages representing an interest in land). However, they also include transactions that, in substance, secure payment or performance of an obligation (referred to as "in-substance" security interests), including transactions that were not regarded as securities under the law that existed prior to the PPSA Start Date. Further, certain other interests are deemed to be security interests whether or not they secure payment or performance of an obligation. These deemed security interests include assignments of receivables.

A person who holds a security interest under the PPSA will need to register (or otherwise perfect) the security interest to ensure that the security interest has priority over competing interests (and in some cases, to ensure that the security interest survives the insolvency of the grantor). If they do not do so:

- (a) another security interest may take priority;
- (b) another person may acquire an interest in the assets which are subject to the security interest free of the earlier security interest; or
- (c) they may not be able to enforce the security interest against a grantor who becomes insolvent (because the security interest will vest in the grantor).

The Transaction Documents may contain one or more security interests for the purposes of the PPSA. For instance:

- (d) an assignment of Mortgage Loans from the Seller or a Disposing Trustee to the Trustee is a deemed security interest, which the Trustee will need to register; and
- (e) the charge granted by the Trustee to the Security Trustee is also a security interest for the purposes of the PPSA, which the Security Trustee will need to register,

in order to protect the relevant security interests against the risks outlined above.

There is uncertainty on aspects of the PPSA regime because this new regime significantly alters the law relating to secured transactions. There are issues and ambiguities arising under the PPSA. It can be expected that following further analysis, its application in practice and the handing down of court decisions, a market view or practice will evolve over time.

2.30 European Risk Retention Requirements

Investors should be aware of the EU risk retention and due diligence requirements which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings and UCITS. Amongst

other things, such requirements restrict a relevant investor from investing in asset-backed securities unless: (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator; and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an ongoing basis, a net economic interest of not less than 5 per cent. in respect of certain specified credit risk tranches or asset exposures.

Articles 404 to 410 of the CRR and Article 50 to 56 of the AIFMR and Articles 254 to 257 of the Commission Delegated Regulation (EU) 2015/35 of 10 October 2014 supplementing Directive 2009/138/EC of the European Parliament and of the Council on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II) (the Solvency II Delegated Regulation) (together, the “**Existing EU Retention Rules**”) apply where European Union-regulated investors (*Affected Investors*) become exposed to the credit risk of a securitisation position (such as the Notes) and impose certain restrictions and requirements on such investors.

Failure to comply with one or more of the restrictions or requirements set out in the Existing EU Retention Rules may result in the imposition of a penal regulatory capital charge on the Notes acquired by the relevant investor, the investor being required to take corrective action and/or an adverse effect on the liquidity of the Notes. Therefore, investors which are Affected Investors should make themselves aware of the requirements of the Existing EU Retention Rules (and any implementing rules in their local jurisdiction), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes. There remains a level of uncertainty with respect to the construction of the Existing EU Retention Rules and it is not clear what is required to demonstrate compliance to national regulators. Prospective investors who are uncertain as to the requirements under the Existing EU Retention Rules which apply to them in respect of their relevant jurisdiction, or as to the Existing EU Retention Rules that will need to be complied with in order to avoid the additional regulatory capital charges or being required to take corrective action for non-compliance with the Existing EU Retention Rules (and any implementing rules in their local jurisdiction) should seek guidance from their regulator.

In accordance with Article 405 of the CRR and Article 51(1) of the AIFMR, AMP Bank Limited will retain, on an ongoing basis, a net economic interest of at least 5% in the nominal value of the securitised exposure. As at the Closing Date such net economic interest will be comprised of an interest in randomly selected exposures equivalent to no less than 5% of the aggregate principal balance of the securitised exposures in accordance with paragraph (c) of Article 405(1) of the CRR. AMP Bank Limited will confirm its ongoing retention of the net economic interest described above in the monthly investor reports and any change to the manner in which such interest is held will be notified to Noteholders.

On 17 January 2018, Regulation EU 2017/2402 laying down a general framework for securitisation and creating a framework for simple, transparent and standardised securitisation, and amending Directives 2009/65/EC, 2009/138/EC and 2011/61/EU and Regulations (EC) No 1060/2009 and (EU) No 648/2012, and Regulation EU 2017/2401 containing related amendments to the CRR (collectively, the “**New Securitisation Regulations**”) entered into force in the European Union. The new securitisation risk retention and due diligence rules under the New Securitisation Regulations (the “**New EU Retention Rules**”) will apply to securitisations in respect of which the relevant securities are issued on or after 1 January 2019. The aim of the New Securitisation Regulations is to create a harmonised securitisation framework within the European Union.

In addition to applying to any investor regulated by the Existing EU Retention Rules, the New EU Retention Rules will also apply to EEA management companies and funds regulated pursuant to the Undertakings for Collective Investment in Transferable Securities Directive

(Directive 2009/65/EC) (collectively “UCITS”) and to institutions for occupational retirement provision falling within the scope of Directive (EU) 2016/2341 and certain other entities appointed by such institutions (collectively, “IORPS”).

Under the New Securitisation Regulations, the Existing EU Retention Rules will continue to apply to securitisations in respect of which the relevant securities are issued before 1 January 2019, as is the case with the Class A Notes, the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes. However, the New Securitisation Regulations make no express provision as to the application of any investment restrictions or due diligence requirements, whether under the Existing EU Retention Rules, the New EU Retention Rules or under the New Securitisation Regulation, to UCITS or IORPS that hold or acquire any interest in respect of a Pre-2019 Securitisation; and, accordingly, it is not known what requirements (if any) may be applicable to those investors.

There are material differences between the New EU Retention Rules and the Existing EU Retention Rules. Although the primary legislative process has reached its end, it is expected that there will be secondary legislation and guidance notes in regards to the interpretation of the New EU Retention Rules and the changes from the Existing EU Retention Rules. In particular, the timing for the adoption of the new risk retention regulatory technical standards under the New EU Retention Rules is uncertain. Until such new regulatory technical standards are adopted, investors in securitisations in respect of which the relevant securities are issued on or after 1 January 2019 and which are within scope of the Existing EU Retention Rules will be required to comply with the existing regulatory technical standards.

Each prospective investor that is required to comply with the Existing EU Retention Rules (as implemented in each jurisdiction) is required to independently assess and determine the sufficiency of the information described above and in this Information Memorandum generally for the purposes of complying with the Existing EU Retention Rules and none of AMP Bank Limited, Deutsche Bank AG, Sydney Branch, Macquarie Bank Limited, MUFG Securities EMEA plc, National Australia Bank Limited, Westpac Banking Corporation, the Trustee, the Security Trustee or the Trust Manager makes any representation that the information described above or in this Information Memorandum generally is sufficient in all circumstances for such purposes. In addition, each prospective Noteholder should ensure that they comply with the implementing provisions in respect of the Existing EU Retention Rules in their relevant jurisdiction. Investors in the Notes are responsible for analysing their own regulatory position and none of the AMP Bank Limited, Deutsche Bank AG, Sydney Branch, Macquarie Bank Limited, MUFG Securities EMEA plc, National Australia Bank Limited, Westpac Banking Corporation, the Trustee or the Security Trustee makes any representation to any prospective Noteholders regarding the regulatory capital treatment of their investment (or the liquidity of such investment as a result thereof) now or at any time in the future.

Aspects of the requirements of the Existing EU Retention Rules and what is or will be required to demonstrate compliance to national regulators are still evolving. In particular, in the context of the requirements which apply in respect of EU-regulated credit institution investors, investment firms and authorised alternative investment fund managers, coming legislative developments may result in changes to the corresponding interpretation materials which apply in respect of such requirements. No assurance can be provided that any such changes will not affect the compliance position of previously issued transactions and/or the requirements applying to relevant investors in general. The European Commission has published legislative proposals for two new regulations related to securitisation. Amongst other things, the proposals include provisions intended to implement the revised securitisation framework developed by the Basel Committee on Banking Supervision and provisions intended to harmonise and replace the risk retention and due diligence requirements (including the corresponding guidance provided through technical standards) applicable to certain EU regulated investors. There are material differences between the legislative proposals and the current requirements. It is not clear whether, and in what form, the legislative proposals (and

any corresponding technical standards) will be adopted. In addition, the compliance position under any adopted revised requirements of transactions entered into prior to adoption, and of activities undertaken by a party (including an investor) in respect of such transactions, is uncertain.

The Existing EU Retention Rules and any other changes to the regulation or regulatory treatment of the Notes for some or all investors could also have a negative impact on the price and liquidity of the Notes in the secondary market. There can be no assurance that the regulatory capital treatment of the Notes for any investor will not be affected by any future implementation of, and changes to, the Existing EU Retention Rules or other regulatory or accounting changes.

The EU risk retention and due diligence requirements described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

2.31 U.S. Risk Retention

The risk retention rules set out in Section 15G of the Securities Exchange Act of 1934 of the United States of America (as amended) as added by Section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the **U.S. Risk Retention Rules**) came into effect on 24 December 2016 with respect to transactions such as the transaction described in this Information Memorandum, and generally require the “securitizer” of a “securitization transaction” to retain at least 5 per cent. of the “credit risk” of “securitized assets”, as such terms are defined for purposes of the U.S. Risk Retention Rules, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation.

The Originator does not undertake to retain at least 5 per cent. of the credit risk of the Mortgage Loan Rights for the purposes of the U.S. Risk Retention Rules. It is intended that the Originator will rely on an exemption provided for in the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Information Memorandum as **Risk Retention U.S. Persons**); (3) neither the sponsor nor the issuer of the securitization transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Notes may not be purchased by Risk Retention U.S. persons unless such limitation is waived by the Trust Manager (on behalf of the Trustee). Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S.

The Notes may not be purchased by, and will not be sold to any person except for (a) persons that are not Risk Retention U.S. Persons, or (b) persons that have obtained a U.S. Risk Retention Waiver from the Trust Manager (on behalf of the Trustee). Each holder of a Note or a beneficial interest therein acquired in the initial offer for, issue of, or subscription for the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed to represent to the Trustee, the Originator, the Trust Manager, the Arranger and the Joint Lead

Managers that it (1) either (a) is not a Risk Retention U.S. Person or (b) has received a waiver with respect to the U.S. Risk Retention rules from the Trust Manager (on behalf of the Trustee), (2) is acquiring such Note for its own account and not with a view to distribution of such Note, and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than through a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in the U.S. Risk Retention Rules described above). Neither the Trust Manager nor the Trustee is obliged to provide any waiver in respect of the U.S. Risk Retention rules.

The Trust Manager, the Originator, the Trustee, the Arranger and the Joint Lead Managers have agreed that none of the Trust Manager, the Originator, the Trustee, the Arranger or the Joint Lead Managers or any person who controls any of them or any director, officer, employee, agent or affiliate of the Trust Manager, the Originator, the Trustee, the Arranger or the Joint Lead Managers shall have any responsibility for determining the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in the U.S. Risk Retention Rules, and none of the Trust Manager, the Originator, the Trustee, the Arranger or the Joint Lead Managers or any person who controls any of them or any director, officer, employee, agent or affiliate of any of the Trust Manager, the Originator, the Trustee, the Arranger or the Joint Lead Managers accepts any liability or responsibility whatsoever for any such determination, it being understood by the Trust Manager, the Originator, the Trustee, the Arranger and the Joint Lead Managers that the characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in the U.S. Risk Retention Rules shall be made on the basis of certain representations that are deemed to be made by each prospective investor.

There can be no assurance that the exemption provided for in the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. In particular, investment by Risk Retention U.S. Persons may not be limited to no more than 10 per cent. This may result from misidentification of Risk Retention U.S. Person investors as non-Risk Retention U.S. Person investors, or may result from market movements or other matters that affect the calculation of the 10 per cent. value on the Closing Date.

Failure to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes.

In addition, after the Closing Date, the U.S. Risk Retention Rules may have adverse effects on the Trustee and/or the holders of the Notes. Unless the exemption provided for in the U.S. Risk Retention Rules regarding non-U.S. transactions or another exemption is available, the U.S. Risk Retention Rules would apply to a refinancing of the Notes or in connection with material amendments to the terms of the Notes.

2.32 Insolvency Law Reform

On 18 September 2017, the *Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (Cth)* (“**TLA Act**”) received Royal Assent.

The TLA Act enacted reform (known as “**ipso facto**”) which varies the enforceability of certain contractual rights against Australian companies which are subject to one of the following insolvency-related procedures (“**Applicable Procedures**”):

- a scheme of arrangement for the purpose of avoiding being wound up in insolvency:

-
- the appointment of a managing controller (that is, a receiver or other controller with management functions or powers); or
 - the appointment of an administrator.

The ipso facto reform deems contractual rights unenforceable if they arise for specified reasons. In effect, the reform imposes a stay or moratorium on the enforcement of contractual rights while the company is subject to the Applicable Procedure (the “**stay**”). The length of the stay depends on the Applicable Procedure and the type of stay concerned.

In summary:

- *Appointment Trigger:* Any right which triggers for the reason of the appointment of administrators, receivers or the proposal of an arrangement or compromise to creditors to avoid being wound up in insolvency will not be enforceable;
- *Financial Position Protection:* Any rights which arise for the reason of adverse changes in the financial position of a company which is in administration, has receivers appointed or is proposing or subject to a scheme to avoid being wound up in insolvency will not be enforceable. That is, the company has protection as a result of adverse changes in its financial position during the Applicable Procedure. Once the Applicable Procedure has ended, the financial position protection also ends (except in limited exceptions where the company is wound up, in which case the financial position protection continues).
- *Anti-Avoidance:* The TLA Act contains very broad anti-avoidance provisions. For example:
 - (i) The TLA Act deems that any contractual provision which is “in substance contrary to” the other stays will also be unenforceable.
 - (ii) Any self-executing provision which is expressed to automatically trigger rights otherwise subject to the stay is unenforceable.

The ipso facto reform has not yet commenced. It will apply to contracts, agreements or arrangements entered into on or after the commencement date, being the earlier of 1 July 2018 or a day fixed by Proclamation (“**Effective Date**”). Contracts, agreements or arrangements entered into before 1 July 2023 that are a result of novations or variations of a contract, agreement or arrangement entered into before 1 July 2018 will not be subject to the stay.

The TLA Act provides that contracts, agreements or arrangements prescribed or rights specified in ministerial declarations (“**Rules and Regulations**”) are not subject to the stay. A consultation draft of the Rules and Regulations was released for public consultation on 16 April 2018. The *Corporations Amendment (Stay on Enforcing Certain Rights) Regulations 2018* (Cth) were made on 21 June 2018. The Regulations prescribe that a right contained in a kind of contract, agreement or arrangement that involves a special purpose vehicle, and that provides for securitisation, is not subject to the stay. The Rules have not at the date of this document been made..

Until the Rules have been finalised, judicial consideration of the TLA Act and the Rules and Regulations and any changes in the market practice, the scope of the ipso facto reform and its potential effect on the Transaction Documents and Notes remains uncertain.

2.33 There can be no assurance that Class A-R Notes will be able to be successfully issued on the Class A Refinancing Date.

For the reasons described below, if no Class A-R Notes are issued to third party investors on the Class A Refinancing Date, then the Class A Notes will not be redeemed on the Class A Refinancing Date.

Any issuance of Class A-R Notes will be subject to, among other things, market and economic conditions at and immediately prior to the time of such issuance, and any legal investment, regulatory or other legal requirements governing the issuance of or otherwise affecting asset-backed securities such as Class A-R Notes, any or all of which may render such issuance impracticable. Such issuance may be influenced by the performance of the Mortgage Loans, the amount of credit support available and whether any Charge-Offs have been allocated to the Notes, whether an Event of Default has occurred and other factors. It is impossible to predict, with any certainty, what the effect of such market and economic conditions may be on the Class A Refinancing Date.

There can be no assurance that the Designated Rating Agencies or any other nationally recognised statistical rating organisation (“**NRSRO**”) will agree to assign ratings to the Class A-R Notes in the future, or that the ratings assigned will meet the minimum ratings requirements. If the Designated Rating Agencies or an NRSRO engaged for such purpose fails to assign minimum required ratings to the Class A-R Notes at the relevant time, it is expected that no Class A-R Notes would be issued to third party investors.

3. The Progress 2018-1 Trust

3.1 Constitution of the Trust

The Trust is established pursuant to the Master Trust Deed by the execution of the Notice of Creation of Trust and the lodgement with the Trustee of the sum of A\$55 by the Trust Manager.

The parties to the Series Notice have agreed that the terms and conditions for the constitution of the Trust and the issue of Notes in respect of the Trust will be the terms and conditions set out in the Master Trust Deed and the Series Notice.

3.2 Realisation of Trust Assets

(a) Realisation of Assets of Trust

As soon as practicable after the Termination Date for the Trust, the Trustee (in conjunction with, and as directed by, the Trust Manager) must sell and realise the Mortgage Loans of the Trust. To the extent practicable, that sale must be completed within 180 days after the Termination Date of the Trust. During that 180 day period, the Trustee must not sell (and must not be directed by the Trust Manager to sell) any Mortgage Loan for less than its Repurchase Price.

If the Trustee is unable to sell the Mortgage Loans as contemplated above during the 180 day period, the Trustee may as directed by the Trust Manager sell the Mortgage Loans after the 180 day period for an amount less than the Repurchase Price subject to the Trustee receiving the approval of an Extraordinary Resolution of Note Holders.

The proceeds from the sale of Mortgage Loans shall be distributed in accordance with the Master Trust Deed (but subject at all times to any enforcement action taken under the Master Security Trust Deed). Any surplus (after satisfaction of all liabilities) is to be distributed to the Residual Capital Unitholders.

(b) Option to Sell to Originator

On the Termination Date for the Trust, the Trustee may, at the direction of the Trust Manager, offer to extinguish in favour of the Originator, its entire right, title and interest in the Mortgage Loans in return for the payment to the Trustee of an amount equal to the Repurchase Price of the Mortgage Loans. If the Originator accepts such offer, it must pay the Repurchase Price to the Trustee and the Trustee must execute whatever documents the Originator reasonably requires to complete the extinguishment of the Trustee's rights, title and interest in the Mortgage Loans.

The Originator may not accept an offer to purchase any Mortgage Loans as described in the paragraph above unless the aggregate Unpaid Balance of the Mortgage Loans is on the last day of the preceding Collection Period, when expressed as a percentage of the aggregate Unpaid Balance of the Mortgage Loans as at the Closing Date, at or below 10%.

3.3 Entitlement of Holders of the Residual Income Unit and Holders of the Residual Capital Unit

(a) **General**

The beneficial interest in the Trust is represented by the issue of:

- (i) ten Residual Capital Units; and
- (ii) one Residual Income Unit;

in accordance with the terms of the Master Trust Deed, the Notice of Creation of Trust and the Series Notice.

(b) **Entitlement to payments**

The holders of the Units have the right to receive distributions under the Series Notice only to the extent that funds are available for distribution in accordance with the Series Notice for distribution to them (see Sections 6.3(j) and 6.3(n)). Subject to this, the holders of the Units have no right to receive distributions other than a right to receive on the termination of the Trust the amount of the initial investment it made in respect of the Trust and any other surplus Assets of the Trust on its termination in accordance with the terms of the Series Notice.

(c) **Transfer**

- (i) The interest of a Residual Income Unitholder and a Residual Capital Unitholder under the Trust is not redeemable or transferable without the written consent of the Trustee or the Trust Manager if the redemption or transfer would have a Material Adverse Effect or would lead to the Trustee incurring any actual or potential Tax liability, or being consolidated with any group.
- (ii) A Residual Income Unit must not be issued to any person unless that person is also then the holder of a Residual Capital Unit.
- (iii) At all times there must be at least one Residual Capital Unit and at least one Residual Income Unit on issue.

(d) **Ranking**

The rights, claims and interest of the Residual Income Unitholders and the Residual Capital Unitholders at all times rank after, and are subject to, the interests of the Secured Creditors. No interest is payable on or in respect of any Unit.

4. Assets of the Trust

The Assets of the Trust will include the right, title and interest in the Mortgage Loans and Related Securities transferred by the Seller to the Trust on the Closing Date.

4.1 Description of Mortgage Loans

The Mortgage Loans will be sourced from a pool of loans originated by the Originator (or previously acquired by the Originator from the other Permitted Originators). Approximately 100% of these Mortgage Loans were, immediately before their transfer to the Trust, held as an asset of a Disposing Trust. Each Mortgage Loan is secured by a first ranking Mortgage over residential property located in Australia.

4.2 Transfer of the Mortgage Loans

On the Closing Date, each Disposing Trustee as trustee of the relevant Disposing Trust will, pursuant to the relevant Receivables Transfer Direction, and the Seller will, pursuant to the Sale Notice, offer to cease holding the benefit of the Mortgage Loans. The Trustee will pay the relevant Purchase Price to the relevant Disposing Trustee as trustee of the relevant Disposing Trust or the Seller (as the case may be). This results in the Trustee holding all of the right, title and interest in the relevant Mortgage Loans as trustee of the Trust. No notice of this transfer will be given to the Debtors.

The transfer of the Mortgage Loans from:

- (i) the Originator to a Disposing Trust, and subsequently from that Disposing Trust to the Trust; and
- (ii) the Seller to the Trust,

is in equity only. The Trustee will not be entitled to take any steps to perfect its legal title or give notice to any party to the Title Documents unless a Title Perfection Event occurs.

(a) Title Perfection Event

If a Title Perfection Event occurs, the Trustee and the Trust Manager must take such steps as are necessary to protect the Trustee's interest in, and title to, the Mortgage Loans.

A Title Perfection Event will occur if:

- (i) an Insolvency Event occurs in respect of the Originator;
- (ii) the Originator or the Servicer fails to pay Collections within 3 Business Days of the due date for payment (except where the failure to pay is caused by an event which is not within the control of the Originator or the Servicer); or
- (iii) the long term rating given to the Originator falls below a long term rating of Baa3 (in the case of Moody's) or BBB (in the case of S&P).

(b) Document Custody

The Originator (in its role as Custodian) must, pursuant to the Series Notice, hold all Title Documents including the Loan Agreements, Mortgages, Related Securities, certificates of title and Mortgage Insurance Policies. If a Custodian Transfer Event occurs the Title Documents are to be delivered to the Trustee or another custodian

nominated by the Trustee where they shall remain unless held by or in transit to or from, a stamp duties office, a land titles office or other government agency for stamping or registration purposes.

Pursuant to the Series Notice, the Custodian has the right to delegate some or all of its obligations under the Series Notice. The Custodian has determined to exercise that right and appoint Perpetual Trustee Company Limited as its delegate. However, the Custodian will remain liable for the acts or omissions of Perpetual Trustee Company Limited as its delegate.

4.3 Eligibility Criteria

The Servicer will warrant to the Trustee as at the Cut-Off Date that each Mortgage Loan referred to in the Receivables Transfer Direction or Sale Notice (as the case may be) meets the following Eligibility Criteria on that day for the Trust. The Eligibility Criteria for the Trust for each Mortgage Loan are as follows:

- (a) the Mortgage Loan (except if it is a FLA Mortgage Loan) must have been fully drawn prior to the "Cut-Off Date" (as defined in the relevant Disposing Trust Series Notice) or, where the Seller is AMP Bank Limited, the Cut-Off Date;
- (b) the Mortgage Loan must be secured by a valid and enforceable first ranking registered Mortgage over the Debtor's residential property or properties which may as at the Cut-Off Date have erected on it a residential dwelling;
- (c) the Unpaid Balance of the Mortgage Loan must not exceed A\$1,000,000 as at the Cut-Off Date;
- (d) the LVR of the Mortgage Loan must be less than or equal to 95% as at the Cut-off Date;
- (e) the term of the Mortgage Loan (plus any extensions to the Mortgage Loan) does not exceed 31 years from the commencement of the first full instalment period for that Mortgage Loan;
- (f) the Mortgage Loan requires principal and interest payments sufficient to pay interest and fully repay the principal of the Mortgage Loan;
- (g) the Mortgage Loan is not a loan in favour of a current employee of AMP Bank Limited as at the Cut-Off Date relating to that Mortgage Loan;
- (h) only the Originator may have an obligation to fund Redraws in respect of the Mortgage Loan;
- (i) if the Mortgage Loan is a Fixed Interest Rate Term Loan, it does not have a fixed interest rate period of more than 10 years;
- (j) the Mortgage Loan must be covered by a Mortgage Insurance Policy providing 100% cover of principal and interest losses in respect of the Mortgage Loan;
- (k) the Mortgage Loan must mature at least 365 days prior to the Final Maturity Date;
- (l) the Land the subject of the Related Security is located in either Queensland, New South Wales, Victoria, South Australia, Northern Territory, Western Australia, Tasmania or the Australian Capital Territory;
- (m) the Mortgage Loan is not a construction loan;

-
- (n) the Mortgage Loan must be denominated in A\$; and
 - (o) the Mortgage Loan must not be Delinquent for more than 30 consecutive days, as at the Cut-Off Date.

4.4 Disposing Trustee Representations

Each Disposing Trustee will represent and warrant to the Trustee and the Trust Manager as follows in relation to the Mortgage Loans and the Related Securities referred to in the Receivables Transfer Direction:

- (a) that:
 - (i) to the best of its knowledge that Disposing Trustee acquired equitable title (in its capacity as trustee of the relevant Disposing Trust) to the Mortgage Loans and Related Security from the Originator; and
 - (ii) that Disposing Trustee has not taken any action to create any Encumbrance over the Mortgage Loans and Related Security (other than under the relevant Disposing Trust Transaction Documents, and its right of indemnity as trustee of the Disposing Trust);
- (b) that Disposing Trustee has not done anything in relation to the Mortgage Loans and Related Securities to prevent them from being valid, binding and enforceable against the relevant Debtors in all material respects;
- (c) the Disposing Trustee is solvent;
- (d) that Disposing Trustee has not done anything which would render, once assigned to the Trustee, any Mortgage Loan or Related Security subject to any right of rescission, set-off, counterclaim or similar defence; and
- (e) that Disposing Trustee has in good faith complied with the direction of the Trust Manager in respect of the Receivables Transfer Direction.

Each Disposing Trustee will indemnify the Trustee against any liability or loss arising from any representation or warranty being incorrect when made in relation to a Mortgage Loan.

4.5 Servicer Representations

AMP Bank Limited as Servicer will represent and warrant to the Trustee as at the Closing Date that:

- (a) the Mortgage Loans and Related Securities which are the subject of a Sale Notice or a Receivables Transfer Direction (as applicable) comply with the Eligibility Criteria as at the Cut-Off Date in relation to those Mortgage Loans and Related Securities;
- (b) the Mortgage Loans and Related Securities which are the subject of a Sale Notice or a Receivables Transfer Direction (as applicable) require payments in respect of them to be made to the Originator free of set-off other than those permitted by law as at the Cut-Off Date in relation to those Mortgage Loans and Related Securities;
- (c) at all times from the origination of a Mortgage Loan to the Closing Date specified in the Sale Notice or Receivables Transfer Direction (as applicable) relating to that Mortgage Loan, the Servicer has complied with Consumer Credit Code to the extent that the Consumer Credit Code applies to that Mortgage Loan;

-
- (d) in relation to the Mortgage Loans and the Related Securities referred to in any Sale Notice or Receivables Transfer Direction (as applicable) the Land the subject of each Receivable is insured under an Insurance Policy as at the relevant Cut-Off Date.

The Servicer will indemnify the Trustee against any liability or loss which the Trustee may incur as a result of a breach by the Servicer of any of the above representations or warranties.

4.6 Originator Confirmation

The Originator will confirm to the Trustee that the representations and warranties given by the Originator in respect of the Mortgage Loans previously assigned to each Disposing Trustee were true and correct as at the date of such previous assignment.

The Originator will indemnify the Trustee against any liability or loss which the Trustee may incur as a result of a breach by the Originator of any of the above representations or warranties.

That obligation to indemnify the Trustee will be satisfied to the extent a Disposing Trustee is required by the Trustee to repurchase the relevant Mortgage Loans from the Trustee. A Disposing Trustee will only be so obliged to the extent it is able to exercise any right it may have to require the Originator to repurchase the relevant Mortgage Loans from it.

Such a right will only be available to a Disposing Trustee for a period of 120 days after the date on which the Mortgage Loans were previously assigned by the Originator to that Disposing Trustee.

4.7 Seller Representations

AMP Bank Limited as Seller will represent and warrant to the Trustee and the Trust Manager as at the Closing Date that:

- (a) it is validly incorporated and existing;
- (b) it has the corporate power to own its assets and to carry on its business as it is now being conducted;
- (c) it has full power and authority to enter into and perform its obligations under each Transaction Document to which it is a party;
- (d) it has taken all necessary action to authorise the execution, delivery and performance of each Transaction Document to which it is a party and no additional approval or consent of any person is required;
- (e) each authorisation which is required in relation to the execution, delivery and performance of each Transaction Document to which it is a party has been obtained;
- (f) each of the Transaction Documents to which it is a party constitute legal, valid and binding obligations of it and are enforceable in accordance with their respective terms;
- (g) the execution, delivery and performance by it of each of the Transaction Documents to which it is a party does not and will not violate any material provision of:
 - (i) any law, regulation authorisation, ruling, consent, judgement, order or decree of any Governmental Agency;

-
- (ii) the constitution or other constituent documents; or
 - (iii) any Encumbrance or document which is binding upon it or any of its assets,
 - and does not and will not result in the acceleration of the date of payment of any obligation existing under, any Encumbrance or document which is binding upon it or its assets; and
 - (h) it has not created or attempted to create any Encumbrance over the Assets of the Trust other than under the Transaction Documents.

4.8 Redraws

Under the terms of the Mortgage Loans, Debtors may at any time be granted Redraws.

Where directed by the Trust Manager, the Servicer will apply any Principal Collections held by the Servicer during a Collection Period towards funding Redraws in respect of that Collection Period. The Trust Manager will only give such a direction to the extent that there are sufficient Principal Collections received during a Collection Period from time to time to fund such Redraws.

The Trustee must, if so directed by the Trust Manager, apply Total Available Principal (to the extent available) in:

- (a) repaying any Redraws funded by the Originator (to the extent it has not previously been repaid);
- (b) repaying any Redraw Principal Outstanding; and
- (c) repaying any Redraw Notes issued by the Trustee.

Total Available Principal available on a Payment Date for the above purposes will be that amount determined by the Trust Manager from time to time in accordance with the Cashflow Allocation Methodology (see Section 6).

If the Trust Manager considers that there is a Redraw Shortfall, then the Trust Manager must direct the Trustee to make a drawdown under the Redraw Facility for an amount equal to the lesser of the Redraw Shortfall and the amount then available to be drawn down under the Redraw Facility Agreement.

If the Redraw Shortfall is greater than the amount then available to be drawn down under the Redraw Facility, the Trust Manager may (in its discretion) direct the Trustee to issue Redraw Notes on such Business Day, and with such aggregate Initial Invested Amount as determined by the Trust Manager, having regard to the Redraw Shortfall.

If the Originator makes a further advance (excluding a Redraw) to a Debtor in respect of Mortgage Loan, that Mortgage Loan and each other Mortgage Loan sharing the same Related Security are treated as having been repaid in full by the payment by the Originator to the Trustee of an amount equal to the aggregate Unpaid Balance of such Mortgage Loans.

4.9 Interest Rate Swap Agreement

The Trustee has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. Any swap transactions entered into under an Interest Rate Swap Agreement must be on terms that are notified to each Designated Rating Agency by the Trust Manager and which

the Trust Manager determines will not result in an Adverse Rating Effect. See Section 10 for further details.

4.10 Threshold Rate

The "**Threshold Rate**" will be determined by the Trust Manager on each Payment Date and will be the minimum weighted average interest rate required to be set on the Mortgage Loans which will ensure that the Trustee will have sufficient funds available to make Required Payments from time to time (assuming that all parties comply with their obligations under such documents and the Mortgage Loans and taking into account Fixed Interest Rate Term Loans and moneys held in authorised investments where the yield is determined externally and not by the Servicer).

4.11 Collection Account

The Trustee must as soon as reasonably practicable following the constitution of the Trust:

- (a) establish the AMP Collection Account; and
- (b) establish the Eligible Bank Collection Account.

Provided a Collections Event does not subsist, the Servicer may retain Collections until the day immediately prior to the next Payment Date when it must then deposit such Collections (together with an additional amount calculated as interest on such Collections) into either the AMP Collection Account or the Eligible Bank Collection Account or pay such amount as otherwise directed by the Trustee.

If the aggregate of all Collections held by the Servicer exceeds the Collections Limit, the Servicer must remit to the Eligible Bank Collection Account all additional Collections received within 1 Business Day following receipt.

If the Servicer does not have the Required Rating, the Servicer must remit to the Eligible Bank Collection Account all amounts then deposited in the AMP Collection Account and all Collections then held by AMP within 1 Business Day, and thereafter all Collections received within 1 Business Day following receipt.

5. Description of the Notes

The Notes constitute debt securities issued by the Trustee in its capacity as trustee of the Trust. The Trustee's liability to pay interest and principal in respect of the Notes will be limited to the Assets of the Trust, except in the case of its fraud, negligence or wilful default (as further described in Section 7.1(h)).

The Notes are characterised as multi-class mortgage backed, secured, limited recourse, amortising, pass-through floating rate debt securities. The Notes may be redeemed by the Trustee in accordance with the Call Option. The Class A Notes may also be redeemed on a Class A Refinancing Date in accordance with Section 6.3(v).

The Notes are issued with the benefit of, and subject to, the Master Trust Deed, the Series Notice and the Master Security Trust Deed.

5.1 Classes of Notes

The following five separate classes of Notes will be initially issued by the Trustee:

- (a) Class A Notes;
- (b) Class AB Notes;
- (c) Class B Notes;
- (d) Class C Notes; and
- (e) Class D Notes.

Class A-R Notes may also be issued by the Trustee at the direction of the Trust Manager after the Closing Date in circumstances described in Section 6.3(w). Redraw Notes may also be issued by the Trustee at the direction of the Trust Manager from time to time as described in Section 1.4.

5.2 Coupon on the Notes

The Notes will bear interest equal to the Coupon. The Coupon will be paid in arrears on each Payment Date.

No Coupon will be payable on a Payment Date in respect of the Class D Notes until all Coupon payable on that Payment Date in respect of the Class A Notes or the Class A-R Notes (if any), the Redraw Notes (if any), the Class AB Notes, the Class B Notes and the Class C Notes has been paid in full. The Class D Notes rank after the Class A Notes or the Class A-R Notes (if any), the Redraw Notes (if any), the Class AB Notes, the Class B Notes and the Class C Notes in respect of payments of Coupon both before and after the occurrence of an Event of Default and the enforcement of the Security.

No Coupon will be payable on a Payment Date in respect of the Class C Notes until all Coupon payable on that Payment Date in respect of the Class A Notes or the Class A-R Notes (if any), the Redraw Notes (if any), the Class AB Notes and the Class B Notes has been paid in full. The Class C Notes rank after the Class A Notes or the Class A-R Notes (if any), the Redraw Notes (if any), the Class AB Notes and the Class B Notes in respect of payments of Coupon both before and after the occurrence of an Event of Default and the enforcement of the Security.

No Coupon will be payable on a Payment Date in respect of the Class B Notes until all Coupon payable on that Payment Date in respect of the Class A Notes or the Class A-R Notes

(if any), the Redraw Notes (if any) and the Class AB Notes has been paid in full. The Class B Notes rank after the Class A Notes or the Class A-R Notes (if any), the Redraw Notes (if any) and the Class AB Notes in respect of payments of Coupon both before and after the occurrence of an Event of Default and the enforcement of the Security.

No Coupon will be payable on a Payment Date in respect of the Class AB Notes until all Coupon payable on that Payment Date in respect of the Class A Notes or the Class A-R Notes (if any) and Redraw Notes (if any) has been paid in full. The Class AB Notes rank after the Class A Notes or the Class A-R Notes (if any) and Redraw Notes (if any) in respect of payments of Coupon both before and after the occurrence of an Event of Default and the enforcement of the Security.

(a) **Calculation of the Coupon on a Payment Date**

Calculation of the Coupon on a Payment Date for a Note will be determined for a Coupon Period based on:

- (i) the Coupon Rate for that Coupon Period; multiplied by
- (ii)
 - A. subject to paragraph (B) below, the Invested Amount for that Note (or in the case of the Class B Notes, the Class C Notes and the Class D Notes only, the relevant Stated Amount) on the first day of that Coupon Period; or
 - B. the Stated Amount if the Stated Amount of the Note is zero, multiplied by
- (iii) the number of days in that Coupon Period, divided by 365, and calculated to the nearest cent.

(b) **Coupon Rate**

The Coupon Rate for a Class A Note and for a Coupon Period will be equal to the aggregate of:

- (i) the Bank Bill Rate on the first day of that Coupon Period;
- (ii) the Margin for the Class A Note; and
- (iii) if that Coupon Period commences on or after the first Class A Refinancing Date, the Step Up Margin for the Class A Note.

The Coupon Rate for a Class A-R Note and for a Coupon Period will be equal to the aggregate of:

- (i) the Bank Bill Rate on the first day of that Coupon Period;
- (ii) the Margin for the Class A-R Note; and
- (iii) if that Coupon Period commences on or after the Call Option Date, the Step Up Margin for the Class A-R Note.

The Coupon Rate for a class of Notes (other than a Class A Note and a Class A-R Note (if issued)) and for a Coupon Period will be equal to the aggregate of:

-
- (i) the Bank Bill Rate on the first day of that Coupon Period;
 - (ii) the relevant Margin for that class of Notes; and
 - (iii) if that Coupon Period commences on or after the first Call Option Date, the Step Up Margin for that class of Notes (if any).

The first Coupon Rate for each class of Notes will be set on the Closing Date and will be equal to the Bank Bill Rate for that Coupon Period plus the Margin for that class of Notes.

If the Class A Notes are repaid in full by the issue of the Class A-R Notes on the Class A-R Issue Date, the Coupon Rate applicable to any Class A-R Notes for each Coupon Period from (and including) the Class A-R Issue Date is the aggregate of the Bank Bill Rate for that Coupon Period and the applicable Class A-R Margin for the relevant Class A-R Notes as determined in accordance with Section 6.3(w).

The Coupon Rate for each class of the Notes will be reset on each Payment Date.

(c) **Coupon Period**

A Coupon Period commences on (and includes) a Payment Date and ends on (but excludes) the next Payment Date. The first Coupon Period commences on (and includes) the Closing Date and ends on (but excludes) the first Payment Date. The final Coupon Period for a class of Notes commences on and includes the Payment Date immediately preceding the Final Maturity Date and ends on (but excludes) the Final Maturity Date.

(d) **Payment of Coupon**

Coupon shall be paid to all Note Holders whose names appear in the Register of Note Holders as at 5:00 p.m. (Sydney time) on the Determination Date prior to a Payment Date.

The Coupon on the Class D Notes will be reduced pari passu and rateably to the extent that there are insufficient funds available to pay the Coupon on the Class D Notes on the Payment Date in accordance with the Series Notice. Any such amount not paid in respect of the preceding Coupon Period will be carried over into the next Coupon Period and paid (together with Coupon for that Coupon Period) subject to available funds on the next Payment Date.

The Coupon on the Class C Notes will be reduced to the extent that there are insufficient funds available to pay the Coupon on the Class C Notes on the Payment Date in accordance with the Series Notice. Any such amount not paid in respect of the preceding Coupon Period will be carried over into the next Coupon Period and paid (together with Coupon for that Coupon Period) subject to available funds on the next Payment Date.

The Coupon on the Class B Notes will be reduced to the extent that there are insufficient funds available to pay the Coupon on the Class B Notes on the Payment Date in accordance with the Series Notice. Any such amount not paid in respect of the preceding Coupon Period will be carried over into the next Coupon Period and paid (together with Coupon for that Coupon Period) subject to available funds on the next Payment Date.

The Coupon on the Class AB Notes will be reduced to the extent that there are insufficient funds available to pay the Coupon on the Class AB Notes on the

Payment Date in accordance with the Series Notice. Any such amount not paid in respect of the preceding Coupon Period will be carried over into the next Coupon Period and paid (together with Coupon for that Coupon Period) subject to available funds on the next Payment Date.

A failure to pay the Coupon on the Class A Notes or the Class A-R Notes (if any) or Redraw Notes within 10 Business Days after the Payment Date will be an Event of Default under the Master Security Trust Deed. A failure to pay the Coupon on the Class AB Notes on the Payment Date will not be an Event of Default until the Invested Amounts of the Class A Notes or the Class A-R Notes (if any) and Redraw Notes are repaid in full. A failure to pay the Coupon on the Class B Notes on the Payment Date will not be an Event of Default until the Invested Amount of the Class AB Notes is repaid in full. A failure to pay the Coupon on the Class C Notes on the Payment Date will not be an Event of Default until the Invested Amount of the Class B Notes is repaid in full. A failure to pay the Coupon on the Class D Notes on the Payment Date will not be an Event of Default until the Invested Amount of the Class C Notes is repaid in full.

Overdue or default interest is not payable on any Coupon due on any Class of Notes if the Coupon due in respect of that Class of Notes is not paid in full on the relevant Payment Date.

(e) **Order of payment of Coupon**

Both before and after the occurrence of an Event of Default and enforcement of the Security, in respect of the payment of Coupon:

- (i) the Class A Notes or the Class A-R Notes (if any) rank pari passu amongst themselves and ahead of the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes;
- (ii) the Class AB Notes rank pari passu amongst themselves, after the Class A Notes or the Class A-R Notes (if any) and ahead of the Class B Notes, the Class C Notes and the Class D Notes;
- (iii) the Class B Notes rank pari passu amongst themselves, after the Class A Notes or the Class A-R Notes (if any) and the Class AB Notes and ahead of the Class C Notes and the Class D Notes;
- (iv) the Class C Notes rank pari passu amongst themselves, after the Class A Notes or the Class A-R Notes (if any), the Class AB Notes and the Class B Notes, and ahead of the Class D Notes; and
- (v) the Class D Notes rank pari passu amongst themselves and after the Class A Notes or the Class A-R Notes (if any), the Class AB Notes, the Class B Notes and the Class C Notes,

in order of payment.

If any Redraw Notes are issued, they will rank pari passu amongst themselves and with the Class A Notes or the Class A-R Notes (if any) and ahead of the Class AB Notes, the Class B Notes, the Class C Notes and the Class D Notes for payment of Coupon both before and after the occurrence of an Event of Default and enforcement of the Security.

5.3 Principal Repayments

Other than after the occurrence of an Event of Default and enforcement of the Security, on each Payment Date, the funds comprising Total Available Principal held by the Trustee will be applied in accordance with the Cashflow Allocation Methodology towards, among other things and when applicable, principal repayment of the Notes.

Upon the occurrence of an Event of Default and enforcement of the Security, principal repayment will be applied in accordance with the Master Security Trust Deed and the General Security Deed.

Each Note will be finally redeemed, and the obligations of the Trustee with respect to the payment of the Invested Amount of that Note will be finally discharged, on the date on which the Invested Amount of that Note is reduced to zero.

5.4 Payments

(a) **Manner**

The Trustee and the Servicer will make all payments:

- (i) by Cleared Funds (unless otherwise agreed) to the account specified by the payee, in either case, by 4.00 pm (Sydney time) on the due date;
- (ii) without set-off, counterclaim or other deduction; and
- (iii) in accordance with this Information Memorandum.

(b) **Modified Following Business Day Convention**

The Modified Following Business Day Convention will apply to the Payment Date in respect of the Notes.

(c) **Cleared Funds**

Notwithstanding any other provision of the Series Notice, where the proceeds of a payment due to the Trustee on a day are required to be applied by the Trustee towards some other payment due on the same day, the payment to the Trustee must be made in Cleared Funds in sufficient time to allow the Trustee to make that other payment and the Trustee will have no obligation to make the other payment until the first payment has been made.

5.5 The Register

The Trustee must keep an up to date register of Note Holders in respect of the Trust (the "**Register of Note Holders**").

The Register of Note Holders must contain the Invested Amount and Stated Amount of the Notes issued, the name and address of each Note Holder and all other information required under the Transaction Documents.

The Trust Manager may inspect the Register of Note Holders and each Note Holder and its authorised representative may inspect that part of the Register of Note Holders which relates to the relevant Note Holder in all cases free of charge at any time when the Trustee's registered office is required to be open and accessible to the public. The Trustee shall give a copy of the Register of Note Holders or part of it to the Trust Manager within 3 Business Days of receipt of a request from the Trust Manager.

The Trustee from time to time may close the Register of Note Holders but no part of the Register of Note Holders may be closed for more than 30 days in aggregate in any calendar year.

5.6 Lodgement of the Notes in Austraclear

It is expected that the Notes will be eligible to be lodged into the Austraclear system by registering Austraclear Limited as the holder of record, for custody in accordance with the Austraclear rules.

All payments in respect of the Notes lodged into Austraclear will be made to Austraclear Limited, for transfer in accordance with the Austraclear rules.

All notices to Note Holders will be directed to Austraclear Limited.

If Notes are lodged into the Austraclear system, Austraclear Limited will become the registered holder of those Notes in the Register of Note Holders. While those Notes remain in the Austraclear system:

- (a) all payments and notices required of the Trustee and the Trust Manager in relation to those Notes will be directed to Austraclear Limited; and
- (b) all dealings and payments in relation to those Notes within the Austraclear system will be governed by the Austraclear Limited Regulations.

If the Notes are registered with the Austraclear system, interests in the Notes may be held through Euroclear or Clearstream, Luxembourg. In these circumstances, entitlements in respect of holdings of interests in the Notes in Euroclear would be held in the Austraclear system by the relevant nominee of Euroclear, from time to time, while entitlements in respect of holdings of interests in the Notes in Clearstream, Luxembourg would be held in the Austraclear system by the relevant nominee of Clearstream, Luxembourg, from time to time.

The rights of a holder of interests in Notes held through Euroclear or Clearstream, Luxembourg are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream, Luxembourg, the terms and conditions of agreements between Euroclear and Clearstream, Luxembourg and their respective nominees and the rules and regulations of the Austraclear system.

In addition, any transfer of interests in Notes which are held through Euroclear or Clearstream, Luxembourg will, to the extent such transfer will be recorded on the Austraclear system, be subject to the Corporations Act and the other requirements set out in Section 5.10.

5.7 Acknowledgments in respect of Notes

An Acknowledgment in respect of a Note issued by the Trustee is not a certificate of title as to the Note and the Register of Note Holders is the only conclusive evidence of title to the Note.

5.8 Notices to the Note Holders

Where the Trust Manager or the Trustee is obliged to give notices to the Note Holders under the Transaction Documents, such notices may be given:

- (a) in writing and sent to the address of the Note Holders then appearing on the Register of Note Holders; or
- (b) by an advertisement placed on a Business Day in the Australian Financial Review or other nationally distributed newspaper.

5.9 Rights of Note Holders

Except to the extent of any interest arising under the Master Security Trust Deed, Note Holders do not own and have no interest in the Trust or any of the Assets of the Trust. Note Holders have no right to seek the removal of the Trustee, the Trust Manager or the Servicer nor to seek the winding up or termination of the Trust.

With the exception of specific circumstances described in the Transaction Documents, Note Holders have no right to influence, question or interfere with the rights or powers of the Trustee or any other party to the Transaction Documents in their dealings with the Trust and the Assets of the Trust.

Additionally, no Note Holder is entitled to:

- (a) require the transfer to it of any Asset of the Trust;
- (b) exercise a right in respect of any Assets of the Trust or lodge or enter a caveat or other notice affecting an Asset of the Trust or otherwise claim any interest in an Asset of the Trust or the Trust Manager;
- (c) have any recourse whatsoever to the Trustee in its personal capacity except to the extent of any fraud, negligence or wilful default on the part of the Trustee;
- (d) seek to terminate or wind up the Trust; or
- (e) seek to remove the Trustee or the Trust Manager.

5.10 Transfer of Notes

All transfers of Notes must be in writing in the form of a transfer form as agreed between the Trust Manager and the Trustee (the "**Transfer Form**").

Every Transfer Form must be duly completed, duly stamped (if applicable), executed by the transferor and the transferee and delivered to the Trustee together with the Acknowledgment relating to the Notes to be transferred. The transferor is deemed to remain the owner of the Notes for all purposes until the name of the transferee is entered into the Register of Note Holders.

The Trustee may refuse to register any Transfer Form if:

- (a) it is not duly completed, executed and stamped (if necessary);
- (b) it contravenes or fails to comply with the terms of the Master Trust Deed; or
- (c) the transfer would result in a contravention of or failure to observe the provisions of a law of a state or territory of the Commonwealth of Australia, or of the Commonwealth of Australia.

The Trustee is not bound to give any reason for refusing to register any Transfer Form and its decision is final, conclusive and binding. If the Trustee refuses to register a Transfer Form, it must, as soon as practicable following that refusal, send to the Note Holder and to the parties seeking to take the transfer of the Notes notice of that refusal. The Trustee has no obligation to enquire whether a transfer of Notes complies with the restrictions in the Series Notice.

A Transfer Form is deemed to take effect and be registered from the beginning of the Business Day on which the Transfer Form was received by the Trustee, except that if a Transfer Form is received by the Trustee after 3:30 p.m. (Sydney time), the Transfer Form is deemed not to be

effective until the next Business Day (when the Register of Note Holders is open) following its receipt by the Trustee.

5.11 Note Holder Meetings

The procedures in relation to Note Holder meetings are outlined in the Master Trust Deed.

(a) Convening a Meeting

A meeting of Note Holders must be convened by notice in writing sent to every Note Holder entitled to attend and vote at the meeting at least 7 Business Days before the date of the meeting.

The notice of meeting must include a proxy form. The notice of meeting need not set out the terms of any resolution to be proposed, but must state the general nature of the business to be transacted at the meeting.

Either the Trust Manager or the Trustee may convene a meeting but must first give the other at least 10 Business Days' notice of its intention to do so.

If a Note Holder does not receive a notice (including if notice was accidentally omitted to be given to them) the meeting is not invalidated.

(b) Quorum

The quorum for a meeting of the Trust is Note Holders present in person or by proxy together holding between them at least 67% of the Aggregate Invested Amount of the Notes.

If a quorum is not present within 30 minutes after the scheduled time for the meeting, the meeting is:

- (i) if convened on the requisition of Note Holders, dissolved; or
- (ii) otherwise, adjourned to such place and time as the Trust Manager decides in consultation with the Trustee.

At any adjourned meeting, those Note Holders present in person or by proxy holding between them at least 50% of the Aggregate Invested Amount of the Notes constitute a quorum.

(c) Chairman

The Chairman of a meeting of Note Holders must be appointed by an ordinary resolution of the Note Holders of that Trust present at the meeting or, in the absence of such an appointment, nominated by the Trustee. The Chairman need not be a Note Holder.

The Chairman has power to adjourn a meeting for any reason to such place and time as the Chairman thinks fit.

(d) Voting

Voting at a meeting of Note Holders is by a show of hands, unless a poll is duly demanded or the resolution proposed is required by the Master Trust Deed or by law to be decided by a percentage of all Notes. Each Note Holder present in person or by proxy has one vote on a show of hands. On a poll, each Note Holder present in person or by proxy has one vote for every A\$10 of the Invested Amount

(rounded down to the nearest A\$10) in respect of that Note Holder. In the case of joint holders, only the person whose name appears first in the register may vote.

A poll may be demanded before or on declaration of the result of a show of hands by either:

- (i) the Chairman; or
- (ii) at least 10 Note Holders present in person or by proxy.

If votes are equal, whether on a show of hands or on a poll, the Chairman has a casting vote in addition to the vote or votes (if any) to which the Chairman is entitled as a Note Holder.

(e) **Proxies and Representatives**

A Note Holder may be represented at a meeting by proxy. Proxies are governed by Division 6 of the Corporations Act. The Trustee is not obligated to enquire whether a proxy has been validly given. A proxy expires after 12 months. A proxy is still valid after it is revoked or after the Note Holder who gave it dies or becomes under a legal disability, unless the Trustee has received written notice of that fact before the meeting at which the proxy is used.

A body corporate may be represented at a meeting by a person appointed in the manner provided in section 250D(1) of the Corporations Act. The Trustee may accept a certificate under section 250D(2) of the Corporations Act as evidence of the person's appointment. The person may exercise on the body's behalf the same powers as the body could if it were a natural person and the body is taken to be present at the meeting in person.

(f) **Minutes and Resolutions**

The Trustee, the Trust Manager, each Residual Capital Unitholder, the Residual Income Unitholder and the Auditor may attend and speak at any meeting, or invite any other person to attend and speak.

A resolution in respect of the Trust binds all Note Holders, whether or not they are present at the meeting. No objection may be made to any vote cast unless the objection is made at the meeting. The decision of the Chairman on any matter is final.

The minutes of a meeting of Note Holders signed by the Chairman of the meeting are conclusive evidence of the matters stated in them unless the contrary is proved.

A resolution of the Note Holders (including an Extraordinary Resolution) may be passed, without any meeting or previous notice being required, by an instrument or instruments in writing which has or have:

- (i) in the case of a resolution (including an Extraordinary Resolution) of the Note Holders, been signed by all Note Holders; and
- (ii) any such instrument shall be effective upon presentation to the Trustee for entry in the minutes of the meeting.

(g) **Powers of a meeting**

- (i) Subject to paragraph (ii) below, a meeting of the Note Holders shall, without prejudice to any rights or powers conferred on other persons by the Transaction Documents, only have power exercisable by Extraordinary Resolution:
- A. to sanction any action that the Trustee or the Trust Manager proposes to take to enforce the provisions of any Transaction Documents relating to the Trust;
 - B. to sanction any proposal by the Trust Manager or the Trustee for any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Note Holders against the Trustee or the Trust Manager, whether such rights arise under any Transaction Document or otherwise;
 - C. to sanction the exchange or substitution of Notes for or the conversion of Notes into any other obligations or securities of the Trustee or any other body corporate formed or to be formed;
 - D. subject to the Master Trust Deed, to consent to any alteration, addition or modification of the Master Trust Deed or the Series Notice which is proposed by the Trustee or the Trust Manager;
 - E. to discharge or exonerate the Trustee or the Trust Manager from any liability in respect of any act or omission for which it may become responsible under any Transaction Document relating to the Trust; and
 - F. to authorise the Trustee, the Trust Manager or any other person to concur in and execute and do all such documents, acts and things as may be necessary to carry out and give effect to any Extraordinary Resolution; and
- (ii) a meeting of the Note Holders shall not have power to, nor shall any resolution submitted to the meeting propose or have the effect of:
- A. removing the Trustee or Trust Manager from office;
 - B. interfering with the management of the Trust;
 - C. winding-up or terminating the Trust, except as contemplated by the Master Trust Deed;
 - D. altering the Authorised Investments of the Trust; or
 - E. altering the terms upon which any Notes are issued (subject to the specific provisions of paragraph (a) above).

6. Cashflow Allocation Methodology

6.1 Principles Underlying the Allocation of Cash Flows

This Section 6 describes the methodology for the calculation of the amounts to be paid by the Trustee on each Payment Date.

6.2 Collection Periods, Determination Dates and Payment Dates

The Collections comprise all amounts received by the Originator, the Servicer, the Trust Manager or the Trustee after (and including) the Closing Date in respect of the Mortgage Loans (including, without limitation, all principal, interest, fees, the proceeds received under any Mortgage Insurance Policy or other Insurance Policy, any proceeds recovered from any enforcement action, amounts received on a repurchase or sale, any amount received as damages in respect of a breach of any representation and warranty and any other amounts received in relation to the Mortgage Loans and Related Securities).

The Collections are calculated in respect of each Collection Period. Each Collection Period runs from (and including) the first day of a month up to (and including) the last day of the month. However, the first Collection Period will commence on (and include) the Closing Date and end on (and include) the last day of the month immediately preceding the first Payment Date.

A Coupon Period is the period from (and including) the Closing Date up to (but excluding) the first Payment Date and thereafter is each period from (and including) each Payment Date to (but excluding) the next following Payment Date. All calculations are made on the Determination Date prior to each Payment Date.

The following sets out an example of a series of relevant dates and periods for the allocation of cash flows and their payments. All dates are assumed to be Business Days and have not been adjusted to reflect the applicable Business Day convention referred to in Section 1.2.

1 August to 31 August (inclusive)	Collection Period
11 August to 10 September (inclusive)	Coupon Period
8 September	Determination Date
11 September	Payment Date

6.3 Underlying Cash Flows

(a) **General**

Prior to the occurrence of an Event of Default and enforcement of the Security, the Collections and Other Income, and any amount paid to the Trustee, or required to be drawn under the Support Facilities or the Redraw Facility Agreement or withdrawn from the Liquidity Reserve Account will be allocated by the Trust Manager and paid in accordance with the methodologies outlined below.

(b) **Collection Period**

The Servicer will collect all Collections on behalf of the Trustee during each Collection Period. On each Determination Date, the Trust Manager will allocate the Collections between Finance Charge Collections and Principal Collections.

Where directed by the Trust Manager, the Servicer will apply any Principal Collections held by the Servicer during a Collection Period towards funding Redraws in respect of that Collection Period. The Trust Manager will only give such a direction to the extent that there are sufficient Principal Collections received during a Collection Period from time to time to fund such Redraws.

(c) **Finance Charge Collections**

On each Determination Date, the Finance Charge Collections for a Collection Period are calculated by the Trust Manager as the aggregate of the following items:

- (i) any amounts received from a Debtor in relation to Taxes and Governmental Agency charges in respect of a Mortgage Loan or its Related Security;
- (ii) any interest, fees and other income (including any previously capitalised interest) received in respect of any Mortgage Loan or its Related Security, or any similar amount deemed by the Trust Manager to be in the nature of interest, including without limitation amounts of that nature:
 - A. recovered from the enforcement of a Mortgage Loan or its Related Security;
 - B. paid by the Originator or a Disposing Trustee to the Trustee upon repurchase of a Mortgage Loan;
 - C. paid by another trust or any other person as an Accrued Interest Adjustment upon the transfer of a Mortgage Loan from the Trust to that other trust or that person;
 - D. received from the Originator, a Disposing Trustee or the Servicer in respect of a breach of a representation or warranty contained in the Transaction Documents in respect of a Mortgage Loan or under any obligation to indemnify or reimburse the Trustee for any amount under the Transaction Documents in respect of a Mortgage Loan; and
 - E. received by the Trustee under a Mortgage Insurance Policy or other Insurance Policy which the Trust Manager determines are not in the nature of principal;
- (iii) any fees paid by a Debtor in relation to the final discharge of the Mortgage Loan, including any Prepayment Costs;
- (iv) any amounts received in respect of a Mortgage Loan that was previously the subject of a Loss;
- (v) any amount received from or on behalf of a Debtor in reimbursement of Enforcement Expenses; and
- (vi) any Non-Collection Fee to be received by the Trustee on the Business Day immediately preceding the next Payment Date,

less any amount debited in respect of the Mortgage Loans representing Taxes payable by or on behalf of the Originator in respect of, or in connection with, the Mortgage Loans.

(d) **Calculation of Available Income**

On each Determination Date, the "**Available Income**" is calculated by the Trust Manager (without double counting) as follows:

- (i) the Finance Charge Collections received in the immediately preceding Collection Period; plus
- (ii) the Other Income received in the immediately preceding Collection Period; plus
- (iii) any net payments due to be received by the Trustee under the Fixed Swap on the next Payment Date; plus
- (iv) any net payments due to be received by the Trustee under the Basis Swap on the next Payment Date; plus
- (v) any interest income received by or on behalf of the Trustee during that Collection Period in respect of moneys credited to the Collection Account or the Liquidity Reserve Account in relation to the Trust; plus
- (vi) all other amounts received by or on behalf of the Trustee in respect of the Assets comprising the Trust in the nature of income; plus
- (vii) any amounts received by the Servicer from the Originator on account of a Mortgage Set-Off Account under the Transaction Documents; plus
- (viii) the amount to be applied from the Income Reserve and described in subparagraph (s)(ii)A.

(e) **Payment Shortfall**

On any Determination Date there is a "**Payment Shortfall**" if the amount of the Available Income is insufficient to meet the Required Payments in relation to that Determination Date.

(f) **Principal Draw**

If, on any Determination Date, the Payment Shortfall exceeds the Excess Draw available for application as an Excess Draw on the immediately following Payment Date ("**Reserve Shortfall**"), then the Trust Manager must direct the Trustee to use an amount of Total Available Principal ("**Principal Draw**") equal to the lesser of:

- (i) that Reserve Shortfall; and
- (ii) the amount of Total Available Principal available as described in paragraph (n)(i) for distribution for that purpose on the following Payment Date,

towards the Reserve Shortfall.

The Trustee must, if so directed by the Trust Manager, make that Principal Draw and allocate the Principal Draw to Total Available Funds.

(g) **Liquidity Draw**

If, on any Determination Date, the Reserve Shortfall for that Determination Date exceeds the amount of Total Available Principal available for application as a

Principal Draw ("**Liquidity Shortfall**"), the Trust Manager must direct the Trustee to withdraw from the Liquidity Reserve Account ("**Liquidity Draw**") on or before the Payment Date following that Determination Date an amount equal to the lesser of:

- (i) the Liquidity Shortfall; and
- (ii) the balance of the Liquidity Reserve Account at that time.

The Trustee must, if so directed by the Trust Manager, make that Liquidity Draw and allocate the Liquidity Draw to Total Available Funds.

(h) **Calculation and application of Total Available Funds**

On each Determination Date, the "**Total Available Funds**" are calculated as the aggregate of:

- (i) any Available Income calculated in accordance with Section 6.3(d) on that Determination Date;
- (ii) any Excess Draw made in accordance with section 6.3(u) in respect of that Determination Date;
- (iii) any Principal Draw made in accordance with Section 6.3(f) on that Determination Date; and
- (iv) any Liquidity Draw made in accordance with Section 6.3(g) in respect of that Determination Date.

The Total Available Funds in respect of a Determination Date must be applied on the next Payment Date in accordance with this Section 6.3.

(i) **Interest Waterfall Payments**

The Trust Manager must direct the Trustee to pay (or direct the payment of) the following items in the following order of priority in respect of the immediately preceding Collection Period out of the Total Available Funds on each Payment Date:

- (i) first, at the Trust Manager's discretion, up to A\$100 pari passu and rateably to each holder of a Residual Income Unit;
- (ii) second, pari passu and rateably:
 - A. to each Disposing Trustee and the Seller, any Accrued Interest Adjustment in respect of the transfer of any Mortgage Loan from that Disposing Trustee or the Seller to the Trust in that Collection Period; and
 - B. to the Originator, where Prepayment Benefits are credited to any Debtor's account in that Collection Period the lesser of:
 - 1) the aggregate of all such Prepayment Benefits credited to Debtors' accounts in that Collection Period; and

-
- 2) any Total Break Amount paid by the Fixed Swap Provider to the Trustee on, or immediately prior to, that Payment Date;
 - (iii) third, any Taxes payable in relation to the Trust for that Collection Period (after the application of the balance of the Tax Account towards payment of such Taxes);
 - (iv) fourth, pari passu and rateably, the Trustee's fee and the Security Trustee's fee for that Collection Period;
 - (v) fifth, the Servicer's fee for that Collection Period;
 - (vi) sixth, the Trust Manager's fee for that Collection Period;
 - (vii) seventh, the Custodian's fee for that Collection Period;
 - (viii) eighth, any Enforcement Expenses;
 - (ix) ninth, any other Expenses of the Trust;
 - (x) tenth, pari passu and rateably, towards:
 - A. any interest and fees payable by the Trustee under the Redraw Facility Agreement; and
 - B. unless a Swap Provider Event of Default is subsisting:
 - 1) any amounts (including fees) payable by the Trustee under the Fixed Swap (including any Total Break Amount but only to the extent the Trustee has recovered the applicable Prepayment Costs from the related Debtors or the applicable Non-Collection Fee from the Servicer); and
 - 2) any amounts (including fees) payable by the Trustee under the Basis Swap;
 - (xi) eleventh, as an allocation to the Liquidity Reserve Account in reimbursement of any Liquidity Draw made before the Determination Date immediately preceding that Payment Date, until the balance of the Liquidity Reserve Account equals the Required Liquidity Reserve Amount;
 - (xii) twelfth, pari passu and rateably, the Coupon for the:
 - A. if:
 - 1) the relevant Payment Date occurs on or prior to the Class A-R Issue Date, Class A Notes for the Coupon Period ending on that Payment Date and any unpaid Coupon for the Class A Notes in respect of previous Coupon Periods; or
 - 2) the relevant Payment Date occurs after the Class A-R Issue Date, Class A-R Notes for the Coupon Period ending on that Payment Date and any

unpaid Coupon for the Class A-R Notes in respect of previous Coupon Periods; and

- B. Redraw Notes (if any) for the Coupon Period ending on that Payment Date and any unpaid Coupon for the Redraw Notes in respect of previous Coupon Periods;
- (xiii) thirteenth, the Coupon for the Class AB Notes for the Coupon Period ending on that Payment Date and any unpaid Coupon for the Class AB Notes in respect of previous Coupon Periods;
- (xiv) fourteenth, the Coupon for the Class B Notes for the Coupon Period ending on that Payment Date and any unpaid Coupon for the Class B Notes in respect of previous Coupon Period;
- (xv) fifteenth, the Coupon for the Class C Notes for the Coupon Period ending on that Payment Date and any unpaid Coupon for the Class C Notes in respect of previous Coupon Period;
- (xvi) sixteenth, the Coupon for the Class D Notes for the Coupon Period ending on that Payment Date and any unpaid Coupon for the Class D Notes in respect of previous Coupon Periods;
- (xvii) seventeenth, to retain in the Tax Account an amount equal to the Tax Shortfall (if any) in respect of that Payment Date;
- (xviii) eighteenth, to retain in the Tax Account an amount equal to the Tax Amount in respect of that Payment Date; and
- (xix) nineteenth, any amounts that would have been payable under this priority of payments on any previous Payment Date, if there had been sufficient Total Available Funds, which have not been paid by the Trustee and in the order they would have been paid under that prior application of this Section 6.3.

The Trustee will only make a payment under any of paragraphs (i) to (xix) inclusive to the extent that any Total Available Funds remain from which to make the payment after amounts with priority to that amount have been paid and distributed.

(j) **Excess Available Income**

To the extent that the Total Available Funds exceed the amounts required to be paid under Section 6.3(i) as calculated on the Determination Date ("**Excess Available Income**"), the Trust Manager must apply any such excess and direct the Trustee to pay (or direct the payment of) such amount in the following order of priority on each Payment Date:

- (i) first, towards Total Available Principal in payment of all Principal Draws which have not been repaid as at that Payment Date;
- (ii) second, towards Total Available Principal in payment of any Losses for that Collection Period;
- (iii) third, towards Total Available Principal, an amount equal to the aggregate of any Carryover Charge-Offs (as calculated on the previous Determination Date);

-
- (iv) fourth, if that Payment Date falls on a Call Option Date and any Notes are then outstanding in the following order of priority:
 - A. first, to the Residual Income Unitholder as a distribution on the Residual Income Unit, an amount equal to the Tax Distribution Amount for that Payment Date; and
 - B. second, as an allocation to the Excess Reserve;
 - (v) fifth, provided that the Invested Amount of the Class D Notes has not been reduced to zero, towards the Income Reserve until the amount standing to the credit of the Income Reserve equals the Income Reserve Target Balance;
 - (vi) sixth, Increased Costs (if any) due but unpaid on that Payment Date;
 - (vii) seventh, towards any break costs payable by the Trustee to the Fixed Swap Provider under the Fixed Swap (to the extent not previously paid);
 - (viii) eighth, if a Swap Provider Event of Default is subsisting, *pari passu* and rateably towards:
 - A. any amounts (including fees) payable by the Trustee under the Fixed Swap (including any Total Break Amount but only to the extent the Trustee has recovered the applicable Prepayment Costs from the related Debtors or the applicable Non-Collection Fee from the Servicer); and
 - B. any amounts (including fees) payable by the Trustee under the Basis Swap;
 - (ix) ninth, *pari passu* and rateably, to each holder of a Residual Income Unit being redeemed in accordance with the Series Notice, towards the redemption price payable in respect of the relevant Residual Income Units; and
 - (x) finally, as to any surplus, *pari passu* and rateably to the holders of the Residual Income Units by way of distribution of the income of the Trust.

The Trustee will only make a payment under any of paragraphs (i) to (x) above, inclusive to the extent that any Excess Available Income remains from which to make the payment, after amounts with priority to that amount have been paid and distributed.

(k) **Redraw Shortfalls**

If the Trust Manager determines on any Determination Date that there is a Redraw Shortfall for that Determination Date, then the Trust Manager must direct the Trustee to make a drawdown under the Redraw Facility, in accordance with the Redraw Facility Agreement, for an amount equal to the lesser of that Redraw Shortfall and the amount then available to be drawn down under the Redraw Facility.

The amount so drawn will be included in Total Available Principal for the relevant Collection Period as described in Section 6.3(m).

If the Redraw Shortfall is greater than the amount then available to be drawn down under the Redraw Facility in the preceding paragraph, the Trust Manager may (in its discretion) direct the Trustee to issue Redraw Notes on such Business Day, and with such aggregate Initial Invested Amount as determined by the Trust Manager, having regard to the Redraw Shortfall as notified to the Trustee.

(l) **Principal Collections**

The Principal Collections for a Collection Period is an amount equal to:

- (i) the Collections for that Collection Period; plus
- (ii) in the case of the first Collection Period only, any amount received by the Trustee upon the issue of Notes during the first Collection Period in excess of the purchase price of the Mortgage Loans and Related Securities purchased during that Collection Period (less the Initial Liquidity Deposit); less
- (iii) the Finance Charge Collections for that Collection Period.

(m) **Total Available Principal**

The "**Total Available Principal**" for a Collection Period is an amount equal to the aggregate of:

- (i) the Principal Collections for that Collection Period; and
- (ii) any amount drawn under the Redraw Facility Agreement on or about the Determination Date immediately following such Collection Period as described in Section 6.3(k); and
- (iii) the issue proceeds of any Redraw Notes issued during that Collection Period; and
- (iv) the amount (if any) of the Excess Available Income applied towards the repayment of Principal Draws for that Collection Period; and
- (v) the amount (if any) of the Excess Available Income applied in payment of any Losses for that Collection Period; and
- (vi) the amount (if any) of the Excess Available Income applied in respect of any Carryover Charge-Offs for that Collection Period; and
- (vii) the amount (if any) withdrawn from the Liquidity Reserve Account on or about the Determination Date immediately following the end of that Collection Period;
- (viii) in the case of the final Collection Period only the amount (if any) withdrawn from the Liquidity Reserve Account on or about the Determination Date immediately following the end of that Collection Period;
- (ix) in the case of the first Collection Period only, the amount of any Purchase Price Adjustment; and
- (x) in the case of the first Collection Period after the Class A-R Issue Date only, any surplus issuance proceeds of Class A-R Notes remaining after redemption in full of the Class A Notes.

(n) **Principal Distributions**

On each Payment Date prior to the enforcement of the Security and based on the calculations, instructions and directions provided to it by the Trust Manager, the Trustee must distribute out of Total Available Principal, in relation to the Collection Period ending immediately before that Payment Date (less any Principal Collections applied by the Servicer (at the direction of the Trust Manager) to fund Redraws during that Collection Period), the following amounts in the following order of priority:

- (i) first, as a Principal Draw (if required) on that Payment Date;
- (ii) second, to repay any Redraws funded by the Originator in relation to the Mortgage Loans to the extent that it has not previously been repaid;
- (iii) third, to repay any amounts outstanding to the Redraw Facility Provider in repayment of the Redraw Principal Outstanding;
- (iv) fourth, pari passu and rateably, as a repayment in respect of the Redraw Notes (if any) until the Invested Amount of the Redraw Notes (if any) is reduced to zero;
- (v) fifth, where the Stepdown Conditions are not satisfied on the Determination Date immediately preceding that Payment Date:
 - A. first:
 - 1) if the relevant Payment Date occurs on or prior to the Class A-R Issue Date, to the Class A Note Holders in repayment of principal in respect of the Class A Notes, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero; or
 - 2) if the relevant Payment Date occurs after the Class A-R Issue Date, to the Class A-R Note Holders in repayment of principal in respect of the Class A-R Notes, pari passu and rateably amongst the Class A-R Notes until the Stated Amount of the Class A-R Notes is reduced to zero;
 - B. second, if the Stated Amount of the Class A Notes and the Class A-R Notes is zero, to the Class AB Note Holders in repayment of principal in respect of the Class AB Notes, pari passu and rateably amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero; and
 - C. third, if the Stated Amount of the Class A Notes, the Class A-R Notes and the Class AB Notes is zero, to the Class B Note Holders in repayment of principal in respect of the Class B Notes, pari passu and rateably amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
 - D. fourth, if the Stated Amount of the Class A Notes, the Class A-R Notes, the Class AB Notes and the Class B Notes is zero, to the Class C Note Holders in repayment of principal in

respect of the Class C Notes, pari passu and rateably amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero; and

E. fifth, if the Stated Amount of the Class A Notes, the Class A-R Notes, the Class AB Notes, the Class B Notes and the Class C Notes is zero, to the Class D Note Holders in repayment of principal in respect of the Class D Notes, pari passu and rateably amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero;

(vi) sixth, if the Stepdown Conditions are satisfied on the Determination Date immediately preceding that Payment Date, the balance of any Total Available Principal (if any) on any Payment Date will then be divided into:

A. if:

1) the relevant Payment Date occurs on or prior to the Class A-R Issue Date, the Class A Note Allocated Principal on that Determination Date; or

2) the relevant Payment Date occurs after the Class A-R Issue Date, the Class A-R Note Allocated Principal on that Determination Date;

B. the Class AB Note Allocated Principal on that Determination Date;

C. the Class B Note Allocated Principal on that Determination Date;

D. the Class C Note Allocated Principal on that Determination Date; and

E. the Class D Note Allocated Principal on that Determination Date,

each of which will be distributed as follows:

F. if:

1) the relevant Payment Date occurs on or prior to the Class A-R Issue Date, the relevant Class A Note Allocated Principal will be applied towards the Class A Notes in repayment of principal in respect of the Class A Notes, pari passu and rateably amongst the Class A Notes until the Stated Amount of the Class A Notes is reduced to zero; or

2) the relevant Payment Date occurs after the Class A-R Issue Date, the relevant Class A-R Note Allocated Principal will be applied towards the Class A-R Notes in repayment of principal in respect of the Class A-R Notes, pari passu and rateably amongst the Class A-R Notes until the

Stated Amount of the Class A-R Notes is reduced to zero;

- G. the relevant Class AB Note Allocated Principal will be applied towards the Class AB Notes in repayment of principal in respect of the Class AB Notes, *pari passu* and rateably amongst the Class AB Notes until the Stated Amount of the Class AB Notes is reduced to zero;
 - H. the relevant Class B Note Allocated Principal will be applied towards the Class B Notes in repayment of principal in respect of the Class B Notes, *pari passu* and rateably amongst the Class B Notes until the Stated Amount of the Class B Notes is reduced to zero;
 - I. the relevant Class C Note Allocated Principal will be applied towards the Class C Notes in repayment of principal in respect of the Class C Notes, *pari passu* and rateably amongst the Class C Notes until the Stated Amount of the Class C Notes is reduced to zero; and
 - J. the relevant Class D Note Allocated Principal will be applied towards the Class D Notes in repayment of principal in respect of the Class D Notes, *pari passu* and rateably amongst the Class D Notes until the Stated Amount of the Class D Notes is reduced to zero; and
- (vii) finally, as to any surplus (if any), *pari passu* and rateably to the holders of Residual Income Units by way of distribution of the income of the Trust.

The Trustee will only make a payment under any of paragraphs (i) to (vii) above inclusive to the extent that any Total Available Principal remain from which to make the payment after amounts with priority to that amount have been paid and distributed.

(o) **Stepdown Conditions**

The Stepdown Conditions are satisfied at any time on or after the second anniversary of the Closing Date if:

- (i) the aggregate Invested Amount of the Stepdown Notes at that time expressed as a percentage of the aggregate Invested Amount of all Notes at that time is greater than or equal to 16%;
- (ii) the average of the aggregate principal amount outstanding of Mortgage Loans then forming part of the Assets of the Trust over the previous 4 calendar months with arrears days greater than 60 days is less than or equal to 4% of the average of the aggregate principal amount outstanding of all Mortgage Loans then forming part of the Assets of the Trust over the previous 4 calendar months;
- (iii) there are no Carryover Charge-Offs which remain unreimbursed; and
- (iv) the first Call Option Date has not occurred as at that time,

or such other Stepdown Conditions as the Trust Manager may determine from time to time provided that the Trust Manager has notified each Designated Rating

Agency and determined that such other Stepdown Conditions will not result in an Adverse Rating Effect, and otherwise the Stepdown Conditions are not satisfied.

(p) **Charge-Offs**

Charge-Offs means, in respect of a Collection Period, the aggregate Losses for that Collection Period less the amount of any Excess Available Income available to be applied on the immediately following Payment Date towards payment of such aggregate Losses.

If, on any Determination Date, the Trust Manager determines there are any Charge-Offs for the previous Collection Period, the Trust Manager must, on and with effect from the next Payment Date allocate such Charge-Offs in the following order:

- (i) first, pari passu and rateably, to reduce the Aggregate Stated Amount of the Class D Notes to zero;
- (ii) second, pari passu and rateably, to reduce the Aggregate Stated Amount of the Class C Notes to zero;
- (iii) third, pari passu and rateably, to reduce the Aggregate Stated Amount of the Class B Notes to zero;
- (iv) fourth, pari passu and rateably, to reduce the Aggregate Stated Amount of the Class AB Notes to zero; and
- (v) fifth, pari passu and rateably, to reduce the Aggregate Stated Amount of the Class A Notes or the Class A-R Notes to zero;

(q) **Reimbursement of Carryover Charge-Offs**

To the extent that on any Payment Date amounts are available for allocation under this Section 6.3 towards reimbursement of Carryover Charge-Offs, then an amount equal to these amounts shall be applied on the next Payment Date to reinstate respectively:

- (i) first, pari passu and rateably the Aggregate Stated Amount of the Class A Notes or the Class A-R Notes until it reaches the Aggregate Invested Amount of the Class A Notes or the Class A-R Notes;
- (ii) second, pari passu and rateably, the Aggregate Stated Amount of the Class AB Notes until it reaches the Aggregate Invested Amount of the Class AB Notes;
- (iii) third, pari passu and rateably, the Aggregate Stated Amount of the Class B Notes until it reaches the Aggregate Invested Amount of the Class B Notes;
- (iv) fourth, pari passu and rateably, the Aggregate Stated Amount of the Class C Notes until it reaches the Aggregate Invested Amount of the Class C Notes; and
- (v) fifth, pari passu and rateably, the Aggregate Stated Amount of the Class D Notes until it reaches the Aggregate Invested Amount of the Class D Notes.

(r) **Order of payment on the Notes after an Event of Default**

Following the occurrence of an Event of Default and enforcement of the Security, the Security Trustee must apply all moneys received by it in respect of the Secured Property in the following order:

- (i) first, towards the payment or satisfaction of any costs, charges, expenses and liabilities incurred in or about the due execution of the Security Trust or otherwise payable under the Master Security Trust Deed or the General Security Deed to the Security Trustee on its own account;
- (ii) second, *pari passu* and rateably:
 - A. to satisfaction of the Receiver's remuneration in respect of the Secured Property;
 - B. to satisfaction of any fees payable to the Security Trustee;
 - C. to satisfaction of any fees, costs, charges, expenses or liabilities payable or reimbursable to the Trustee; and
 - D. to satisfaction of any fees, expenses or other amounts payable or reimbursable to the Trust Manager, the Servicer and the Custodian under a Transaction Document;
- (iii) third, *pari passu* and rateably towards satisfaction of:
 - A. any other Expenses of the Trust; and
 - B. any Enforcement Expenses;
- (iv) fourth, *pari passu* and rateably, unless a Swap Provider Event of Default is subsisting, towards the satisfaction of any amounts owing to the Basis Swap Provider and the Fixed Swap Provider;
- (v) fifth, *pari passu* and rateably, towards:
 - A. the payment of all Secured Money owing to the Class A Note Holders or the Class A-R Note Holders and any Redraw Note Holder;
 - B. the payment of all Secured Money owing to the Redraw Facility Provider; and
 - C. the payment of all Secured Money owing to the other Secured Creditors, other than to the extent referred to below;
- (vi) sixth, *pari passu* and rateably, towards the payment of all Secured Money owing to the Class AB Note Holders;
- (vii) seventh, *pari passu* and rateably, towards the payment of all Secured Money owing to the Class B Note Holders;
- (viii) eighth, *pari passu* and rateably, towards the payment of all Secured Money owing to the Class C Note Holders;
- (ix) ninth, *pari passu* and rateably, towards the payment of all Secured Money owing to the Class D Note Holders;

-
- (x) tenth, pari passu and rateably:
 - A. to AMP Bank Limited, the amount standing to the credit of the Income Reserve; and
 - B. to the holders of Residual Income Units, by way of distribution of the income of the Trust, the amount standing to the credit of the Excess Reserve;
 - (xi) eleventh, if a Swap Provider Event of Default is subsisting, any amounts due to the Basis Swap Provider and the Fixed Swap Provider;
 - (xii) twelfth, to each holder of a security interest of which the Security Trustee is aware and which ranks after the General Security Deed in relation to the Secured Property; and
 - (xiii) finally, as to any surplus pari passu and rateably to the holders of Residual Income Units by way of distribution of the income of the Trust.

The proceeds of any Cash Collateral will not be treated as Secured Property available for distribution in accordance with this Section 6.3. Any such Cash Collateral shall (subject to the operation of any netting provisions in the relevant Support Facility) be returned to the relevant Support Facility Provider except to the extent that the relevant Support Facility requires it to be applied to satisfy any obligation owed to the Trustee in connection with such agreement.

(s) **Income Reserve**

- (i) On or prior to the first Payment Date, the Originator must deposit an amount equal to the Income Reserve Target Balance (which will form part of the Income Reserve) into the Collection Account.
- (ii) The Income Reserve must be held in the Collection Account and the Trust Manager must not direct the Trustee to withdraw such an amount other than:
 - A. on a Payment Date, to be applied as Available Income an amount equal to outstanding Extraordinary Expenses for the immediately preceding Collection Period which would be outstanding on that Payment Date after application of Section 6.3(i) on that Payment Date, assuming that:
 - 1) only Available Income was to be applied on that Payment Date;
 - 2) such Available Income did not include any amounts applied from the Income Reserve; and
 - 3) all Expenses other than Extraordinary Expenses were paid before Extraordinary Expenses;
 - B. to pay the Originator in accordance with the order of payment following an Event of Default and enforcement of the Security;
 - C. to be paid into a new or additional Collection Account opened in accordance with the Master Trust Deed;

-
- (iii) to pay the Originator once the Invested Amount of all Class D Notes has been reduced to zero; or
 - (iv) to pay to the Originator on the Final Maturity Date.

Upon the Invested Amount of all Class D Notes being reduced to zero, the Trust Manager must direct the Trustee to, and the Trustee must on such direction, pay any amount then standing to the credit of the Income Reserve directly to the Originator.

(t) **Excess Reserve**

On each Payment Date, the Trust Manager must direct the Trustee to, and on that direction the Trustee must, deposit the amount (if any) available under section 6.3(j) on that Payment Date into the Excess Reserve.

The Excess Reserve must be held in the Collection Account and the Trust Manager must not direct the Trustee to withdraw such an amount other than:

- (i) on a Payment Date to be applied as Total Available Funds in accordance with section 6.3(u);
- (ii) to pay the holders of the Residual Income Units, pari passu and rateably, by way of distribution of the income of the Trust in accordance with the order of payment following an Event of Default and enforcement of the Security;
- (iii) to be paid into a new or additional Collection Account opened in accordance with the Master Trust Deed;
- (iv) to pay the holders of the Residual Income Units, pari passu and rateably, by way of distribution of the income of the Trust once the Invested Amount of all Class D Notes has been reduced to zero; or
- (v) to pay the holders of the Residual Income Units, pari passu and rateably, by way of distribution of the income of the Trust on the Final Maturity Date.

Upon the Invested Amount of all Class D Notes being reduced to zero, the Trust Manager must direct the Trustee to, and the Trustee must on such direction, pay any amount then standing to the credit of the Excess Reserve directly to the holders of the Residual Income Units, pari passu and rateably, by way of distribution of the income of the Trust.

(u) **Excess Draw**

If, on any Determination Date, there is an Excess Payment Shortfall then the Trust Manager must direct the Trustee to withdraw from the Excess Reserve (**Excess Draw**) on the Payment Date following the Determination Date, an amount equal to the lesser of:

- (i) the Excess Payment Shortfall; and
- (ii) the balance of the Excess Reserve at that time.

The Trustee must, if so directed by the Trust Manager, make that Excess Draw and allocate the Excess Draw to Total Available Funds in accordance with section 6.3(h).

-
- (v) **Redemption on a Class A Refinancing Date**
- (i) Without limiting the Trustee’s Call Option, the Trustee may (and must, if so directed by the Trust Manager) on a Class A Refinancing Date redeem each Class A Note, subject to and in accordance with Section 6.3(w).
 - (ii) At any time on or before the Determination Date immediately before the first Class A Refinancing Date, the Trust Manager agrees to use its reasonable endeavours to arrange, on behalf of the Trustee, the marketing of the issuance of Class A-R Notes, in accordance with Section 6.3(w), with:
 - A. an aggregate Invested Amount at least equal to the aggregate Invested Amount of the Class A Notes as at that Determination Date; and
 - B. the Issue Date to occur on the first Class A Refinancing Date.
 - (iii) If the Trust Manager is unable to arrange for the issuance of Class A-R Notes on the first Class A Refinancing Date, the Trust Manager may (at its discretion) arrange, on behalf of the Trustee, for Class A-R Notes to be issued in accordance with Section 6.3(w) on any subsequent Class A Refinancing Date.
 - (iv) If the Call Date has occurred, or is expected to occur on a Class A Refinancing Date, the obligations of the Trust Manager under Section 6.3(v)(ii) or the exercise by the Trust Manager of its rights under Section 6.3(v)(iii) (as applicable) are subject to the Call Option.
- (w) **Refinancing of Class A Notes with Class A-R Notes**
- (i) Sections 6.3(w)(ii) to 6.3(w)(vi) only apply if:
 - A. the Trust Manager is obligated to arrange for the marketing and issuance of Class A-R Notes on the first Class A Refinancing Date pursuant to Section 6.3(v)(ii); or
 - B. the Trust Manager elects to arrange for the marketing and issuance of Class A-R Notes on a subsequent Class A Refinancing Date pursuant to Section 6.3(v)(iii).
 - (ii) The Trust Manager may, at its cost, appoint such advisors, arrangers or dealers as it sees fit to assist with the issuance of the Class A-R Notes. The Trust Manager agrees to notify the Designated Rating Agencies:
 - A. of the Class A-R Margin prior to the issuance of the Class A-R Notes; and
 - B. that the Trust Manager determines that such Class A-R Margin will not result in an Adverse Rating Effect.
 - (iii) If the Trust Manager is able to arrange for Class A-R Notes to be issued by the Trustee on a Class A Refinancing Date (such date being the “**Class A-R Issue Date**”):
 - A. with an interest rate which results in a margin over the Bank Bill Rate that is equal to or less than the Margin for the Class

A Notes (or such higher margin that the Trust Manager determines will not result in an Adverse Rating Effect);

- B. with at least the credit rating from each Designated Rating Agency as the Class A Notes on the Class A-R Issue Date; and
- C. with an aggregate Invested Amount at least equal to the Invested Amount of the Class A Notes on the Determination Date immediately prior to the Class A-R Issue Date,

the Trust Manager will direct the Trustee in writing (copied to each Designated Rating Agency) to issue those Class A-R Notes on the relevant Class A-R Issue Date.

- (iv) The Trustee (at the direction of the Trust Manager) must give the Noteholders of the Class A Notes not less than 7 days' notice of the proposed redemption of the Class A Notes on the relevant Class A-R Issue Date (where the relevant Class A-R Issue Date is not the first Class A Refinancing Date).
- (v) On the Class A-R Issue Date, the Trustee agrees to deposit the proceeds of the issuance of the Class A-R Notes issued on that date into the Collections Account and apply the issuance proceeds of those Class A-R Notes on the Class A-R Issue Date towards redeeming the Class A Notes, with any surplus amount to be included in the Total Available Principal for distribution on the next Payment Date after the Class A-R Issue Date.
- (vi) For the avoidance of doubt, the Trustee may not issue Class A-R Notes (and the Trust Manager must not direct the Trustee to issue Class A-R Notes) unless the issue proceeds of those Class A-R Notes are sufficient to redeem the Class A Notes in full and the conditions under Section 6.3(w)(iii) are satisfied.

7. General Features of the Trust

7.1 The Trustee

(a) Powers of the Trustee

The Trustee has the following powers (to be construed as separate and independent powers of the Trustee):

- (i) to invest or deal with Mortgage Loans and Related Securities;
- (ii) to invest or deal with any other Asset of the Trust for cash or upon terms;
- (iii) to pay all fees payable under the Transaction Documents and all expenses which are properly incurred in respect of the Trust;
- (iv) to borrow and raise moneys as provided in the Transaction Documents;
- (v) subject to the Master Trust Deed, to borrow, raise money or procure financial accommodation where the Trustee considers the same to be in the interests of the Trust upon such terms as the Trust Manager thinks fit and which are acceptable to the Trustee in its personal capacity;
- (vi) to exercise any power of sale arising on default under any Mortgage Loans or Related Security or any other right or remedy accruing in respect of the Trust in relation to any Asset of the Trust or under the Transaction Documents;
- (vii) to grant any form of discharge, release or partial discharge or release of any Mortgage Loan or Related Security where to do so is in the opinion of the Trustee not prejudicial to the Secured Creditors of the Trust;
- (viii) to enter into and perform its obligations under the Transaction Documents for the Trust containing such terms and conditions as the Trust Manager thinks fit and that are acceptable to the Trustee (acting reasonably);
- (ix) to enter into Support Facilities;
- (x) to enter into any agreement to do anything in connection with the Trust, such as dealing with the Assets of the Trust over which security is held, engaging advisers and to execute proxies and other instruments; and
- (xi) to fetter its future discretions in accordance with the Transaction Documents.

(b) Delegation by the Trustee

The Trustee may authorise in writing the Trust Manager or other specified parties to act as its delegate (in the case of a joint appointment, either severally or jointly and severally) to perform its functions under the Transaction Documents (including the holding of Title Documents and a power to sub-delegate). The Trustee remains liable for the acts or omissions of a delegate other than Austraclear Limited or Austraclear Services Limited or where the Trustee has acted in good faith and without fraud, negligence or wilful default in relation to the appointment of the delegate. However, the Trustee may include provision in the authorisation to protect and assist those dealing with the delegate as the Trustee thinks fit. The delegate may be a Related Entity of the Trust Manager or the Trustee.

Except as provided for in the Series Notice, the Trustee may not delegate the following:

- (i) the receipt and payment of money; and
- (ii) the right of enforcement or recovery.

(c) **Trustee's covenants**

The Trustee covenants with the Trust Manager that the following covenants are for the benefit of the Trust Manager, the Secured Creditors, the Residual Income Unitholder and each Residual Capital Unitholder jointly and severally:

- (i) it will act continuously as trustee of the Trust until the Trust is terminated in accordance with the Master Trust Deed or until it has retired or been removed in accordance with the Transaction Documents;
- (ii) it will exercise due diligence and vigilance in carrying out its functions and duties under the Transaction Documents;
- (iii) it will take all such corporate actions which are necessary (including, without limitation, obtaining all such corporate authorisations and approvals which relate to the Trustee's performance of its obligations only, and not those which apply to the Trust) to ensure that it is able to exercise all its powers and remedies and perform all its obligations under the Master Trust Deed and all other deeds, agreements and other arrangements entered into by the Trustee under the Transaction Documents;
- (iv) except where required by statute or law, it will not sell, mortgage, charge or part with the possession of any Assets of the Trust (or permit any of its officers to do so) except as permitted by the Transaction Documents;
- (v) it will forward promptly to the Trust Manager all notices, reports, circulars and other documents received by it as holder of the Assets of the Trust;
- (vi) it will act honestly and in good faith in the performance of its duties and the exercise of its discretions under the Transaction Documents, having regard to the interest of the Residual Income Unitholder, each Residual Capital Unitholder and the Secured Creditors;
- (vii) it will exercise such diligence and prudence as a prudent person of business would exercise in performing its express functions and in exercising its discretions under the Master Trust Deed, having regard to the interests of the Residual Income Unitholder, each Residual Capital Unitholder and the Secured Creditors;
- (viii) it will use its best endeavours to carry on and conduct its business insofar as it relates to the Transaction Documents in a proper and efficient manner;
- (ix) except as permitted by the Transaction Documents, and without prejudice to the Trustee's right of indemnity or reimbursement under the Master Trust Deed, it will not give any guarantees or incur or raise any financial indebtedness (other than in respect of trade creditors in the ordinary

course of business of the Trust) other than the Notes or the Support Facilities;

- (x) it will not terminate the obligations of any person under the Transaction Documents to which the Trustee is a party except in the manner contemplated by the relevant Transaction Document;
- (xi) it will not, in its capacity as trustee of the Trust, conduct any business other than the business permitted under the Transaction Documents;
- (xii) subject to the Transaction Documents, it will not mix or commingle the Assets of the Trust with the assets or property of any other trust or any other person;
- (xiii) it will maintain an arms' length relationship with its related bodies corporate in relation to dealings affecting the Trust;
- (xiv) it will not create any Security Interest over the Assets of the Trust for the benefit of any person except under the Master Security Trust Deed;
- (xv) except in the manner contemplated by the Transaction Documents, it will not terminate the Trust, transfer or deal with the Assets of the Trust or agree to the merger of the Trust with any other person or entity until all of the Borrowings raised have been repaid in full;
- (xvi) in its capacity as trustee of the Trust, it will not hold itself out (in that capacity) as an entity which is not separate from any other entity or group of entities;
- (xvii) it will cause the Trust Manager to maintain books and accounts and financial statements of the Trust separate from those of any other person; and
- (xviii) it will, upon receipt by the Trustee of the ABN of the Trust from the Australian Tax Office, notify the Trust Manager in writing of the receipt of the relevant information.

(d) **Trustee fees and expenses**

In consideration of the Trustee performing its functions and duties in respect of the Trust it will receive a fee, in an amount and calculated in such manner as may be agreed between the Trustee and the Trust Manager from time to time provided there is no Adverse Rating Effect.

All expenses reasonably and properly incurred by the Trustee in connection with the Trust or in exercising its powers under the Transaction Documents are payable or reimbursable out of the Assets of the Trust.

(e) **Trustee's voluntary retirement**

The Trustee may retire as trustee of the Trust only if it gives the Trust Manager 3 months' written notice (or such other period agreed between the Trustee and the Trust Manager) of its intention to retire and selects a new trustee as trustee of the Trust. The purported retirement of the Trustee and the purported appointment of a new trustee has no effect until the new trustee executes a deed under which it covenants to act as trustee in accordance with the Transaction Documents.

(f) **Removal of the Trustee**

The Trust Manager must, by written notice, require the Trustee to retire if it reasonably believes a Trustee Default has occurred in relation to the Trust. If the Trustee refuses to retire within 30 days of being required to do so, the Trust Manager is entitled to remove the Trustee from office immediately by notice in writing.

(g) **Trustee Default**

A Trustee Default occurs if:

- (i) an Insolvency Event occurs in respect of the Trustee (in its personal capacity);
- (ii) the Trustee merges or consolidates with another entity without the consent of the Trust Manager, such consent not to be unreasonably withheld;
- (iii) there is a change in the effective control of the Trustee which has not been approved by the Trust Manager, such approval not to be unreasonably withheld; or
- (iv) the Trustee breaches any material obligation or duty imposed on the Trustee under the Transaction Documents and is not remedied within 5 Business Days of notice requiring its remedy.

(h) **Limitation of the Trustee's Liability**

The Master Trust Deed applies to the Trustee only in its capacity as trustee of the Trust and in no other capacity. A liability arising under or in connection with the Master Trust Deed or the Trust can be enforced against the Trustee only to the extent to which it can be satisfied out of property of the Trust out of which the Trustee is actually indemnified for the liability. This limitation of the Trustee's liability extends to all liabilities and obligations of the Trustee in any way connected with any representations, warranty, conduct, omission, agreement or transaction related to the Master Trust Deed or the Trust.

The parties (including the Residual Income Unitholder and each Residual Capital Unitholder) may not sue the Trustee personally or seek the appointment of a liquidator, administrator, receiver (except in relation to property of the Trust) or similar person to the Trustee or prove in any liquidation, administration or arrangement of or affecting the Trustee (except in relation to property of the Trust).

These provisions shall not apply to any obligation or liability of the Trustee to the extent that it is not satisfied because under the Transaction Documents or by operation of law there is a reduction in the extent of the Trustee's indemnification out of the Assets of the Trust, as a result of the Trustee's fraud, negligence or wilful default.

Under the Master Security Trust Deed it is acknowledged that a breach of an obligation imposed on, or a representation or warranty given by, the Trustee under or in connection with the Master Security Trust Deed or any other Transaction Document will not be considered a wilful default by the Trustee unless the Trustee has acted negligently, or without good faith, in relation to the breach.

(i) **No investigation by Trustee**

The Trustee is not required to investigate whether any Mortgage Loan or Related Security satisfies the Eligibility Criteria and is not liable to any person in any manner whatsoever if any Mortgage Loan or Related Security does not comply with the Eligibility Criteria (whether the Trustee knew or ought reasonably to have known of such non-compliance with the Eligibility Criteria).

7.2 The Trust Manager

The Trust Manager is appointed, and agrees to act, as Trust Manager of the Trust on the terms set out in the Transaction Documents.

(a) **Obligations of the Trust Manager**

The Trust Manager agrees to perform and provide the following services in respect of the Trust:

- (i) the co-ordination of Borrowings of the Trust;
- (ii) the selection and management of Mortgage Loans, Related Securities, Authorised Investments and any Support Facilities required to be established and maintained pursuant to the Series Notice;
- (iii) the calculation of the Threshold Rate (if applicable);
- (iv) the calculation of all determinations to be made on each Determination Date and of all payments to be made on each Payment Date in accordance with the Series Notice;
- (v) the supervision of all accounting, financial reporting and preparation of tax returns for the Trust;
- (vi) the provision of reporting information required by the providers of financial accommodation to the Trust on the performance of the Trust and the Mortgage Loans and Related Securities held by the Trust;
- (vii) the preparation and delivery (by facsimile or such other method as the Trust Manager may consider appropriate) of:
 - A. such statements and reports as may be required under the Transaction Documents; and
 - B. any information, communications and documents requested by the Trustee;
- (viii) to verify and confirm to the Trustee that:
 - A. all information required to be supplied in accordance with the Transaction Documents is supplied on a timely basis; and
 - B. no statements in connection with the Master Trust Deed reveals any errors or any breaches of any provisions of a Transaction Document and to notify the Trustee immediately if any such breach is found, provided that the Trust Manager is not responsible or liable to investigate or go behind the relevant statements (except in the case of manifest error); and

-
- (ix) generally to act as the Trust Manager of the Trust as set out in the Master Trust Deed and the Series Notice.

(b) **Delegation by the Trust Manager**

The Trust Manager, in carrying out its duties and obligations in relation to the Trust, may:

- (i) by power of attorney appoint any person to be attorney or agent of the Trust Manager; and
- (ii) appoint in writing a person to be the delegate or the agent of the Trust Manager, provided that, in each case, the Trust Manager must not delegate a material part of its duties and obligations in relation to the Trust.

The Trust Manager remains liable for the acts and omissions of any such delegate, attorney or agent.

In addition, the Trust Manager may obtain and act on the opinion, advice or information obtained from valuers, solicitors, barristers, surveyors, contractors, brokers, qualified advisers, accountants and other experts or consultants whether instructed by the Trust Manager or the Trustee which the Trust Manager considers are necessary, usual or desirable for the purpose of enabling the Trust Manager to be fully and properly advised and informed in order that it may properly exercise its powers and obligations under the Master Trust Deed or any Transaction Document.

(c) **Trust Manager's Fee**

The Trust Manager is entitled to a fee for administering and managing the Trust.

In addition, all expenses reasonably and properly incurred by the Trust Manager in connection with the Trust or in performing its obligations or exercising its powers under the Master Trust Deed are payable or reimbursable out of the Assets of the Trust.

(d) **Trust Manager's voluntary retirement**

The Trust Manager may retire from the management of the Trust upon giving 3 months' written notice to the Trustee (or such lesser period as the Trust Manager and the Trustee may agree).

On its retirement, the Trust Manager may appoint in writing another corporation to be the trust manager of the Trust, subject to the approval of the Trustee and any approval required by law. If the Trust Manager does not propose a replacement at least 30 days before the Trust Manager proposes to retire or the Trustee does not approve of the replacement proposed by the Trust Manager, the Trustee may appoint a replacement trust manager as of the date of the proposed retirement. An appointment is not complete until the replacement trust manager executes a deed by which it covenants to be bound by the Series Notice. The appointment of the replacement trust manager must not cause an Adverse Rating Effect.

(e) **Removal of the Trust Manager**

Upon the occurrence of, or at any time after, a Trust Manager Default, the Trustee may, by notice to the Trust Manager and each Designated Rating Agency, immediately remove it as the Trust Manager under the Transaction Documents,

terminate the rights and obligations of the Trust Manager in respect of the Trust and appoint another corporation to be the trust manager of the Trust.

(f) **Trust Manager Default**

A Trust Manager Default occurs if:

- (i) the Trust Manager fails to allocate amounts received in respect of the Mortgage Loans or Related Securities of the Trust to the Collection Account, or fails to instruct the Trustee to pay the amounts distributable to the Secured Creditors, within the time periods specified in the Transaction Documents, and such failure is not remedied within 30 Business Days of notice delivered to the Trust Manager by the Trustee;
- (ii) the Trust Manager fails to prepare and submit the reports required of it in the time periods specified in a Transaction Document and such failure is deemed material by the Designated Rating Agency and is not remedied within 30 days of notice delivered to the Trust Manager;
- (iii) an Insolvency Event occurs in respect of the Trust Manager;
- (iv) the Trust Manager loses, or fails to maintain, any licenses or permits required by applicable legislation and such loss or failure is not remedied within 60 days of notice delivered to the Trust Manager by the Trustee;
- (v) the Trust Manager fails to remedy a breach of its obligations under the Transaction Documents within 30 days of written notice from the Trustee where such breach would have a Material Adverse Effect (in the opinion of the Trustee); or
- (vi) the Trust Manager fails to remedy a breach of a representation, warranty or certification within 30 days of written notice from the Trustee where such breach would have a Material Adverse Effect (in the opinion of the Trustee).

The Trustee may at its discretion waive any Trust Manager Default.

(g) **Limitation of the Trust Manager's Liability**

The Trust Manager is indemnified out of the Assets of the Trust in respect of any liability, cost or expense properly incurred by it in its capacity as Trust Manager of the Trust.

7.3 The Servicer

(a) **Appointment of Servicer**

On and from the date of execution of the Series Notice, the Originator is appointed, and agrees to act, as the Servicer of the Mortgage Loans and the Related Securities held by the Trust for the purposes of the Master Trust Deed as if named in the Master Trust Deed as a Servicer. The Servicer agrees to comply with, and be bound by, the Master Trust Deed in its capacity as Servicer.

(b) **Obligations of Servicer**

The Servicer will service the Mortgage Loans:

- (i) in accordance with the Master Trust Deed, the Series Notice and any relevant requirements of any Mortgage Insurance Policy, and any proper instructions given to it in writing by the Trust Manager (if the Servicer and the Trust Manager are not the same person), the Trustee or a Mortgage Insurer;
- (ii) in accordance with the Servicing Procedures as applied by the Servicer in the ordinary course of business from time to time; and
- (iii) to a prudent professional standard, using all proper care and skill and all its experience and expertise in the management of loan portfolios.

(c) **General Servicer Covenants**

The Servicer covenants with the Trustee and the Trust Manager that it will at all times during the term of its appointment in respect of the Trust:

- (i) take such action and incur such expenses as are necessary to enforce the terms of each Mortgage Loan or otherwise exercise any rights conferred under documentation in relation to the Mortgage Loan;
- (ii) if applicable, set the interest rate charged on each Mortgage Loan on the instructions of the Trust Manager at or above the Threshold Rate;
- (iii) prepare and collate all reasonably necessary performance statistics of the Mortgage Loans for a Trust;
- (iv) provide to the Trustee and the Trust Manager promptly from time to time such information, documents, records, reports or other information relating to the Mortgage Loans or the operations of the Servicer as may be reasonably requested by either of them;
- (v) on behalf of the Trustee, collect all Collections received by it in respect of each Mortgage Loan and remit Collections to the relevant Collection Account on or before the Payment Date relating to that Collection Period or as required by the Transaction Documents;
- (vi) with respect to any Mortgage Insurance Policies:
 - A. promptly make claims under Mortgage Insurance Policies when entitled to do so;
 - B. not do anything which could reasonably be expected to prejudicially affect or limit its rights, or the rights of the Trustee, under or in respect of Mortgage Insurance Policies to the extent those rights relate to a Mortgage Loan; and
 - C. comply with all requirements and conditions of the Mortgage Insurance Policies;
- (vii) not consent to the creation or existence of a Security Interest in the Mortgage Loans to a third party which ranks pari passu or before the interest of the Security Trustee;

-
- (viii) electronically identify all Mortgage Loans in its electronic database in order to identify:
 - A. the Collections and other relevant cashflows in respect of the Mortgage Loans; and
 - B. the calculation of performance statistics for the Mortgage Loans;
 - (ix) except as required by law, not:
 - A. release the Debtor from any amount owing in respect of a Mortgage Loan or otherwise vary or discharge any Mortgage Loan; or
 - B. enter into any agreement or arrangement which has the effect of altering the amount payable in respect of a Mortgage Loan where to do so would have a Material Adverse Effect;
 - (x) except as approved by the relevant Mortgage Insurer (if applicable), not grant any extension of the maturity of a Mortgage Loan or, except as otherwise required by law, allow any reduced payment that would result in such extension;
 - (xi) notify:
 - A. the Trustee and the Trust Manager of any event which it reasonably believes is likely to have a Material Adverse Effect, promptly after becoming aware of such event; and
 - B. the Trust Manager of anything that the Trust Manager reasonably requires regarding any modification of a Mortgage Loan;
 - (xii) compensate the Trust for any damages resulting from a breach of any of its covenants, representations or warranties in any Transaction Document;
 - (xiii) perform any obligations imposed upon the Servicer under the Series Notice;
 - (xiv) except for any act or omission which is outside the direct power or control of the Servicer, ensure compliance with the Consumer Credit Code in respect of the Mortgage Loans (to the extent that any such Mortgage Loan and Related Security is regulated by the Consumer Credit Code) and exercise the servicing obligations which are under the control of the Servicer in accordance with the Consumer Credit Code; and
 - (xv) provide a certificate to the Trustee on or about each 30 June and 31 December stating that, as at that date, to the best of the Servicer's knowledge, information and belief, no Servicer Default was subsisting as at that date.

(d) **Delegation by the Servicer**

A Servicer has the power to delegate or subcontract in relation to some or all of its obligations in accordance with the Transaction Documents.

Despite any delegation, AMP Bank Limited will remain liable for the servicing of the Mortgage Loans, the Related Securities and the other items referred to in the Transaction Documents and will remain liable for the acts or omissions of any officer, employee, agent, delegate or sub contractor.

(e) **The Servicer's Fees**

In consideration of the Servicer performing its functions and duties in respect of the Trust, it will be paid a monthly fee by the Trustee from the Trust determined according to a rate agreed by the Trustee, the Trust Manager and the Servicer.

(f) **Servicer Default and Removal of the Servicer**

A Servicer Default occurs if:

- (i) the Servicer fails to remit, any amount due under the Transaction Documents within 5 Business Days of receipt of a notice from either the Trustee or the Trust Manager to do so;
- (ii) the Servicer fails to prepare and submit to the Trust Manager in a timely fashion any information so required under the Transaction Documents and such failure will have an Adverse Rating Effect and, if capable of remedy, is not remedied within 30 days of notice delivered to the Servicer by the Trustee or the Trust Manager;
- (iii) an Insolvency Event occurs in respect of the Servicer; or
- (iv) any authorisation under any Consumer Credit Code expires or is repealed, revoked, terminated, modified or amended and is not replaced and such event has an Adverse Rating Effect;
- (v) the Servicer fails to observe or perform any term, covenant, condition or obligation provided for in the Transaction Documents where such failure has a Material Adverse Effect and continues for 30 days;
- (vi) any event has occurred which has a material adverse effect on the business of the Servicer and which has an Adverse Rating Effect; and
- (vii) a material change occurs with respect to the Servicing Procedures without the prior consent of the Trust Manager and which has an Adverse Rating Effect.

The Trustee may at its discretion waive any Servicer Default. The Trust Manager must notify the Trustee upon the Trust Manager becoming actually aware of any Servicer Default.

(g) **Termination of Servicer's appointment and transfer of servicing obligations**

Upon the occurrence of a Servicer Default, the Trustee may immediately by notice to the Servicer remove the Servicer as servicer of the Trust under the Transaction Documents and terminate all of the Servicer's rights and obligations under the Transaction Documents (including in relation to any Mortgage Loans and Related Securities) for the Trust.

(h) **Voluntary Retirement of Servicer**

A Servicer may retire as Servicer. The Servicer must give to the Trustee 3 months' notice in writing of its intention to retire or such lesser time as the Servicer and the Trustee agree. Upon the removal or retirement of the Servicer, the Trustee must use all reasonable endeavours to appoint a replacement servicer (the "**Substitute Servicer**") provided that the appointment of such Substitute Servicer will not result in an Adverse Rating Effect. The Trustee must act, or must appoint another person as its agent to act (provided such appointment will not result in an Adverse Rating Effect), as Servicer until the appointment of a Substitute Servicer is complete.

(i) **Substitute Servicer**

The purported appointment of a Substitute Servicer has no effect until the Substitute Servicer executes a deed with the Trustee and the Trust Manager under which it covenants to act as Servicer in accordance with the Master Trust Deed and the other Transaction Documents.

(j) **Servicer and Trust Manager to provide full co-operation**

The Servicer and the Trust Manager agree to provide their full cooperation in the event of a transfer of the functions of that Servicer. The Servicer and the Trust Manager must provide the Substitute Servicer with copies of all paper and electronic files, information and other materials as the Trustee or the Substitute Servicer may reasonably request as soon as practicable (and, in any event within 5 Business Days) after the removal or retirement of the Servicer in accordance with this Section.

(k) **Indemnity**

The Servicer indemnifies the Trustee from and against any expense, loss, damage, liability, fines, forfeiture, legal fees and related costs which the Trustee may incur as a direct consequence of:

- (i) any Servicer Default relating to it;
- (ii) a failure by the Servicer to perform its duties under the Transaction Documents where the failure to perform has an Adverse Rating Effect;
- (iii) non-compliance by the Servicer with any legislation where that non-compliance will have an Adverse Rating Effect; or
- (iv) any error or omission in any instructions or information given by the Servicer to any other person which has an Adverse Rating Effect,

in each case with the Trustee determining whether or not an Adverse Rating Effect has occurred or will occur.

(l) **Limitation of the Servicer's liability**

The Servicer is not liable for any loss suffered by a Secured Creditor or a beneficiary of the Trust except to the extent that such loss may be caused by a breach by that Servicer of any term of the Master Trust Deed or the Series Notice or its fraud, negligence or other default.

The maximum amount which the Servicer is liable to pay in damages for breach of a term of the Master Trust Deed or the Series Notice is limited to the Unpaid

Balance of the Mortgage Loans at the time of the breach after taking into account any payment received by, or due to, the Trustee under any relevant Mortgage Insurance Policy.

7.4 Anti-Money Laundering

Each party to a Transaction Document is obligated to take all action required to comply with any applicable anti-money laundering or counter-terrorism financing laws in connection with the performance of its obligations under the Transaction Documents

8. Master Security Trust Deed

8.1 Security

Under the Master Security Trust Deed and the General Security Deed, the Trustee, as trustee of the Trust, will grant to the Security Trustee a charge over all of the present and future assets of the Trust for the benefit of Secured Creditors (the "**Security**"). The Security Trustee will act as trustee of the Secured Creditors and hold the benefit of the charge on trust for the Secured Creditors.

8.2 Secured Creditors

The Secured Creditors are:

- (a) each Note Holder;
- (b) the Interest Rate Swap Provider;
- (c) the Redraw Facility Provider;
- (d) the Servicer;
- (e) the Originator;
- (f) the Trust Manager;
- (g) the Trustee;
- (h) the Custodian;
- (i) the Security Trustee; and
- (j) each Support Facility Provider (to the extent not included in the above paragraphs).

8.3 Events of Default

It is an Event of Default under the Series Notice, General Security Deed and Master Security Trust Deed if any of the following occur:

- (a) the Trustee fails to pay:
 - (i) in full any Coupon due and payable on any Class A Note, any Class A-R Notes or any Redraw Note within 10 Business Days of the Payment Date on which such interest was due to be paid (for such time that the Class A Notes, any Class A-R Notes or any Redraw Notes (as applicable) are outstanding);
 - (ii) if there are no Secured Moneys payable in respect of any Class A Notes, any Class A-R Notes or any Redraw Notes, in full any Coupon due and payable on any Class AB Note within 10 Business Days of the Payment Date on which such interest was due to be paid (for such time that the Class AB Notes are outstanding);
 - (iii) if there are no Secured Moneys payable in respect of any Class A Notes, any Class A-R Notes, any Redraw Notes or Class AB Notes, in full any Coupon due and payable on any Class B Note within 10 Business Days of

-
- the Payment Date on which such interest was due to be paid (for such time that any Class B Notes are outstanding);
- (iv) if there are no Secured Moneys payable in respect of any Class A Notes, any Class A-R Notes, any Redraw Notes, Class AB Notes or Class B Notes, in full any Coupon due and payable on any Class C Note within 10 Business Days of the Payment Date on which such interest was due to be paid (for such time that the Class C Notes are outstanding);
 - (v) if there are no Secured Moneys payable in respect of any Class A Notes, any Class A-R Notes, any Redraw Notes, Class AB Notes, Class B Notes or Class C Notes, in full any Coupon due and payable on any Class D Note within 10 Business Days of the Payment Date on which such interest was due to be paid (for such time that any Class D Notes are outstanding); or
 - (vi) in full to any other Secured Creditors, the relevant Secured Moneys payable to it in accordance with the relevant Transaction Document under which the obligation to pay such Secured Money arises, within 10 Business Days of the due date for payment (or within any applicable grace period agreed with the Secured Creditor to whom such Secured Moneys are payable) other than for such period as there are Secured Moneys payable in respect of the Notes, any payment of break costs due and payable from the Trustee to any Interest Rate Swap Provider in relation to the relevant Interest Rate Swap Agreement (unless the Trustee has sufficient funds to pay such break costs in accordance with the Cashflow Allocation Methodology and the Trustee fails to pay such break costs);
- (b) the Trustee fails to perform or observe any other provision (other than an obligation referred to in paragraph (a) above) of a Transaction Document insofar as it relates to the Trust and such failure will have a Material Adverse Payment Effect (other than in relation to a Class D Noteholder if any Class of Notes other than the Class D Notes is then outstanding) (as determined by the Trust Manager or the Trustee) and that default (in the opinion of the Security Trustee) is not capable of remedy or (if in the opinion of the Security Trustee is capable of remedy) is not remedied within 20 Business Days after written notice from the Security Trustee requiring the failure to be remedied;
 - (c) an Insolvency Event occurs in respect of the Trustee (in its capacity as trustee of the Trust) or an Insolvency Event occurs in respect of the Trustee (in its personal capacity) and a new trustee is not appointed within 60 Business Days of the occurrence of that event;
 - (d) the Trustee is (for any reason) not entitled to fully exercise the right of indemnity conferred on it under the Master Trust Deed against the Assets of the Trust to satisfy any liability to a Secured Creditor and the circumstances are not rectified to the reasonable satisfaction of the Security Trustee within 20 Business Days of the Security Trustee requiring the Trustee in writing to rectify them;
 - (e) the General Security Deed is not or ceases to be valid or enforceable;
 - (f) without the prior consent of the Security Trustee:
 - (i) the Trust is wound up, or the Trustee is required to wind up the Trust under the Master Trust Deed or applicable law, or the winding up of the Trust commences; or

-
- (ii) the Trust is held or is conceded by the Trustee not to have been constituted or to have been imperfectly constituted.

The Trust Manager must advise the Trustee and the Security Trustee upon becoming aware of the occurrence of an Event of Default.

8.4 Meetings of Secured Creditors

At a meeting, the Voting Secured Creditors must vote on whether to direct the Security Trustee by Extraordinary Resolution to:

- (a) declare the relevant charge to be enforceable; or
- (b) exercise all or any of its powers under the Transaction Documents; or
- (c) declare the Aggregate Invested Amount, all accrued interest and all other moneys owing to Note Holders under or in respect of the Notes to be immediately due and payable on demand, whereupon the same will become so due and payable.

8.5 Protection of Security Trustee

The Master Security Trust Deed also contains other provisions, which regulate the performance by the Security Trustee of its duties. These include the following:

- (a) the Security Trustee is not required to request information or keep itself informed about the circumstances of the Trustee or the Trust Manager or the performance by them of their respective obligations under the Transaction Documents or to consider or provide any Secured Creditor any information with respect to the Trustee or the Trust Manager;
- (b) the Security Trustee is not required to use any of its own funds and is not required to act until the Secured Creditors place it in funds or indemnify it to its satisfaction; and
- (c) subject to its express duties or obligations under the Master Security Trust Deed, the Security Trustee is not required to do anything without receiving specific instructions (by an Extraordinary Resolution) from the Voting Secured Creditors.

9. Liquidity Reserve Account and Redraw Facility Agreement

9.1 Liquidity Reserve Account

(a) **Establishment**

The Issuer will, on the Closing Date, deposit into the Liquidity Reserve Account an amount equal to the Initial Liquidity Deposit from the proceeds of issue of the Notes.

(b) **Purpose**

The Liquidity Reserve Account will be available to be withdrawn from by the Trustee to fund Liquidity Draws.

(c) **Excess Balance**

If, on any Determination Date, the Trust Manager determines that the balance of the Liquidity Reserve Account exceeds the Required Liquidity Reserve Amount on that Determination Date, then the Trust Manager must direct the Trustee to withdraw from the Liquidity Reserve Account an amount equal to that excess and allocate that amount to Total Available Principal for distribution as described in Section 6.3.

9.2 Redraw Facility

(a) **Purpose of the Redraw Facility**

Under the terms of the Mortgage Loans:

- (i) a Debtor may redraw principal which has been prepaid, up to the relevant scheduled principal balance of that Mortgage Loan; or
- (ii) in the case of a Mortgage Loan which is a FLA Mortgage Loan, the Debtor can make further drawings up to an amount not exceeding the relevant loan limit,

each with the consent of the Originator (each a “**Redraw**”). The Redraw Facility is made available to the Trustee by the Redraw Facility Provider to help fund the reimbursement of Redraws made by the Originator where the Principal Collections for a Collection Period are insufficient to reimburse the Originator for such Redraws.

(b) **Drawings on the Redraw Facility**

Following the occurrence of a Redraw Shortfall, advances under the Redraw Facility will be made for an amount equal to the lesser of the Redraw Shortfall and the amount available to be drawn under the Redraw Facility Agreement.

(c) **Interest and fees**

A market rate interest accrues on the daily balance of each Redraw until the drawing is paid in full.

A commitment fee accrues daily from the Closing Date on the un-utilised portion of the Redraw Limit, based on the number of days elapsed and a 365 day year.

(d) **Events of Default**

A Redraw Event of Default occurs if:

- (i) the Trustee fails to pay:
 - A. any amount owing under the Redraw Facility where funds are available for that purpose under the Series Notice; or
 - B. any amount due in respect of interest where funds are available for that purpose under the Series Notice,within 10 Business Days of the due date for payment of such amount;
- (ii) an Event of Default occurs in respect of the Trust and the Security Trustee (acting on the instructions of the Voting Secured Creditors) appoints a Receiver to the Assets of the Trust or is directed to sell or otherwise realise the Assets of the Trust in accordance with the Master Security Trust Deed and the General Security Deed;
- (iii) an Insolvency Event occurs:
 - A. in relation to the Trustee in its capacity as trustee of the Trust; or
 - B. in relation to the Trustee (in its corporate capacity) and a successor trustee of the Trustee is not appointed within 30 days of that Insolvency Event; or
- (iv) the Termination Date occurs in respect of the Trust.

(e) **Termination**

The Trust Manager may by giving not less than 5 Business Days notice to the Redraw Facility Provider and the Trustee, declare a Payment Date as the date upon which:

- (i) the Redraw Facility Provider will be replaced by a substitute Redraw Facility Provider; and
- (ii) the Redraw Facility will terminate.

On or before the declaration of the Payment Date by the Trust Manager, the Trust Manager must notify the Designated Rating Agencies of such termination of the Redraw Facility and the appointment of the proposed substitute Redraw Facility Provider on that Payment Date and determine that such termination or appointment will not result in an Adverse Rating Effect.

The Redraw Facility Provider may terminate the Redraw Facility by providing 90 days notice to the Trust Manager and the Trustee.

10. Interest Rate Swaps

10.1 General

The Trustee will enter into the Interest Rate Swap Agreement.

10.2 Interest Rate Mismatch between Mortgage Loans and Notes/Debt Instruments

The Trustee will enter into the Fixed Swap with the Fixed Swap Provider and the Basis Swap with the Basis Swap Provider.

The Fixed Swap will be used to hedge the interest rate risk between the fixed interest rate on the Fixed Rate Mortgage Loans (or which convert from a variable rate to a fixed rate) and the floating rate obligations of the Trustee under the Notes.

The Basis Swap will be used to hedge the basis risk between the variable interest rate applicable on the Mortgage Loans (or which convert from a fixed rate to a variable rate) and the floating rate obligations of the Trustee under the Notes.

The Basis Swap and the Fixed Swap will each be governed by the terms of the Interest Rate Swap Agreement entered into by the Trust Manager, the Trustee, the Fixed Swap Provider and the Basis Swap Provider.

The terms of each of the Basis Swap and the Fixed Swap allow for the netting of payments.

10.3 Fixed Swap

Under the Fixed Swap, on each Payment Date the Trustee will pay to the Fixed Swap Provider an amount calculated by reference to the applicable fixed rate of those Mortgage Loans which are subject to a fixed rate of interest on a notional amount calculated by reference to the Outstanding Balance of those Mortgage Loans which are subject to a fixed rate of interest (excluding those Mortgage Loans subject to a concessionary fixed rate of interest for an initial period of 12 months or less).

The Trustee will receive from the Fixed Swap Provider an amount calculated by reference to the applicable Bank Bill Rate plus a margin for the related Coupon Period on a notional amount calculated by reference to the Outstanding Balance of those Mortgage Loans which are subject to a fixed rate of interest (excluding those Mortgage Loans subject to a concessionary fixed rate of interest for an initial period of 12 months or less).

If a Debtor prepays any amount in respect of a Mortgage Loan which is subject to a fixed rate of interest (excluding those Mortgage Loans subject to a concessionary fixed rate of interest for an initial period of 12 months or less), the Fixed Swap Provider will determine the value of any break amount. If the break amount:

- (a) is positive, the Trustee must pay that break amount to the Fixed Swap Provider in accordance with the Cashflow Allocation Methodology; or
- (b) is negative, the Fixed Swap Provider must pay the absolute value of that Break Amount to the Trustee.

10.4 Basis Swap

Under the Basis Swap, the Trustee will pay to the Basis Swap Provider on the Payment Date an amount calculated by reference to the applicable variable rate of those Mortgage Loans

which are subject to a variable rate of interest on a notional amount calculated by reference to the Outstanding Balance of those Mortgage Loans which are subject to a variable rate of interest or a concessionary fixed rate of interest for an initial period of 12 months or less.

The Trustee will receive from the Basis Swap Provider an amount calculated by reference to the applicable Bank Bill Rate plus a margin for the related Coupon Period on a notional amount calculated by reference to the Outstanding Balance of those Mortgage Loans which are subject to a variable rate of interest or a concessionary fixed rate of interest for an initial period of 12 months or less.

10.5 Early Termination by the Interest Rate Swap Provider

Each Interest Rate Swap Provider will have the right to terminate an Interest Rate Swap in the following circumstances:

- (a) if the Trustee fails to make a payment due under an Interest Rate Swap within 10 Business Days after notice of failure is given to the Trustee; or
- (b) if, due to a change or a change in interpretation in law, it becomes illegal for the Interest Rate Swap Provider to make or receive payments, perform its obligations under any credit support document or comply with any other material provision of the Interest Rate Swap. However, the Interest Rate Swap Provider will only have the right to terminate the Interest Rate Swap if it has first made efforts to transfer its rights and obligations to another office or an affiliate to avoid the illegality provided that such transfer is notified to each Designated Rating Agency by the Trust Manager and the Trust Manager determines that this will not result in an Adverse Rating Effect; or
- (c) certain bankruptcy related events occur in relation to the Trustee; or
- (d) if due to any action taken by a taxation authority or a change in tax law the Interest Rate Swap Provider is required to gross-up payments on account of a non-resident withholding tax liability or receive payments from which amounts have been withheld or deducted on account of tax. However, the Interest Rate Swap Provider will only have the right to terminate the Interest Rate Swap Agreement if the Interest Rate Swap Provider has first made efforts to transfer the Interest Rate Swap to another office or affiliate provided that such transfer is notified to each Designated Rating Agency by the Trust Manager and the Trust Manager determines that this will not result in an Adverse Rating Effect; or
- (e) if an Event of Default occurs under the Master Security Trust Deed and the General Security Deed and the Security Trustee:
 - (i) declares the Security to be enforceable;
 - (ii) exercises all or any of its powers under the Master Security Trust Deed and the General Security Deed; or
 - (iii) declares the Aggregate Invested Amount, all accrued interest and all other moneys owing to Note Holders under or in respect of the Notes to be immediately due and payable on demand.

10.6 Early Termination by the Trustee

The Trustee will have the right to terminate an Interest Rate Swap in the following circumstances:

-
- (a) if an Interest Rate Swap Provider fails to make a payment under the Interest Rate Swap within 10 Business Days after notice of failure is given to the Interest Rate Swap Provider; or
 - (b) if an Interest Rate Swap Provider fails to comply with its obligations under the Interest Rate Swap Agreement (other than an obligation to make certain payments or deliveries) and such failure is not remedied on or before the 30th day after notice is given of such failure to the Interest Rate Swap Provider; or
 - (c) if, due to a change in or a change in the interpretation of the law, it becomes illegal for the Trustee to make or receive payments, perform its obligations under any credit support document or comply with any other material provision of the Interest Rate Swap. However, the Trustee will only have the right to terminate the Interest Rate Swap if it has first made certain efforts to transfer its rights and obligations to another office or affiliate to avoid the illegality, provided that such transfer is notified to each Designated Rating Agency by the Trust Manager and the Trust Manager determines that this will not result in an Adverse Rating Effect; or
 - (d) certain bankruptcy related events occur in relation to the Interest Rate Swap Provider; or
 - (e) if the Interest Rate Swap Provider merges with, or otherwise transfers all or substantially all of its assets to, another entity and the new entity does not assume all of the obligations of the Interest Rate Swap Provider under the relevant Interest Rate Swap Agreement; or
 - (f) the Interest Rate Swap Provider (or any guarantor of the Interest Rate Swap Provider) breaches a representation or warranty made by it in the Interest Rate Swap Agreement in a material respect; or
 - (g) the Interest Rate Swap Provider (or any guarantor of the Interest Rate Swap Provider) fails to comply with any obligation to be performed under any guarantee of the Interest Rate Swap Provider's obligations entered into in connection with the Interest Rate Swap Agreement and such failure is continuing under any applicable grace period, the termination of any such guarantee without the Trustee's consent, or the Interest Rate Swap Provider (or any guarantor of the Interest Rate Swap Provider) challenges the validity of any such guarantee; or
 - (h) if due to any action taken by a taxation authority or a change in tax law the Trustee is required to receive payments from which amounts have been withheld or deducted on account of tax and no entitlement to a corresponding gross-up arises other than as a result of its failure to perform certain tax covenants or, in certain circumstances, a breach of its tax representations. However, the Trustee will only have the right to terminate the Interest Rate Swap Agreement if it has first made efforts to transfer its rights and obligations to avoid this event to another office or affiliate provided such transfer is notified to each Designated Rating Agency by the Trust Manager and the Trust Manager determines that this will not result in an Adverse Rating Effect; or
 - (i) if an Event of Default occurs under the Master Security Trust Deed and the General Security Deed as a result of a failure by the Interest Rate Swap Provider to make, when due, a payment under the Interest Rate Swap Agreement and the Security Trustee:
 - (i) declares the Security to be enforceable;

-
- (ii) exercises all or any of its powers under the Master Security Trust Deed and the General Security Deed; or
 - (iii) declares the Aggregate Invested Amount, all accrued interest and all other moneys owing to Note Holders under or in respect of the Notes to be immediately due and payable on demand; or
 - (j) if an Interest Rate Swap Provider fails to comply with its obligations (including to post collateral) under the Interest Rate Swap in the event of the withdrawal or downgrade of its credit rating from any Designated Rating Agency as prescribed in the Interest Rate Swap Agreement within the relevant period and subject to the exceptions (if any) specified in the Interest Rate Swap Agreement; and
 - (k) in relation to the Fixed Swap only and where S&P is the Designated Rating Agency, an External Valuer fails to determine on a Semi-annual Valuation Date any Values that are required to be determined on that Semi-annual Valuation Date under the Interest Rate Swap Agreement.

If, on any Determination Date, the Trust Manager determines that the Total Available Funds are less than the Required Payments (each as calculated on that Determination Date), then:

- (a) the Trust Manager must direct the Trustee to terminate (and the Trustee will have the right to terminate) the Basis Swap; and
- (b) the Trust Manager and the Trustee must:
 - (i) enter into a replacement swap on substantially similar terms and with a counterparty as notified by the Trust Manager to each Designated Rating Agency and which counterparty the Trust Manager determines will not result in an Adverse Rating Effect; or
 - (ii) ensure the Servicer sets the weighted average interest rate on the Mortgage Loans to at least the Threshold Rate; or
 - (iii) enter into such other arrangements as notified by the Trust Manager to each Designated Rating Agency and which arrangement the Trust Manager determines will not result in an Adverse Rating Effect.

10.7 Fixed Swap Provider Downgrade

If, as a result of the withdrawal or downgrade of its credit rating by a Designated Rating Agency, the Fixed Swap Provider (or any co-obligor or guarantor of the Fixed Swap Provider, as applicable) does not have credit ratings equal to or higher than the level prescribed by such Designated Rating Agency as necessary to maintain the current rating of the Notes, then the Fixed Swap Provider will notify the Trustee and the Designated Rating Agencies of the downgrade and the Fixed Swap Provider at its cost:

- (a) if the relevant Designated Rating Agency is S&P:
 - (i) must comply with its collateralisation obligations under the Interest Rate Swap Agreement within 10 Business Days of such downgrade; and
 - (ii) may (or must if the downgrade is below a prescribed level), within 60 Business Days of such downgrade:

-
- A. novate its rights and obligations in respect of the Fixed Swap to an eligible replacement counterparty;
 - B. arrange for the provision of an eligible guarantee (as described in the Interest Rate Swap Agreement); or
 - C. enter into such other arrangements in respect of the Fixed Swap which are agreed with S&P and which the Trustee at the direction of the Trust Manager has determined will not have an Adverse Rating Effect; and
- (b) if the relevant Designated Rating Agency is Moody's:
- (i) must within 30 Business Days of such downgrade:
 - A. comply with its collateralisation obligations under the Interest Rate Swap Agreement;
 - B. novate its rights and obligations in respect of the Fixed Swap to an eligible replacement counterparty; or
 - C. arrange for the provision of an eligible guarantee (as described in the Interest Rate Swap Agreement); or
 - (ii) if the downgrade is below a prescribed level, must within 30 Business Days of such downgrade on a reasonable efforts basis:
 - A. novate its rights and obligations in respect of the Fixed Swap to an eligible replacement counterparty; or
 - B. arrange for the provision of an eligible guarantee (as described in the Interest Rate Swap Agreement).

11. The Originator and the Mortgage Loans

11.1 Introduction and background

The Originator is a wholly owned subsidiary of AMP Limited, the ultimate holding company of the AMP group of companies, comprising AMP Limited and its subsidiaries ("AMP Group").

The Originator was granted an authority to carry on banking business in Australia in March 1998 and commenced operations in Australia in June 1998. The Originator is registered in the State of New South Wales.

AMP Bank Limited is an Australian retail bank offering residential mortgages, deposits, transaction banking, and SMSF products with around 100,000 customers. It also has a portfolio of practice finance loans. The Bank distributes through brokers, AMP advisers, and direct to retail customers via phone and internet banking.

The Bank's key priorities are to:

- deliver compelling customer-centric propositions which meet a broader range of customer needs;
- combine technology and excellence in customer service to make it easier for customers to do their banking with AMP;
- drive growth through the Bank's access to AMP's distribution networks and platforms by enabling and encouraging advisers to offer banking solutions to clients to meet their core banking needs;
- maintain focus and growth through the mortgage broker segment;
- build a strong risk capability and maintain a conservative risk setting to protect the Bank, its customers and its shareholders; and
- continue to optimise the Bank's funding sources and invest in operating capacity to enable growth.

AMP Bank Limited is rated A by S&P Global Ratings. AMP Bank Limited is rated A2 by Moody's Investors Service and in November 2016 Moody's Investors Service placed AMP Bank Limited on negative outlook.

Operating earnings increased A\$20m (17%) to A\$140m in FY17 from A\$120m in FY16.

AMP Bank Limited's return on capital was 16.5% for FY17, down 0.2% from 16.7% in FY16.

Strong growth in operating profit largely driven by growth in the mortgage book; up 14% to \$18.9b at FY17. Bank capital position strengthened to support strong loan growth.

The banking activities of AMP Bank Limited come under the regulatory supervision of the Australian Prudential Regulation Authority, which is responsible (with the Reserve Bank of Australia) for the maintenance of overall financial system stability. The Originator's trading office is at 2-12 Macquarie Street, Parramatta, New South Wales 2150, Australia. The Originator's registered office is at 33 Alfred Street, Sydney, New South Wales 2000, Australia. AMP Group maintains a website at the address "[http:// www.amp.com.au](http://www.amp.com.au)".

11.2 AMP Limited

The Originator's ultimate holding company, AMP Limited, is listed on the Australian and New Zealand stock exchanges. AMP Limited is regulated under the Corporations Act and is subject to periodic and continuous disclosure requirements. The registered office of AMP Limited is at 33 Alfred Street, Sydney, New South Wales 2000, Australia.

For the year ended 31 December 2017, AMP Limited announced an underlying profit of A\$1,040m up from A\$486m for FY16. Underlying profit was primarily driven by the recovery in Australian wealth protection earning and strong operating earnings growth from AMP Bank (+17%) and AMP Capital (+8%).

AMP Limited is rated A by S&P Global Ratings and on 2 May 2018 it placed the ratings of AMP Limited and its subsidiaries and associated debt issues on CreditWatch with negative implications.

The Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry (the "**Royal Commission**") was established on 14 December 2017. The Commissioner will submit an interim report no later than 30 September 2018, and will provide a final report by 1 February 2019. The Royal Commission has held hearings on consumer loans and credit, and financial advice. AMP appeared before the Royal Commission to discuss fees for no service, investment platform fees and inappropriate advice. AMP may appear again in relation to life insurance and superannuation, although this hasn't been confirmed.

On April 20, 2018 AMP Limited announced the following actions to accelerate change within the organisation:

- the Chief Executive Officer to step down with immediate effect;
- an acting CEO immediately appointed until the search for the new CEO is completed; and
- AMP Limited will conduct an immediate, comprehensive review of the Group's regulatory reporting and governance.

On April 30, 2018 AMP Limited announced that the Chairman would step down from the Board and acting CEO appointed as interim Executive Chairman effective immediately.

On May 4, 2018 AMP Limited announced the appointment of an independent, non-executive Chairman who will commence on or before 1 July 2018.

On May 8, 2018 AMP Limited announced that three non-executive directors had chosen to resign from the AMP Limited Board.

On May 10, 2018 AMP Limited announced it had been served with two class action proceedings related to matters referred to during the hearings of the Royal Commission. AMP Limited intends to vigorously defend the proceedings.

On June 12, 2018 AMP Limited announced John O'Sullivan will join its Board as a non-executive director effective 20 June 2018.

On June 21, 2018 AMP Limited announced David Murray AO will commence as Chairman of its Board of Directors, effective immediately.

11.3 Origination, Credit and Collections

(a) *Origination Process*

The residential mortgage loans included in the assets of the trust were originated by either the Originator, AMP Finance Limited (formerly known as GIO Finance Limited), GIO Building Society Limited, GIO General Limited, GIO Personal Investment Services Limited or Priority One Financial Services Ltd. Mortgage loans were sourced through AMP and Charter Financial Advisers, accredited mortgage brokers and direct via the AMP contact centre, AMP staff and AMP shareholders.

(b) *Approval and Underwriting Process*

Residential loan applications are processed centrally at the Originator's Parramatta office. The loan applications are assessed and either approved or declined using the judgement of a credit lending specialist, in light of the existing credit policy. All loan applications must satisfy the Originator's credit policy and procedures, a summary of which is described in this Section. In circumstances where minor credit policy issues are mitigated by the strength of the application, approval will be provided by only the appropriate delegation authority of the Originator.

The property to be secured is required to be appraised by a valuer from the Originator's approved panel of registered valuers in the following circumstances:

- the loan-to-value ratio is above 80% or 60% for security property located in WA;
- the loan amount, exceeds A\$750,000;
- the security property is not zoned solely Residential;
- the security property is newly constructed (including house and land packages);
- the security property is located in a high density area;
- the security property is being purchased off the plan;
- the purchase is not at arm's length or is a private sale;
- the security property is not located within a major metropolitan or regional area (these areas are agreed with our Mortgage Insurers); and
- if the mortgage loan is a LoDoc Receivable.

The Originator requires its panel valuers to be members of the Australian Property Institute and hold current professional indemnity insurance of a minimum of A\$1 million.

In cases where a full valuation has not been obtained, the Originator requires an Electronic Valuation Report (EVR) or an Automated Valuation Method (AVM). A Contract for Sale will be accepted when the sale price is lower than a form of valuation listed above given that this is a conservative valuation.

The prospective borrower must have a satisfactory credit history and stable employment. The Originator requires all borrowers to satisfy a minimum disposable income level after all commitments, including allowances for living expenses and the proposed residential loan, with an allowance for interest rate increases. This is to ensure that the applicant has the capacity to repay loans from his or her current income.

The Originator verifies income on loan applications for all products, except for the LoDoc Receivables (if any). The verification process includes a review of the applicant's employment history and pay advice and/or tax returns. Such loans are referred to as "income-verified loans" in this Information Memorandum.

For LoDoc Receivables (if any), the Originator relies on each applicant's declaration of income in the loan application. The Originator receives an acknowledgment from the applicant that the Originator relies on the information in the loan application and the applicant's declaration that the information is true and correct. The Originator verifies that the applicant has been an ABN holder for at least 2 years.

In respect of both income-verified loans and LoDoc Receivables (if any), the Originator conducts credit checks and enquiries through the credit bureaus in accordance with current credit criteria. A statement of the applicant's current assets and liabilities is also obtained via the loan application form. In relation to LoDoc Receivables (if any), the applicant's net asset position is compared with declared income to assist in determining the capacity to meet payments.

Residential loan borrowers may be natural persons, trusts or corporations. Loans to corporations must be secured by personal guarantees from directors (in addition to residential real estate security).

The Originator reviews a sample of approved housing loans on a monthly basis to ensure individual credit lending specialists maintain all policy standards.

A condition of settlement is that the mortgagor establishes and maintains property insurance on the security property for the life of the loan.

The Originator's credit policies and approval procedures are subject to regular review and update by the Originator's credit risk committee.

(c) *Collection and Enforcement Process*

The Originator credits repayments to an individual loan on the date of receipt. Interest is accrued daily on the balance outstanding and charged monthly to each relevant loan account on the due date or the end of the month depending on the type of loan.

Loans are classified as being in arrears when the current balance of the loan is greater than the scheduled balance. Actions taken by the Originator in relation to loans classified as in arrears vary depending on the following elements and with the advice of the mortgage insurer:

- arrears history;
- equity in the property; and
- arrangements made with the borrower to meet overdue payments.

Arrears notices are automatically sent to both borrowers and guarantors when the loan is 5 days in arrears and 10 days in arrears.

Frequent attempts to contact the borrower are ongoing when the loan is 15 days or more in arrears. The credit services officers have the authority to agree to clearance of arrears with the borrowers on the condition that the arrangements do not exceed 3 months. Any arrangement exceeding 3 months must have the approval of both the credit services manager and the relevant Mortgage Insurer (as required). An electronic diary system is maintained for each loan to record all proceeding information in relation to the arrears management process.

In the event all attempts to obtain payment fail, final notices are sent to borrowers when the account is between 45-70 days in arrears. The final notice demands payment within 7 days from the date of the final notices. If the arrears amount is not received in full, a default notice will issue, then formal court proceedings for the accelerated loan balance (approximately 120-150 days). Hardship may be granted where the Originator considers the customer's financial difficulty is short term and will be resolved in 3 to 6 months. Customers who are approved for hardship are required to meet a serviceability test prior to any capitalisation of arrears.

Eviction will be scheduled usually from 180 days depending upon State legislation. Upon possession of each secured property and advice from the Mortgage Insurers, valuations of security are ordered and the sale process commences.

The Originator notifies the relevant mortgage insurer when the account is in arrears by more than 60 days (term loan) and keeps the Mortgage Insurer informed of the loan position and status of recovery actions. In instances where a shortfall has been incurred after the sale, the mortgage insurer is contacted and a claim lodged.

The information in this Section 11 is provided by AMP Bank Limited.

Originator Loss and Delinquency Experience

The first table summarises the delinquency experience of the home loan portfolio serviced by AMP Bank Limited including securitised loans. LoDoc Receivables are included in the numbers from January 2005 when the product was introduced. The second table summarises the historical loss experience for the home loan portfolio serviced by AMP Bank Limited including securitised loans. Loan losses for each period are net of recoveries including claims under mortgage insurance policies and include securitised loans. Percentage losses are calculated based on the average outstanding balance for the period. This information is provided by AMP Bank Limited.

There can be no assurance that the delinquency and foreclosure experience with respect to the Mortgage Loans comprising the pool will correspond to the delinquency and foreclosure experience of the Servicer's mortgage portfolio set forth in the foregoing tables. Indeed, the statistics shown in the preceding tables represent the delinquency and foreclosure experience for the total one-to-four-family residential mortgage portfolios for each of the years presented, whereas the aggregate delinquency and foreclosure experience on the Mortgage Loans will depend on the results obtained over the life of the pool. In addition, the foregoing statistics include Mortgage Loans with a variety of payment and other characteristics that may not correspond to those of the Mortgage Loans in the pool. Moreover, if the one-to-four-family real estate market should experience an overall decline in property values such that the principal balances of the housing loans comprising the Mortgage Loan pool become equal to or greater than the value of the related mortgaged properties, the actual rates of delinquencies and foreclosures could be significantly higher than those previously experienced by the Servicer. In addition, adverse economic conditions, which may or may not affect real property values, may affect the timely payment by borrowers of scheduled payments of principal and interest on the Mortgage Loans and, accordingly, the rates of delinquencies, foreclosures, bankruptcies and losses with respect to the pool.

11.4 Product Types

The Originator's products and services include an extensive range of mortgage loans for residential and investment properties and a flexible product portfolio of transaction, savings and investment deposit accounts.

The following Originator product types will be included in the Assets of the Issuer Trust:

(a) *Variable Rate Loans*

Variable interest rate term loan products are secured by residential property. The variable interest rate charged on these loans may fluctuate depending upon market conditions. The Originator may offer a concessional rate off the standard variable interest rate. The amount of concession offered depends upon total customer borrowings or special or restricted offers made from time to time.

The Originator may offer customers an introductory interest rate for a period up to 12 months for new business. Upon expiry of the introductory period the interest rate will automatically convert to a variable rate loan product type.

The loan allows redraws to the extent that the borrower's outstanding balance is less than the scheduled limit. Monthly account management or annual package fees may be payable and individual transaction fees may apply after a number of free transactions per month.

(b) *Fixed Rate Loans*

The Originator's fixed rate loans are a term loan product secured by residential property where the interest rate is fixed for a selected period of up to 5 years. The Originator may offer a discount off the standard fixed rate loan interest rate depending on the total borrowings or special or restricted offers made from time to time.

Additional principal repayments may be permitted on this loan up to a maximum of A\$10,000 per 12 month period without incurring early repayment interest costs. No redraws are permitted on this loan. Monthly account management fees may be payable.

Upon expiry of the fixed interest rate period the loan will convert to a variable interest rate loan product type. However, the borrower has the option to fix the interest rate for a further period of up to 5 years at no additional cost.

The Originator may offer customers an introductory interest rate for a period up to 12 months for new business. Upon expiry of the introductory period the interest rate will automatically convert to a variable rate loan product type. However the borrower has the option to fix the interest rate at standard fixed rates for a further period of up to 5 years at no additional cost.

(c) *Line of Credit (LoC) Loans*

A variable interest rate term loan product with transaction capability via cheque book and card, should the customer choose those options. The LoC is secured by residential property and has a maximum interest only period of 10 years. The balance of the loan term requires repayments of principal and interest so that the loan is fully repaid at the end of its term.

The interest rate charged on these loans will vary depending upon market conditions. A concession off the standard variable interest rate may be offered dependent upon the total customer borrowings or special or restricted offers made from time to time.

The LoC allows further drawings to the extent that the borrower's outstanding balance is less than the scheduled limit through both the interest only and principal and interest periods. Over the principal and interest period the limit will amortise as with the Originator's variable rate loan products.

Should the account balance run in credit, the LoC pays credit interest on balances from \$20,000 for the time the loan is in credit.

Monthly account management or annual package fees may be payable and individual transaction fees may apply after a number of free transactions per month.

12. Mortgage Loan Statistics

The statistics set out in this Section 12 are in relation to the pool of Mortgage Loans to be specified in the Receivables Transfer Direction and Sale Notice and selected on the Cut-Off Date from the Pool set out in this Section 12 of the Information Memorandum. The statistics were prepared based on data as at the close of business on the Cut-Off Date.

In respect of the below tables which show a total of 3,631 individual Mortgage Loans, certain Mortgage Loans have been aggregated and displayed as a single consolidated Mortgage Loan where the relevant Debtor has more than one Mortgage Loan in the pool that is secured by the same Related Securities.

In respect of all tables below, all amounts are listed in A\$. In respect of the Summary Table below, investment loans are calculated on a consolidated basis and refer to those loans where the debtor does not reside in the security property. It is noted that for investment loans and the Geographic Distribution table provided below, where a Mortgage Loan is secured by more than one Security Mortgage, only details in respect of the primary Security Mortgage are displayed.

13. Mortgage Insurance Policies and Mortgage Insurers

13.1 Overview

Each Mortgage Loan is insured under a Primary Mortgage Insurance Policy or a Pool Insurance Policy provided by QBE or under a General Mortgage Insurance Policy provided by Genworth.

Certain corporate details in relation to Genworth and QBE are set out in Sections 13.7 and 13.8 respectively.

13.2 Summary of Mortgage Insurance Policies

A summary of the Mortgage Insurance Policies is set out below. More specific details in relation to the Mortgage Insurance Policies are set out in Sections 13.3, 13.4, 13.5 and 13.6.

Primary Cover

Subject to the exclusions mentioned below, and in compliance with the conditions of the relevant Mortgage Insurance Policy, primary cover insurance covers:

- (a) any principal loss;
- (b) any amount of interest loss at the lowest rate payable under the Mortgage Loan; and
- (c) costs relating to the maintenance and sale of the Property, and the enforcement of the mortgagee's rights, reasonably and necessarily incurred which are not recovered from enforcement,

after all securities under a defaulting Mortgage Loan are enforced.

Exclusions

A Mortgage Insurance Policy may not cover (among other things) losses arising from a Mortgage Loan relating to:

- (a) the liability of the Trustee under any environmental legislation;
- (b) the payment of any further penalty or liability to pay damages;
- (c) refusal to comply with reasonable directions of the Mortgage Insurer;
- (d) the Mortgage Loan and Related Securities becoming invalid, unenforceable or losing priority; or
- (e) material or physical damage to a Property. In this regard, the Trustee relies on general insurance policies.

Further, a Mortgage Insurer may reduce claims based on the extent to which the rights of the Trustee to the Mortgage Loan or Related Securities has been reduced as a result of negligence on the part of the Trustee, the Servicer or the Trust Manager.

Duty of Disclosure

There is a duty to disclose to the Mortgage Insurer all matters relevant to the Mortgage Insurer's decision whether to accept the risk of the insurance. If this duty is breached, the Mortgage Insurer may be entitled to reduce its liability under a policy in respect of a claim or

may cancel the policy. If non-disclosure is fraudulent, the Mortgage Insurer may also have the option of voiding the policy from its inception.

The specific items covered by each Mortgage Insurance Policy are detailed below.

Responsibilities

The obligations of the Trustee in respect of a Mortgage Insurance Policy may be performed by parties delegated to perform those obligations under the Transaction Documents.

13.3 Pool Insurance Policy - QBE

A Pool Insurance Policy is provided by QBE.

Securing and protecting the Mortgage Loan

The Mortgage Loan must be secured by an enforceable mortgage over real estate property in Australia. The insured is not insured if the mortgage is not enforceable.

The insured must follow the procedures of a prudent lender in preparing, administering and managing the insured mortgage loan.

Variations

The insured may make variations to the insured mortgage loan only with QBE's prior written consent.

Submission of a claim

The insured is permitted to submit a claim for loss:

- (a) when the sale of the mortgaged property has been settled; or
- (b) when QBE asks the insured to submit a claim for loss before the mortgaged property has been sold; or
- (c) when the mortgagee under a prior mortgage has completed the sale of the mortgaged property.

The claim should be lodged within 30 days of:

- (a) the settlement date; or
- (b) a request from QBE.

In support of the claim, the insured must provide to QBE all documents and information QBE reasonably requires.

Any payment of a claim QBE makes is a full and final discharge of QBE's liability under the mortgage pool insurance policy, in respect of the mortgage loans related to the claim.

At QBE's discretion, QBE may pay a claim before the mortgaged property has been sold.

Within fourteen days of receipt by QBE of the complete claim documentation, including all documentation and information reasonably required by QBE, QBE will assess the claim and pay to the insured the amount to which the insured is entitled.

Calculation of loss

The insured's loss is the "amount owing" to the insured less the "amount recovered" by the insured as described below.

The "amount owing" to the insured is the total of:

- (a) the balance of the mortgage loan account at the settlement date; and
- (b) interest on the balance of the mortgage loan account from the settlement date to the date of claim to a maximum of 30 days; and
- (c) any GST incurred by the insured on the sale or transfer of the mortgaged property to a third party and any GST which the insured property incurs in respect of any of the costs, fees, disbursements or commissions specifically identified under paragraph (d) in this Section; and
- (d) costs incurred on sale of the mortgaged property which include:
 - (i) costs properly incurred by the insured for insurance premiums, rates, land tax (calculated on a single holding basis) and other statutory charges on the mortgaged property;
 - (ii) reasonable and necessary legal fees and disbursements the insured incurs in enforcing or protecting the insured's rights under the insured mortgage loan;
 - (iii) reasonable agent's commission, advertising costs, valuation costs and other costs relating to the sale of the mortgaged property;
 - (iv) reasonable and necessary costs incurred by the insured in maintaining (but not restoring) the mortgaged property, however total costs in excess of A\$1,500 can be included only if the insured had QBE's prior written consent to incur them; and
 - (v) any amounts applied by the insured with QBE's prior written consent to discharge a security interest having priority over the insured mortgage loan.

The "amount owing" to the insured does not include:

- (a) interest charged in advance;
- (b) default rate interest;
- (c) higher rate interest payable because of failure to make prompt payment;
- (d) fines, fees or charges debited to the mortgage loan account;
- (e) costs of restoration following damage to or destruction of the mortgaged property;
- (f) costs of removal, clean up and restoration arising from contamination of the mortgaged property;
- (g) additional funds advanced to the debtor without QBE's written consent (other than any loan redraws made in respect of amounts by which scheduled loan instalments have been exceeded);

-
- (h) amounts the insured pays in addition to the mortgage loan amount to complete improvements;
 - (i) cost overruns; and
 - (j) any civil or criminal penalties imposed on the insured under legislation including the Consumer Credit Code.

The "amount recovered" by the insured is the total of:

- (a) the gross proceeds of sale of the mortgaged property;
- (b) any amount incurred by the insured in respect of GST relating to the mortgaged property to the extent for which the insured is entitled to claim an input tax credit;
- (c) early repayment fees;
- (d) break funding costs; and
- (e) the following if not already applied to the credit of the mortgage loan account:
 - (i) compensation received for any part of the mortgaged property that has been resumed or compulsorily acquired;
 - (ii) all rents collected and other profits received relating to the mortgaged property;
 - (iii) any sums received under any insurance policy relating to the mortgaged property not applied to restoration of the mortgaged property following damage or destruction;
 - (iv) all amounts recovered from the exercise of the insured's rights relating to the mortgage loan; and
 - (v) any other amount received relating to the insured mortgage loan including any amounts received from the debtor, any guarantor or prior mortgagee.

Reductions and cancellation

The making of any disclosure, non-disclosure or representation, the doing of any act or thing, the omission to do any act or thing or the receipt of any moneys by the Trust Manager, the Originator or the Trustee is deemed to be done or not done, as the case may be, by the insured. If the insured fails to comply with its duty of disclosure QBE may, refuse to pay a claim, reduce its liability under or cancel the mortgage pool insurance policy.

Where the insured has made a claim and the insured's loss has been increased due to the insured's consent, without QBE's written approval, to:

- (a) the creation of any lease, licence, easement, restriction or other notification affecting the mortgaged property; or
- (b) an increase in or acceleration of the payment obligation of the debtor under any security interest having priority over the insured mortgage loan, then,

QBE may reduce the amount payable by the amount of that increased loss.

Where QBE pays any claim, the amount of that payment will be less the amount of any GST input tax credit or reduced input tax credit (together in this paragraph, "Input Tax Credits") that are or may be made available to the insured by reason of any taxable supply made to the insured in connection with the exercise of the insured's rights under or connection with the mortgaged property and in respect of which the payment is made. If the payment is not made in respect of any particular taxable supply to the insured, then the payment shall be reduced by such amount as reflects the Input Tax Credits that are available to the insured if the payment had been applied in connection with the exercise of the insured's rights under or connection with the mortgaged property or for the provision to the insured of any services in connection with the exercise of such rights.

Where the insured's loss has been increased due to the insured making a false or misleading statement, assurance or representation to the debtor or any guarantor, QBE may reduce the amount paid to the insured in the event of a claim by the increase in the insured's loss.

13.4 Pool Insurance Policy - Genworth

A Pool Insurance Policy is also provided by Genworth.

Securing and protecting the Mortgage Loan

The Mortgage Loan must be secured by an enforceable mortgage over real estate property in Australia. The insured is not insured if the mortgage is not enforceable.

The insured must follow the procedures of a prudent lender in preparing, administering and managing the insured mortgage loan in accordance with generally accepted industry standards.

Variations

The insured may make variations to the insured mortgage loan only with Genworth's prior written consent.

Submission of a claim

The insured is permitted to submit a claim for loss:

- (a) on completion of the sale of the property (where the property is sold);
- (b) on completion of a foreclosure of the property (where there is a foreclosure on the property);
- (c) on the later of completion of the acquisition or sale or 28 days after default (where the property has been compulsorily acquired and there is a default); or
- (d) where Genworth purchases the mortgage, on the date on which the purchase takes place,

each a "**Loss Date**".

The claim should be lodged within 30 days of:

- (e) the Loss Date; or
- (f) a request from Genworth.

If a claim is lodged after the 30 days, Genworth's liability in respect of the claim will be reduced by the amount of any prejudice suffered by Genworth by reason of the delay.

In support of the claim, the insured must provide to Genworth all documents and information Genworth reasonably requires.

Any payment of a claim Genworth makes is a full and final discharge of Genworth's liability under the mortgage pool insurance policy, in respect of the mortgage loans related to the claim.

At Genworth's discretion, Genworth may pay a claim before the mortgaged property has been sold.

Within twenty business days of receipt by Genworth of the complete claim documentation, including all documentation and information reasonably required by Genworth, Genworth will assess the claim and pay to the insured the amount to which the insured is entitled.

Calculation of loss

The insured's loss is the "amount outstanding" to the insured less "deductions" and "reductions" by the insured as described below.

The "amount outstanding" to the insured is the total of the loan account balance at the Loss Date and any of the following amounts which the insured is entitled to recover under the loan contract but have not included in the loan account balance:

- (a) reasonable premiums for insurance over the property paid by the insured;
- (b) rates, taxes and other statutory charges (calculated on a single holding basis) in relation to the property paid by the insured (excluding liabilities incurred before the commencement of the pool policy);
- (c) levies and other charges payable to a body corporate under a strata title system in relation to the property paid by the insured (excluding liabilities incurred before the commencement of the pool policy);
- (d) reasonable legal costs, mercantile agent's fees and other collection costs paid by the insured necessarily incurred in enforcing or protecting the rights of the insured up to a maximum amount as at the Loss Date (excluding legal costs and charges incurred in relation to establishment of the mortgage);
- (e) costs of maintenance and protection of the property including costs for locksmiths, repairs, cleaning, maintenance and storage in relation to the property paid by the insured up to a maximum amount as at the Loss Date;
- (f) sale costs in relation to the property including real estate agent fees and advertising costs paid by the insured up to a maximum amount as at the Loss Date;
- (g) interest on the balance of the mortgage loan account from the Loss Date to the earlier of the date of payment of the claim by Genworth and 30 days after the Loss Date;
- (h) reasonable valuer's fees paid by the insured for the valuation of the property for the purpose of enforcement of the mortgage up to a maximum amount as at the Loss Date;
- (i) reasonable property presenter's fees paid by the insured for the presentation of the property for sale up to a maximum amount as at the Loss Date;
- (j) reasonable display furniture fees as agreed between the insured and Genworth in writing and paid for by the insured;

-
- (k) payment dishonour fees in respect of payments under the loan contract paid by the insured to third parties up to a maximum amount;
 - (l) any amount paid by the insured to discharge a prior approved mortgage; and
 - (m) other amounts paid by the insured in relation to the property which are identifiable as agreed claimable amounts as at the Loss Date up to a maximum amount.

The "deductions" are the sum of the following amounts not applied in reduction of the loan account balance as at the Loss Date:

- (a) the proceeds of sale of the mortgaged property;
- (b) compensation received for any part of the property that has been compulsorily acquired;
- (c) where foreclosure occurs in respect of the property, the value of the insured's interest in the property, treating the insured's interest as including the interest under any mortgage with priority over the mortgage other than a prior approved mortgage;
- (d) any amount received in respect of any collateral security;
- (e) any rents, profits or proceeds received relating to the property or any collateral security;
- (f) any amounts received under any insurance policy relating to the property not applied to restoration of the property;
- (g) any other amount received relating to the loan contract or any collateral security including any amount received from the debtor;
- (h) the reduction in the value of the property due to physical damage (other than fair wear and tear) to, or contamination of, the property as determined by a valuer nominated by Genworth; and
- (i) any amount of input tax credit the insured is entitled to claim in respect of GST incurred in relation to any expenditure on any component of the amount outstanding; plus

the sum of the following amounts included in the loan account balance:

- (j) interest charged in advance
- (k) interest charged in excess of the standard interest rate;
- (l) rates, taxes and other statutory charges incurred before the loan account was insured by Genworth;
- (m) levies and other charges payable to a body corporate under a strata title scheme incurred before the loan account was insured by Genworth
- (n) fees or penalties including early repayment fees, funding break fees and deferred establishment fees charged by the insured except for loan establishment fees and monthly account keeping fees and payment dishonour fees paid by the insured to a third party in respect of payments under the loan contract;
- (o) costs of repair of physical damage to the property other than fair wear and tear;

-
- (p) costs of removal of any contaminant from the property and the cost of clean up and restoration in respect of any contamination of the property;
 - (q) where the insured loan is a construction loan, amounts paid in addition to the loan amount to complete any construction, alteration or renovation on the property; and
 - (r) any amount exceeding the maximum amount claimable under paragraphs (e), (f), (h), (i), (k) and (m) of the calculation of the "amount outstanding".

The "reductions" are the aggregate of the following:

- (a) the amounts that represent the extent to which the insured has been prejudiced as a result of:
 - (i) misrepresentation or breach of the duty of disclosure;
 - (ii) breach of any term of the pool policy;
 - (iii) a loan being reopened under section 70 of the UCCC or being varied under section 72 of the UCCC or being varied, other than with Genworth's approval; or
 - (iv) the debtor having a defence, a right of set-off or a counter claim in any proceedings taken by or on behalf of the insured;
- (b) where a collateral security in relation to the loan is unenforceable, the amount which could have been recovered from that collateral security if it was enforceable; and
- (c) where a valuer upon whose valuation the insured relied in respect of the loan was, in respect of or in connection with that valuation, negligent or in breach of a duty:
 - (i) if at the time the valuation was provided the valuer was not an approved valuer, the amount of the loss which resulted from the negligence or breach of duty of the valuer. This provision shall not apply to a valuation provided prior to the commencement of the pool policy; and
 - (ii) if at the time the valuation was provided the valuer was an approved valuer, where the valuer's liability is reduced on account of negligence on the part of the insured, the amount of the reduction of the valuer's liability on account of negligence on the part of the insured.

13.5 Primary Mortgage Insurance Policy - QBE

A Primary Mortgage Insurance Policy is provided by QBE.

(a) Loss Covered - QBE

The loss recoverable under the Primary Mortgage Insurance Policy is expressed to be the amount owing under the Mortgage Loan, less the amount recovered. The amount owing is the total of:

- (i) the balance of the Mortgage Loan at the day on which the sale of the Property is completed;
- (ii) interest on the balance from that day to the date of claim up to a maximum of 30 days; and

-
- (iii) certain costs incurred on sale of the Property.

Certain amounts are expressly excluded from the amounts owing. These include interest charged in advance, default interest, fines, fees or charges debited to the Mortgage Loan account, additional funds advanced without the written consent of QBE, any civil or criminal penalties imposed on the Trustee, including under the Consumer Credit Code and any loss resulting from the reopening of a contract under the Consumer Credit Code.

The amount recovered by the Trustee is expressed to be the gross proceeds of sale of the Property and certain amounts, such as compensation for compulsory acquisition, rents and profits, amounts received under other insurance policies and amounts received in relation to any Related Security.

(b) **Exclusions**

The amount of a claim will be reduced if the amount of loss is increased for certain reasons with the consent of the Trustee but without the consent of QBE, or where the amount of that loss has been increased due to a false or misleading statement made to the Debtor by the Trustee.

If there is contamination of the Property, a claim will only be met when the contaminant has been removed and the Property is cleaned-up and restored to its original condition. The amount of any claim will be reduced by the costs of the removal, clean-up and restoration arising from contamination.

Amounts paid will also be reduced:

- (i) if any matter relevant to insurer's risk in accordance with the Insurance Contracts Act 1984 is not disclosed unless the matter diminishes the risk, is common knowledge, is known to the insurer or the insurer ought to know, or there is a waiver; or
- (ii) if a breach of the policy results in prejudice to QBE's position, to the extent of that prejudice.

Where any non-disclosure is fraudulent, QBE will have the option of voiding the insurance contract from inception.

(c) **Mortgage Managers**

Mortgage managers are acknowledged as the Trustee's agents under the policy. The Trustee will be responsible for any non-disclosure or misrepresentation arising from information provided by or through such persons.

(d) **Claims**

Claims must be made within 30 days of the date of settlement of the sale of the Property or, if earlier, the date on which the claim is requested by QBE. QBE is obliged to assess the claim and pay any amount to which the Trustee is entitled within 14 days of receipt of completed claim documentation, which includes all documents and information which QBE reasonably requires.

(e) **General Conditions**

General conditions under the Primary Mortgage Insurance Policy include:

- (i) **Management:** The loan account must be managed by the Trustee or a mortgage manager approved in writing by QBE. A mortgage manager or the Trustee may be removed from management of the account if the management is unsatisfactory or a receiver or administrator is appointed.
- (ii) **Debtor default reporting:** A default by a Debtor must be reported in writing within 14 days:
 - A. if the amount unpaid is greater than 4 monthly instalments or one monthly instalment where the amount outstanding is greater than A\$300,000;
 - B. if the amount of the Mortgage Loan is not repaid at the expiry of the term of the Mortgage Loan;
 - C. if the Trustee takes possession of the Property;
 - D. if the Trustee is aware that a prior mortgage is in default, another mortgagee intends to sell or has sold the Property, bankruptcy or winding up proceedings begin or a receiver or manager is appointed over the mortgagor or any guarantor, the rights of the mortgagor or any guarantor are assigned to creditors, a claim following an intended sale is likely or there has been or will be a default under the Mortgage Loan or any other material event occurs in relation to the Related Security.
- (iii) **Further Advance:** The advance may only be made in respect of a Mortgage Loan if the prior written consent of QBE is obtained and an additional fee paid unless a Redraw occurs where the Debtor's payments are in advance of the scheduled payments.
- (iv) **Security:** Only enforceable registered mortgages are insured. Each Mortgage Loan must be either a first mortgage or a second mortgage where the first mortgage is with an institution and for an amount (alone and with the second mortgage) approved by QBE. The Trustee must protect its security and variations or releases must not occur without QBE's written consent.
- (v) **Property:** The Property must be:
 - A. adequately insured for standard perils; and
 - B. repaired and restored if necessary (such costs not being insured by the QBE policy).
- (vi) **Variations:** QBE must consent to any variation in the Loan Agreement.
- (vii) **Reports:** These must be given monthly or as directed.
- (viii) **Sale:** Consultation must occur in relation to an intended sale of the Property, including providing certain information as to the value of the Property. Rents and profits from possession are to be credited to the Mortgage Loan account.

13.6 General Mortgage Insurance Policy - Genworth

The General Mortgage Insurance Policy provides both primary and pool mortgage insurance coverage. Details of the General Mortgage Insurance Policy are as follows.

(a) Loss Covered

Losses covered include:

- (i) Outstanding Balance together with any interest, fees or charges (whether capitalised or not);
- (ii) general insurance policy premiums, rates, taxes, levies and other statutory charges incurred by the Trustee;
- (iii) fees or charges incurred by the Trustee in respect of repair, maintenance and protection of the Property (limited to A\$1,000 without the Mortgage Insurer's approval);
- (iv) reasonable costs incurred by the Trustee in relation to the sale of the Property (limited to A\$1,000 plus selling agent's commission unless otherwise agreed); and
- (v) reasonable and necessary legal and other costs paid or incurred by the Trustee in enforcing or protecting its rights under the Loan Agreement (limited to A\$2,000 unless otherwise agreed),

which the Trustee is entitled to recover under the relevant Loan Agreement or Related Security.

(b) Reduction of Claims

A claim may be reduced by (in aggregate):

- (i) amounts received under any Related Securities;
- (ii) the sale price or, if compulsorily acquired, compensation less any amounts needed to discharge prior mortgages if the Property is sold;
- (iii) if foreclosure occurs, the value of the Trustee's interest in the Property;
- (iv) moneys received from rent, profits or proceeds in relation to the Property or under any policy of insurance relating to the Property unless applied in restoration or repair; and
- (v) losses from physical damage to the Property, excluding losses from fair wear and tear and losses previously recovered and applied in restoration or repair of the Property or in reducing the Outstanding Balance.

(c) General Conditions

General conditions under the General Mortgage Insurance Policy include:

- (i) the Property must be insured against damage or destruction;
- (ii) the Trustee must not materially alter the terms of the Mortgage Loan;

-
- (iii) the Trustee must not enter into possession of the Property, take foreclosure action, appoint any receiver or manager or sell the Property without prior notice to the Mortgage Insurer;
 - (iv) the Trustee must not commence any legal proceedings in relation to the Mortgage Loan without prior notice to the Mortgage Insurer; and
 - (v) the Mortgage Loans must be properly managed by an approved mortgage manager.

(d) **Debtor default reporting**

A default by a Debtor must be reported in writing within 14 days of the end of the relevant month where the amount due by a Debtor is equal to or in excess of 3 (equivalent) monthly instalments.

The Trustee must advise the Mortgage Insurer within 14 days of the commencement of proceedings for the bankruptcy or winding up of a Debtor or guarantor or the occurrence of any default event other than those relating to payment of amounts due under the Mortgage Loan.

(e) **Consumer Credit Code**

Under the General Mortgage Insurance Policy, if the Consumer Credit Code applies to the Mortgage Loan, the Trustee must advise the Mortgage Insurer within 14 days where:

- (i) there is an application to materially vary the terms of the Mortgage Loan or postpone any enforcement proceedings;
- (ii) there is an application made to a court, or a court issues an order in respect of the Mortgage Loan; or
- (iii) the Trustee becomes aware or should be aware, of an act or omission in respect of the Mortgage Loan that may constitute a contravention of the Consumer Credit Code.

If any application is made to a court under the Consumer Credit Code in respect of the Mortgage Loan after a default or any application has been made prior to a default that has not been finally disposed of prior to that default then no claim shall be payable until the application has been finally disposed of.

If the Consumer Credit Code applies to the Mortgage Loan then the maximum loss in respect of an instalment shall be the amount of the instalment calculated in accordance with the provisions of the Consumer Credit Code as if that instalment was paid on the due date.

(f) **Time for claims**

Claims may be made upon:

- (i) sale or foreclosure of the Property;
- (ii) consensual sale by the mortgagor;
- (iii) compulsory acquisition or sale by governmental order; or
- (iv) a prior mortgagee having foreclosed or sold the Property,

and shall be lodged with the Mortgage Insurer within 28 days. If a claim is not lodged within 28 days the claim may be reduced for any loss suffered by the Mortgage Insurer as a result of that delay. As far as practicable claims will be settled within 28 days of the insurer's receipt of the completed claim and supporting documents.

(g) **Cancellation of insurance**

The Mortgage Insurer may, if it is so entitled, cancel the insurance by notice to the Trustee.

14. Taxation Considerations

The following is a summary of the material Australian tax consequences under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, "Australian Tax Act") of the purchase, ownership and disposition of the Notes by Note Holders who purchase securities on original issuance at the stated offering price and hold the Notes as capital assets.

This summary is general in nature and represents the basis of Australian law as in effect on the date of this Information Memorandum, which is subject to change, possibly with retroactive effect and should be treated with appropriate caution.

The following summary is not, and is not intended to be, exhaustive and does not deal with the position of all classes of Note Holders (including, dealers in securities, custodians or other third parties who hold Notes on behalf of any Note Holders and holders of Redraw Notes).

None of the Parties accepts any responsibility or makes any representation as to the tax consequences of investing in the Notes and Note Holders should obtain their own tax advice.

In particular, an Australian resident in receipt of interest through a permanent establishment outside Australia or a non-Australian resident (other than a non-Australian resident in receipt of interest through a permanent establishment in Australia) who holds Notes may be subject to restrictions on transfer of Notes and other constraints, risk or liabilities.

Such persons into whose possession this Information Memorandum comes are required to inform themselves about, and observe, all such restrictions.

14.1 The Progress 2018-1 Trust

The Trustee is entitled under current tax laws to deduct, against the Trust's income, all expenses incurred by it in deriving that income (including interest paid or accrued on account of the Notes). It is anticipated that there should not be any income of the Trust as at the end of each of the Trust's tax years in respect of which the Trustee could be personally liable for income tax (but rather the taxable income of the Trust is intended to be allocated to, and taxed in the hands of, AMP Bank Limited, as the Residual Income Unitholder of the Trust.)

14.2 Interest Withholding Tax

An exemption from Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act is available in respect of the Notes issued by the Trustee under section 128F of the Australian Tax Act if the following conditions are met:

- (a) the Trustee is a company as defined in section 128F(9) (where the only person capable of benefiting under the trust is a company other than a company in the capacity of trustee) and is either a resident of Australia or a non-resident carrying on business at or through a permanent establishment in Australia when it issues those Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid. Interest is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts;
- (b) those Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Notes are offered for issue. In summary, the five methods are:
 - (i) offers to 10 or more unrelated financiers or securities dealers;
 - (ii) offers to 100 or more investors;

-
- (iii) offers of listed Notes;
- (iv) offers via publicly available financial information sources; and
- (v) offers to a dealer, manager or underwriter who offers to sell those Notes within 30 days by one of the preceding methods;
- (c) the Trustee does not know, or have reasonable grounds to suspect, at the time of issue, that those Notes or interests in the Notes were being, or would later be, acquired, directly or indirectly by an Offshore Associate of the Trustee, other than in the capacity of a dealer, manager or underwriter in relation to the placement of the relevant Notes, or a clearing house, custodian, funds manager or responsible entity of a registered scheme (refer to section 128F(5) of the Australian Tax Act); and
- (d) at the time of the payment of interest, the Trustee does not know, or have reasonable grounds to suspect, that the payee is an Offshore Associate of the Trustee, other than an Offshore Associate who receives the payment in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme (refer to section 128F(6) of the Australian Tax Act).

Offshore Associates

Where, as in this case, the Trustee is a trustee of a trust, the entities that are associates of the Trustee for the purposes of section 128F of the Australian Tax Act include:

- any entity that benefits, or is capable of benefiting, under the trust ("**Beneficiary**"), either directly or through any interposed entities; and
- any entity that is an associate of a Beneficiary. An associate of a Beneficiary for these purposes includes an entity which controls or is controlled by the Beneficiary and any trusts under which those entities benefit.

However, for the purposes of sections 128F(5) and (6) of the Australian Tax Act (see paragraphs (c) and (d) above), an "Offshore Associate" means an "associate" of the Trustee (as defined in section 128F(9) of the Australian Tax Act and as summarised above), where the "associate" is either:

- (a) a non-resident of Australia that does not acquire the Notes or an interest in Notes in carrying on a business at or through a permanent establishment of the associate in Australia; or
- (b) a resident of Australia that acquires Notes or an interest in Notes in carrying on a business in a country outside Australia at or through a permanent establishment of the associate in that country.

Compliance with section 128F of the Australian Tax Act

It is intended that the Notes will be issued in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Note Holders in Specified Countries

The Australian Government has signed a number of new or amended double tax conventions ("**Revised Treaties**") with certain countries including the United States of America, the United Kingdom, Norway, Finland, the Republic of France, Japan, the Republic of South Africa, New Zealand, Chile, Switzerland and Germany ("**Specified Countries**"). The

Revised Treaties may apply to interest derived by a resident of a Specified Country in relation to a Note.

The Revised Treaties with the United States of America, the United Kingdom, Norway, Finland, the Republic of France, Japan, the Republic of South Africa, New Zealand, Switzerland and Germany effectively prevent withholding tax applying to interest derived by:

- (a) the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- (b) certain unrelated banks, and financial institutions which substantially derive their profits by carrying on a business of raising and providing finance, which are resident in the Specified Country,

by reducing the interest withholding tax rate to zero.

Under the Revised Treaty with Chile, interest withholding tax applying to interest derived by certain unrelated banks and financial institutions which substantially derive their profits by carrying on a business of raising finance, is reduced to the rate of 5%.

Under the Revised Treaties, back-to-back loans and economically equivalent arrangements will not obtain the benefit of the reduction in interest withholding tax and the anti-avoidance provisions in the Tax Act of Australia can apply. Additionally, under the Revised Treaty for the United States, interest determined by reference to the profits of the Trustee or one of its associated enterprises will not obtain the benefit of reduction in interest withholding tax.

Further, under the Revised Treaty for Japan, interest derived by the Japan Bank for International Cooperation or the Nippon Export and Investment Insurance will have a nil rate of withholding tax.

Payment of additional amounts

Despite the fact that the Notes are intended to be issued in a manner which will satisfy the requirements of section 128F of the Australian Tax Act, if the Trustee is at any time required to withhold taxes on payments of interest on any of the Notes, the Trustee is not obliged to pay any additional amounts in respect of such withholding or deduction.

14.3 Goods and Services Tax

Neither the issue nor receipt of the Notes will give rise to a liability for GST on the part of the Trust (which is treated as an entity for GST purposes) on the basis that the supply of Notes by the Trust will be either an input taxed financial supply or (in the case of an offshore non-resident subscriber) a GST-free supply.

Furthermore, neither the payment of principal or interest by the Trust, nor the redemption or disposal of the Notes, should give rise to any GST liability in Australia.

The supply of some services made to the Trust will be taxable supplies that will give rise to a liability for GST for the relevant service provider.

Where GST is payable by a supplier in relation to a supply made to the Trust:

- (a) in the ordinary course of business, the relevant supplier would either specifically charge the Trust an additional amount on account of GST or negotiate a GST-inclusive fee; and

-
- (b) where available, the Trust will claim a full input tax credit or a reduced input tax credit (generally equal to 75% of the GST payable by the supplier on the taxable supplies made to the Trust) from the Australian Taxation Office for its acquisition from the supplier. To the extent that an acquisition relates to GST-free supplies made by the Trust, full input tax credits will be available. However, to the extent that an acquisition by the Trust relates to input taxed financial supplies made by the Trust, the Trust will be restricted in its ability to claim input tax credits. However, a reduced input tax credit may be available if the acquisition falls within a category of "reduced credit acquisitions" prescribed in the A New Tax System (Goods and Services Tax) Regulations 1999.

To the extent that the Trust cannot claim a full input tax credit or reduced input tax credit, the expenses of the Trust will increase and the funds available for distribution by the Trust will be reduced. This may adversely affect Note Holders.

14.4 Other Tax Matters

Under Australian laws as presently in effect:

- (a) *income tax - offshore Note Holders* - assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, payment of principal and interest to a holder of those Notes, who is a non-resident of Australia and who, during the taxable year, does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income taxes; and
- (b) *gains on disposal of Notes - offshore Note Holders* - a holder of the Notes, who is a non-resident of Australia will not be subject to Australian income tax or capital gains tax on gains realised during that year on sale or redemption of the Notes, provided such gains do not have an Australian source and the gain is not derived in the course of carrying on a business at or through a "permanent establishment" in Australia. A gain arising on the sale of Notes by a non-Australian resident holder to another non-Australian resident where the Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia would not be regarded as having an Australian source; and
- (c) *income tax - Australian Note Holders* - Australian residents or non-Australian residents that hold the Notes through a permanent establishment in Australia ("**Australian Holders**"), will be assessable for Australian tax purposes on income either received or accrued due to them. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Note Holder. Special rules apply to the taxation of Australian residents that hold the Notes in the course of carrying on business through a permanent establishment outside Australia, which may vary depending on the country in which that permanent establishment is located; and
- (d) *gains on disposal of Notes - Australian Note Holders* - Australian Holders will be required to include any gain or loss on disposal of the Notes in their taxable income. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which may vary depending on the country in which that permanent establishment is located; and
- (e) *death duties* - no Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death; and

-
- (f) *stamp duty and other taxes* - no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes; and
- (g) *other taxes that may need to be withheld from payments in respect of Notes* - section 12-140 of the Taxation Administration Act 1953 of Australia ("**Taxation Administration Act**") requires certain entities to withhold an amount of tax, currently at the rate of 47%, from the payment of interest on certain registered securities held by residents of Australia or non-residents of Australia who derive interest under the Notes in carrying on business through a permanent establishment in Australia, unless the relevant payee has quoted an Australian tax file number ("**TFN**"), (in certain circumstances) an Australian Business Number ("**ABN**") or proof of some other exception (as appropriate). Non-residents of Australia will not be subject to withholding under section 12-140 if they are liable to Australian interest withholding tax, or would have been liable but for certain exemptions from Australian interest withholding tax (e.g. because the section 128F exemption has been satisfied). Payments to other classes of holders of Notes may be subject to a withholding where the holder of those Notes does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate); and
- (h) *ABN withholding tax* - payments in respect of the Notes can be made free and clear of the "ABN withholding tax" imposed under section 12-190 of the Taxation Administration Act; and
- (i) *debt/equity rules* - Division 974 of the Australian Tax Act contains tests for characterising debt (for all entities) and equity (for companies) for Australian tax purposes, including for the purposes of dividend withholding tax and interest withholding tax. As the Trust is not a company, the "equity test" could not apply to re-characterise the Notes as equity. As such, returns paid on the Notes should be "interest" for the purpose of section 128F of the Australian Tax Act. Accordingly, Division 974 will not affect the Australian tax treatment of holders of Notes.

14.5 Thin Capitalisation

The thin capitalisation rules (contained in Division 820 of the Australian Tax Act) deal with Australian resident groups and other Australian resident entities with overseas operations, where the relevant Australian resident entities are deemed to have excessive debt.

Under section 820-39 of the Australian Tax Act certain bona fide securitisation vehicles are exempt from the thin capitalisation rules. An entity will come within the exemption where the following conditions are met:

- (a) the entity is established for the purpose of managing some or all of the economic risk associated with assets, liabilities or investments (whether the entity assumes the risk from another entity or creates the risk itself);
- (b) at least 50% of the entity's assets are funded by debt interests; and
- (c) the entity is an insolvency remote special purpose entity according to the criteria of an internationally recognised rating agency applicable to the entity's circumstances.

The Trust is expected to satisfy the above conditions (and thus be exempt from the thin capitalisation rules).

14.6 Tax Consolidation Rules

The tax consolidation rules establish a system of tax consolidation of wholly owned groups of companies and trusts.

Under the tax consolidation rules, the Trust will not form part of a consolidatable group (and, as such, the consolidation rules will not adversely apply to it or the Trustee). The Trust will not constitute a head company for consolidation purposes (as the Trust is not a company). The Trust will not constitute an Australian subsidiary member, as no entity that is a head company or a member of an income tax consolidated group owns all the beneficial interests in the Trust.

14.7 Non-resident Withholding Tax

The tax legislation contains certain obligations to withhold an amount in respect of certain payments and non-cash benefits that are made to foreign residents. These rules apply to "payments" as prescribed by regulations.

Regulations introduced to date (covering casino gaming junket arrangements, entertainment and sports activities and construction contracts) will not affect the Trust. This is consistent with the non-resident withholding provisions which provide that the regulations will not apply to interest and other payments which are already subject to the current withholding tax rules.

Furthermore, regulations may only be made where the Minister is satisfied that the payment could reasonably be related to assessable income of foreign residents.

Accordingly, the regulations should not apply to repayments of principal under the Notes as such amounts will generally not be reasonably related to assessable income of foreign residents.

14.8 Taxation of Financial Arrangements

Division 230 of the Australian Tax Act sets out principles and rules for the tax timing and character treatment of gains and losses from "financial arrangements", which are broadly defined to include arrangements under which a taxpayer has "cash settleable" legal or equitable rights or obligations to receive or provide a financial benefit of a monetary nature in the future.

Division 230 sets out six methods of recognising the quantum and timing of the income and expenses arising from a financial arrangement – accruals, realisation, fair value, foreign exchange retranslation, hedging financial arrangements and reliance on financial reports.

The accruals and realisation methods are the default methods of taxation under Division 230. Unless a taxpayer elects to apply the fair value, foreign exchange retranslation, hedging financial arrangements or reliance on financial reports methods, gains and losses arising from financial arrangements will be treated as assessable or deductible on an accruals basis or realisation basis.

Broadly, the accruals tax-timing method will apply where there is a sufficiently certain overall gain or loss or a sufficiently certain particular gain or loss in respect of a financial arrangement. If there is neither a sufficiently certain overall gain or loss nor a sufficiently certain particular gain or loss in respect of a financial transaction, it will be subject to the realisation tax-timing method.

Generally, the rules treat gains as assessable and losses you make in gaining or producing your assessable income as deductible.

The rules effectively remove the capital/revenue distinction for income and expenses from most financial arrangements by placing them on revenue account.

Division 230 applies to all financial arrangements that a taxpayer starts to have during income years commencing on or after 1 July 2010, unless specifically exempt under the Division, or where the taxpayer elects to apply Division 230 early to income years commencing on or after 1 July 2009. To date, various amendments have also been made and proposed to the

provisions. Nevertheless, the Trustee will remain tax neutral in that the Trustee will not be liable for any Australian income tax on the income of the Trust.

15. Foreign Exchange Controls

15.1 Sanctions and Limitations

In accordance with the Autonomous Sanctions Regulations 2011 (Cth) (the "**Autonomous Sanctions Regulations**") the Minister for Foreign Affairs and Trade must grant a permit authorising the making of certain supplies or the provision of certain services (including the provision of financial assistance or a financial service (as defined in the Autonomous Sanctions Regulations)) involving or connected with individuals, entities or governments listed for this purpose in the Autonomous Sanctions Regulations.

15.2 Australian Ministerial Approval

Under Part 4 of the Australian Charter of the United Nations Act 1945 and related regulations the approval of the Australian Minister for Foreign Affairs, or the Minister's delegate, is required with respect to certain payments and actions in relation to an asset proscribed or listed under, or which is owned or controlled directly or indirectly by a person or entity proscribed or listed under those regulations or is an asset derived or generated from such assets. The Australian Department for Foreign Affairs and Trade maintains a consolidated list of all such proscribed and listed persons and entities, which is publicly available on its website. The identity of such proscribed persons or entities under those regulations may change in the future.

16. Subscription and Sale

16.1 Australia

Each of the Joint Lead Managers will represent and agree that:

- (a) the Information Memorandum has not and no prospectus or other disclosure document in relation to the Notes has been lodged with or registered by ASIC;
- (b) it has not offered for subscription or purchase or issued invitations to subscribe for or buy nor has it sold the Notes, and will not offer for subscription or purchase or issue invitations to subscribe for or buy nor will it sell the Notes, and it has not distributed and will not distribute any draft, or definitive offering memorandum, advertisement or other offering material relating to the Notes in the Commonwealth of Australia, its territories or possessions, unless:
 - (i) the minimum aggregate consideration payable by each offeree is a minimum amount of A\$500,000 (calculated in accordance with section 708(9) of the Corporations Act and Regulation 7.1.18 of the Corporations Regulations 2001(Cth)) or the offer, invitation or issue is otherwise an offer, invitation or issue for which no disclosure is required pursuant to Part 6D.2 of the Corporations Act;
 - (ii) the offer or invitation is not made to a person who is a "retail client" within the meaning of section 761G of the Corporations Act; and
 - (iii) the offer, invitation or distribution complies with all applicable laws, regulations and directives and does not require any document to be lodged with ASIC.

16.2 General

Each of the Joint Lead Managers severally (and not jointly) represents, warrants and agrees that it has not and will not authorise any other person to, directly or indirectly, offer, sell, resell, reoffer or deliver Notes or distribute the Information Memorandum (in preliminary or final form) or any circular, advertisement or other offering material in relation to the Notes (or take any action, or omit to take any action, that could result in it directly or indirectly, offering, selling, reselling, reoffering, delivering or distributing as aforesaid) in or from any country or jurisdiction except under circumstances that will result in compliance by it with all applicable laws and regulations thereof, and all offers and sales of Notes by it will be made on the same terms in all cases at its own expense.

17. Transaction Documents

From the date hereof and for so long as the Notes are outstanding, copies of the following documents will be available for inspection during usual business hours on any weekday (Saturdays, Sundays and public holidays in Sydney excepted) at the office of the Trust Manager and at such other office as may be reasonably requested by a Note Holder and agreed by the Trust Manager:
